SHORTAGE OF TAPESTRY BRICKS holds up construction of International Business Machines plant here. This was revealed by covering over sidewalls and wheelbarrows left upside down by masons as they left the project to await delivery of more materials. (Freeman Photo).

Two Men Killed In Rt. 209 Crash

Storm Toll Is Now 54

H-BOMB VICTIM — Aikichi Kuboyama, 39, who was aboard the Japanese fishing vessel "Lucky Dragon" when it was burned by ash from an American H-bomb blast, is shown during a recent news conference in Tokyo where he and 21 other members of the vessel's crew are being treated. Since the interview, Kuboyama's condition has become worse and he has been in a coma more than 30 hours. His condition is regarded as critical. (AP Wirephoto).

Search Goes On For Those Missing

Boston, Sept. 2 (AP)—Repair crews and public health experts worked feverishly today to avert further perils to health and safety as the aftermaths of Hurricane Carol which gave New England a multi-million-dollar battering Tuesday.

Other workers and volunteers had the unhappy task of searching for missing persons, many of them children.

Fifty-four persons were known to have been killed by the hurricane.

NINETEEN ARE listed as missing, including a 10-month-old baby girl swept from the arms of her mother, Mrs. Robert M. Crosby, 25, of Brockton, Mass.

Fully one-third of New England was reported without electrical power early today, posing a mammoth health problem since an estimated 3½ million persons had no means of refrigeration to keep foods fresh.

Emergency repair crews were brought into New England from points as far as Pennsylvania and Michigan to restore telephone and electrical service.

TREE SURGERY experts also were brought here to direct the clearance of the jungle of broken and uprooted trees which cluttered most of New England's streets and parks and private properties.

Massachusetts, meanwhile, took steps last night to avert a wholesale spoilage of food and contamination of drinking water, threatened by lack of refrigeration and powerless pumps.

A National Guard plane was put into use to establish a dry ice air lift between Boston and a big Newark, N. J., manufacturing plant.

New York Area Works 24 Hours on Havoc

New York, Sept. 2 (AP)—Emergency light, power and highway crews continued round-the-clock activities today to clean up the havoc wrought by Tuesday's hurricane in the New York metropolitan area and on Long Island.

Meanwhile householders were still busy pumping out cellars and boat owners were repairing pleasure craft damaged by the storm.

ON LONG ISLAND yesterday about 75,000 families were still without electricity. Some 11,000 telephones were still out of service.

Normal service was reported for all Long Island Rail Road trains except for an 11-mile stretch from Amagansett to Montauk. Railroad tracks were

(Continued on Page 15, Col. 1)

Auto Hits Napanoch Road Span

Both Victims Had Fractured Skulls

A 23-year-old sailor was killed instantly and his passenger, 41, was fatally injured when the automobile in which they were riding crashed into a bridge structure along Route 209 at Napanoch early today.

Otha Killpatrick, an electrician's mate, second class, attached to the U. S. Navy Training Center at Poughkeepsie, was thrown from his automobile down 20 feet to the dry creek bed at 3 a. m. today, state police reported.

A PASSENGER, Hebron Murphy, 41, of 926 Sixth street, Washington, D. C., was also thrown from the car, landing on the pavement. He was taken to Veterans' Memorial Hospital at Ellenville, where he died at 4:25 a. m. today.

The deaths marked the county's 13th and 14th this year in traffic accidents. Seven deaths have occurred since August 15. Prior to that fatalities numbered seven on July 18.

BOTH MEN DIED of fractured skulls, troopers said. Dr. Charles A. Rosenstock, an Ulster county coroner, is investigating.

Killpatrick's home address was listed as RD 5, Haleyville, Alabama.

Troopers John Huntoon and C. Searles of the Ellenville station reported automobile apparently was traveling in a northerly direction, negotiating a right curve, when it struck the steel structure of the bridge.

The car, a 1954 two-door sedan, was owned and operated by Killpatrick, the troopers said. Apparently no other vehicle was involved.

NATO May Visit U.S. For Parley

Would Have Talk In New York City

Washington, Sept. 2 (AP) — United States officials tend to favor an emergency meeting of the North Atlantic allies' foreign ministers at New York late this month to seek agreement on west Germany's role in the defense of western Europe.

The most workable solution now available, in the opinion of top officials here, is for the 14 members of the North Atlantic Treaty Organization to make Germany a member with some safeguards to prevent a revival of German militarism along with German rearmament.

French rejection of EDC produced a demand from the west German government for complete independence from the allied occupation and a new western defense arrangement "without discrimination against German troops." In its communique bidding for equal status with the allies, Chancellor Konrad Adenauer's cabinet pointedly excluded France from the nations it said should negotiate the new military alliance.

CAPITALS OF the western nations have thrown out a series of suggestions for dealing with the German problem since the French assembly buried the European Defense Community project under a heavy vote Monday. Out of this widespread diplomatic upheaval several points are coming clear:

1. The U. S. and British governments both hope for German membership in NATO, which requires unanimous approval of the 14 members. Press reports said the Churchill cabinet so decided at London yesterday. and Secretary of State Dulles had indicated a U. S. position to that effect in calling Tuesday for an emergency NATO session to deal with the problem.

2. French Premier Mendes-France would like some kind of solution which would amount to an EDC substitute or "Little Nato" arrangement, or possibly second-class status for West Germany in the full NATO organization. American and British officials feel, however, that in letting EDC die, Mendes-France lost his last opportunity to impose any such long-time restraint upon Germany's future position and behavior.

3. WASHINGTON HAS acted with deliberate slowness in some respects to encourage the Euro-

Nixon Says GOP Win Is Necessary

Newsmen Hear Private Remarks

Cincinnati, Sept. 2 (AP) — Vice President Nixon, beaming confidence in public, has warned the Republican National Committee in private the party must come out on top in the 1954 Congressional contests or face political extinction.

If the Republicans fail, "the swing is going to be completely to the left and the Republican Party will be as dead as the Dodo bird," Nixon said yesterday.

His pep talk to the National Committee, holding a workshop conference in Cincinnati, was behind closed doors. But his remarks were overheard by reporters.

IN PUBLIC he forecast a record-smashing vote would give Republicans better control of both Houses, where it now holds narrow margins. But in private he said:

"I think this election is a

(Continued on Page 15, Col. 3)

Official Invites Direct Contact With His Agency

S. Burrell Schwarzwaelder, local superintendent of buildings, noting that the city's Department of Buildings is still new to the public, said today he invites all interested persons to inquire directly at the department's office in the municipal building on East O'Reilly street, if they have problems to be solved or questions to be answered.

Information recently received at the office, he said, has indicated that "street rumors" have given false impressions of the functions of the department as it is now established, and because of this, he urged all to make direct contact with his office.

ONE RUMOR circulated, he said, was to the effect that the department did not accept checks for permits. Checks or cash is acceptable for all types of permits whether they are for oil burners, fire escapes, general building or renovations.

"I am willing at all times to confer with builders or contractors or with anyone seeking information from the department, he emphasized.

New building regulations have set up a fee scale for permits, and the superintendent again released these for publication for the benefit of those who have not yet taken note of the charges.

THE FEE SYSTEM provides that where the total estimated value of the work to be done is up to $1,000, the permit fee is $5. For each additional $1,000 or fraction thereof up to and including $15,000, the charge is $3. For each additional $1,000 or fraction thereof up to an including $50,000 the charge is $2, and for each additional $1,000 or fraction exceeding $50,000, $1 will be charged.

Regulations also provide that in the event that an application for a building permit is not approved, the applicant shall be entitled to a refund of 50 per cent of the fee paid, provided no construction has been started. If work has been started, and the application is not approved, the fee shall not be refunded.

Claims Proof China Reds Given Spearhead Work

Lodge Tells Legion He Has Evidence Of Communist Plan to Conquer Asia

Washington, Sept. 2 (AP)—Ambassador Henry Cabot Lodge Jr., said today he has proof that the Chinese Communists five years ago were given the job of spearheading "an organized Communist attempt to conquer all of Asia."

Lodge, U. S. representative to the United Nations, told the American Legion in a prepared talk that this is one of several reasons why admitting Red China to the UN "would be an insult to the entire principle of collective security."

THE AMBASSADOR spoke to weary delegates, on the final day of their 36th annual convention, as they struggled through a business logjam, dominated by anti-Communist resolutions and including several strongly opposing UN membership for the Peiping regime.

Lodge made these other points:

1. The United States is prepared to back a move at this month's UN session, if Thailand wishes, to send U. N. peace observers to the Indochina area "so that would-be aggressors will know that they are being watched."

2. Nearly all of the 1,800 Americans employed at the UN have been given full security investigations and there is now "absolutely no excuse for employing one single American Communist at the United Nations."

3. Pro-Communist President Arbenz of Guatemala, upon resigning, abandoned personal papers including Communist books which prove "how communism sought to penetrate Central America."

LODGE SAID "Communist conspirators" from 20 nations met at Peiping in November 1949 for "a so-called 'trade union conference,'" and he continued:

"The Chinese Communists, in close collaboration with the Soviet Union, were at that time given the job of spearheading the conquest of Asia.

"The chief method—and I quote from the chief Chinese Communist delegate himself—

Attlee Says Mao Sought U. S. Shift

Briton Says Own Proposition Made

By Fred Hampson

Hong Kong, Sept. 2 (AP)—Former Prime Minister Clement Attlee disclosed today he countered appeals by Red Chinese boss Mao Tze-Tung that he try to engineer a shift in U. S. foreign policy by suggesting Mao urge Russia to mend her ways.

Attlee, just arrived with seven other touring British Laborites from an 18-day visit behind the Bamboo Curtain and 3 days in Moscow, revealed for the first time details of his talk with Mao.

He said when Mao urged that British Laborite leaders try to influence the United States to pull out of the Formosa Straits and cease rearming Japan and West Germany, he suggested in turn that the Communist boss use his influence with the Kremlin to try to make Russia:

1. Give her people more freedom.

2. Ease restrictions on her satellite states.

3. Stop trying to undermine other governments.

4. Reduce Soviet armaments.

ATTLEE SAID neither he nor Mao made any promises regarding the other's proposals.

Commenting on his tour, Attlee said he had found Chinese communism more tolerant than the Soviet variety. He said the Chinese Reds are slower and more careful in absorbing businesses, industry and farms.

"There is less rigidity in China than in Russia," he declared.

Aneurin Bevan and six other members of the party left by plane to visit Tokyo today. Attlee will remain here until Saturday, then fly to Singapore and Australia.

Attlee said he had found Red China about what he expected and that the "eyewash" was not excessive.

THIS WAS an apparent reference to his statement in London before making the trip that

Woman Is Drowned at Area Resort

Body Recovered At Lake Mohonk

The body of Miss Amelia DeComps, 68, retired New York schoolteacher, was recovered about 11 a. m. Wednesday at Lake Mohonk.

Employes at the resort had been searching for the guest since about 9:30 a. m. when a handbag and other items belonging to her were found on a pier. Divers located the body in 16 feet of water, state police were informed.

CORONER Michael A. Galietta issued a verdict of accidental death by drowning. He said that his investigation along with state police of the Highland station led to the belief that Miss DeComps had walked out on the pier and lost her balance, falling into the water.

The body was fully clothed, troopers said.

Miss DeComps had been a regular summer guest at Lake Mohonk for several years, Coroner Galietta said, and had been there since June 15 this year. A sister, Antoinette DeComps, was also staying at the resort, he said.

Miss DeComps resided at 1072 Carroll street, Brooklyn. Her body was taken to Fairchild's Funeral Home, Brooklyn.

Treasury Receipts

Washington, Sept. 2 (AP)—The cash position of the treasury Aug. 30: Balance $5,550,259,433.89. Deposits fiscal year July 1 $8,141,008,111.28. Withdrawals fiscal year $12,653,669,529.43. Total debt (X) $274,882,888,364.42. Gold assets $21,808,522,570.92. (X) includes $535,294,048.47 debt not subject to statutory limit.

Bridge Contract Gets Approval

Preliminary work on piers on the east side of the Hudson for the Kingston-Rhinebeck bridge is now under way and final approval has been given the contract for the super structure, it was learned today.

B. D. Tallamy, state public works superintendent, whose approval was required on the contract for the superstructure, signed his approval yesterday. The N. Y. State Bridge Authority had awarded the contract to the Harris Structural Steel Co., of New York, some time ago, and the contractor may now start ordering the steel, which is to be made to order.

WORK IS progressing on the piers on the west side of the river and the bridge authority today indicated progress toward the finishing of both the eastern and western approaches. The western approach is expected to be completed this month.

The Merritt-Chapman & Scott Corp., of New York, contractor for the substructure several days ago sunk a caisson for one of the large river piers and is working on the site of another river pier.

W. Hurley To Vote on Bond Sale

$155,000 Sought For School Work

Union Free School District No. 5, West Hurley, will vote Friday, on a $155,000 bond issue to finance construction of an addition to the present school building.

A second proposition to be voted on at the same time involves the proposal to purchase 1.3 acres of additional school land at a cost of $1,000.

THE PROPOSED schoolhouse addition will contain four new classrooms, one of which will be used for a kindergarten. In addition there will be an all-purpose room, a kitchen and a board room. Augustus B. Schrowang is the architect.

The land designated in the second proposition is located directly in back of the present school and could be used for any future expansion.

PROPONENTS OF the proposal to construct the addition contend it is necessary because of the increased school census.

A meeting of qualified voters of the district will be held at 7 p. m., immediately before the voting. Balloting will take place from 7:30 to 10:30 p. m.

Trustees of the Union Free District are Robert Nussbaum, president; James Hogan, and Clayton W. Vredenburg.

President Cites Progress

Fraser, Colo., Sept. 2 (AP)—President Eisenhower said today enactment of legislation broadening the social security and unemployment compensation programs made 1954 "a year of unusual progress toward greater economic security for all our citizens." Eisenhower said this in a statement announcing the signing of a bill extending jobless pay benefits to about four million more workers—federal employes and those on the pay rolls of firms with four or more workers. The present federal law applies only to firms with eight or more employes. The change takes effect Dec. 31, 1955.

'Pachuco', Smart-Aleck Symbol, Sweeps Nation

Los Angeles, Sept. 2 (AP)—The tattooed mark of the Pachuco has swept across the nation as a symbol of modern day youthful hoodlumism.

Its common form is a cross with a sort of halo of dots, made with a pin or knife and ink on the web between the thumb and forefinger, or on the arm or chest. It puzzles and worries civil and military authorities in many areas, but in Los Angeles it is old stuff, considered virtually passe.

IS IT SMART-ALECK feeding of the young ego, naive copy-cat activity or sinister secret terrorist organization?

A Los Angeles authority, Police Lt. Richard D. Whitely of the juvenile detail and former commander of the gang detail established in 1948, said today he has no evidence of any national organization of Pachucos.

On the contrary, he said, the youthful gangs of this and other large cities in which there may be Pachuco members have no formal organization; no officers, dues, bylaws or rules. The fellow who is the toughest and talks the best is the leader; the "organization" is confined to tight geographical or neighborhood boundaries.

THE PACHUCO tattoo has appeared recently on 30 airmen at Chanute AFD, Ill.; in Kansas City, in Des Moines, Iowa, where police called it "juvenile copy-cat stuff;" at Lack Land AFB in Texas, at Sampson AFB, Geneva, N. Y.; on five AWOL men at Lockbourne AFB, Ohio; in Columbus and the Ohio State Penitentiary; at Ft. Campbell, Ky., and nearby Clarksville, Tenn.; on civilians in Omaha, Neb., Chicago, New York and on two former bar girls in vice-ridden Phenix City, Ala.

Lt. Whitely, who flew to Chanute to advise the military on the Pachuco problem, said:

"I AM CONVINCED that this recent spread is simply a symbol of unsocial youth. One boy hears about it, or sees the mark on somebody else in jail or in the military guardhouse, and thinks it would be a good idea to have his own mark to boast about.

(Continued on Page 15, Col. 1)

Million Car Travel Forecast

New York, Sept. 2 (AP)—Given good weather on the last summer holiday weekend, the Automobile Club of New York said today more than a million cars would crowd metropolitan area highways here.

The weather bureau said the outlook for Saturday was for fair weather.

Heaviest traffic is expected, under this condition, on the city's Belt and Grand Central parkways, the Southern and the Northern state parkways, the Sunrise highway and Jericho turnpike on Long Island; the Taconic, Saw Mill and Hutchinson River parkways in Westchester county; roads leading to New Jersey points, N. J. 17 and N. J. 4; and the Merritt parkway, U. S. 7 and U. S. 1 in Connecticut.

ONE VERY BAD trouble spot, the club said, would be N. Y. 17 in the Ramapo Mountain area, where New York thruway construction might cause some unusual delays.

The club said it and the state police recommended as an alternate, following the Westchester parkways to the Bear Mountain Bridge, to U. S. 9W north to the intersection of N. Y. 17K or N. Y. 52.

Peak travel hours are expected to be from 4 to 8 p. m. tomorrow; 8 a. m. to noon Saturday and 4 to 11 p. m. Monday, with returning summer residents of shores and mountains swelling the holiday-weekend traffic.

Eisenhower's Plea To Dewey Reported

New York, Sept. 2 (AP)—The New York Herald Tribune said today that Vice President Nixon carried a plea from President Eisenhower to Gov. Thomas E. Dewey to seek reelection.

Nixon made the plea when he and Dewey met at the National Governors' Conference at Bolton Landing, N. Y., in mid-July, the story said.

"The vice president himself also urged the governor to run," the newspaper said, "on the ground that he would be the strongest candidate the state party could nominate in what private polls indicate will be a tough election year in New York state."

Dewey has not given his final word on whether he will seek a fourth four-year term this fall. U. S. Sen. Irving M. Ives, a close political friend of the governor, has been mentioned most prominently for the nomination in the event Dewey does not seek reelection.

Rep. Franklin D. Roosevelt Jr., and Averell Harriman, former mutual security administrator, are seeking the Democratic gubernatorial nomination.

The nominations will be made at the party state conventions next month.

The Herald Tribune gave this account of the Nixon-Dewey conference:

"Coupled with the presidential request....was a re-emphasis of the Eisenhower policy that he would not insist that any man run for office against his will....

"The President's desire that the governor seek reelection was interpreted by some observers as all but a 'command' by the head of the party and a major factor in the governor delaying announcing his intentions after he had confined in friends that

Espionage Ring Broken, Philippine Army Says

Manila, Sept. 2 (AP)—The Philippines army announced tonight it has broken a "sinister Communist espionage ring" trying to sabotage the southeast Asia Security Conference opening here Monday.

The army said Dr. Hong Ki Khung, alias Kyung Ki Chang, 35-year-old Korean National, is under arrest in connection with the plot.

The doctors had "voluminous papers pertaining to mechanics and organizational procedure of the forthcoming Seato conference including drafts of various proposals of participating nations. . . ." the army said.

The announcement added intelligence agents of three governments have established that the doctor is "a member of a gigantic international espionage ring organized specifically to spy on the forthcoming top level talks. . . ."

The arrest came as the Philippines sought action by working committees on a "Pacific Charter" against Communist aggression.

President Ramon Magsaysay said he will seek adoption by the

Cartoonist Technique

Fort Eustis, Va. (AP) — Kenneth P. Klinger was picked for the job because he had 17 years experience as a cartoonist for the Cleveland Plain Dealer. "All I had to start with was some wrapping paper, a bottle of India ink and two brushes," he recalls. Today Lt. Col. Klinger commands a 60-man visual aids section of the Army Transportation Corps which has turned out over 50,000 training aids such as transparent models of engines, wiring systems, charts and diagrams. They have revolutionized and speeded up the training of personnel.

Unwelcome Hitch Hikers

Lynchburg, Va. (AP)—Two sailors parked their car here on a hot day and went into the YMCA to get cooled off. They got a hot reception on their return—a swarm of bees had occupied the car.

TVA Is Resisting Capital Pressure

Washington, Sept. 2 (AP)—The Tennessee Valley Authority (TVA) is resisting administration pressure to join in a contract with a private power combine to furnish electric power which would serve TVA customers.

President Eisenhower, in a directive sharply criticized by a number of Democrats in Congress, has told the Atomic Energy Commission to sign a contract with the private combine, known as the Dixon-Yates group, for 600,000 kilowatts of power to be delivered to TVA at Memphis, Tenn. The power would replace energy TVA furnishes to AEC for its plant at Paducah, Ky.

TVA, it was disclosed last night, has written to the Budget Bureau protesting that it is under pressure from the bureau and AEC to go ahead with the contract although "AEC has made available to us no more than selected excerpts from the draft agreement."

THE TVA LETTER, signed by Board Vice Chairman Harry Curtis and addressed to Budget Bureau Director Rowland Hughes, continued:

"They have informed us that in their opinion these are the only provisions which concern us, but you can understand that this is a conclusion which we would want to arrive at independently after a careful analysis of the whole instrument. . . ."

Democratic National Chairman Stephen Mitchell has termed the proposed Dixon-Yates contract "a raw deal," but Eisenhower has defended it as in the public interest. Democrats in Congress sought to block the contract during debate on a bill to revise the atomic energy law, but failed.

Necessary Germs

Of the 2000 known kinds of germs and bacteria, only about 100 are believed to be harmful. The other 1900 varieties are necessary to life in one manner or another.

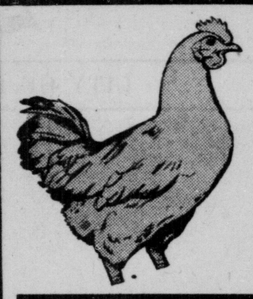

Railroad Adviser Coming

A representative of the Railroad Retirement Board will be at the New York Central Freight Station, 545 Broadway, between 10 a. m. and 4 p. m. Wednesday, Sept. 8, to assist the railroad worker, his wife, widow or survivors in retirement and survivor problems and to answer any inquiries which they may have in connection with the Railroad Retirement and Railroad Unemployment Insurance Acts.

It is incorrect to speak of Russians as "Soviets" since soviet means a governing body.

Wawarsing Group Maps Plans for Chest X-Ray Work

An enthusiastic group of leaders from the Township of Wawarsing met Monday night with Supervisor Lawrence Craft, chairman, at the Maple Avenue School to map initial plans for the coming mass chest X-ray survey to be held in Ellenville, Kerhonkson and Napanoch.

Attending were Dr. Dudley W. Hargrave, county commissioner of health; Miss Katherine M. Murphy, executive secretary of the Ulster County TB and Health Association and Joseph Merola, health education assistant of the TB and Health Association.

MISS MURPHY explained in detail the work of each committee and the importance of each member working for the success of the chest X-ray survey. She told of the role of the Ulster County TB and Health Association which is cooperating with the sponsor, the Ulster County Health Department. She said the Christmas Seals group is responsible for the organization, promotion, publicity and other supplementary costs.

Dr. Hargrave told the committee members of the medical aspects of the chest X-ray. The New York State Department of Health unit will be set up in various areas of the county this year to take the X-rays. He said that through a mass survey of this kind it is possible to locate persons who may be afflicted with tuberculosis, lung cancer and certain heart and other conditions. By detection in their early stage, he pointed out, these diseases can be controlled much more readily. Dr. Hargrave urged all to do their best to bring out all persons over 15 especially the older people for the X-ray since the incidence of these diseases is highest in the above 45 age group.

Two new public health nurses for Wawarsing, Miss Janet Dinardo and Miss Helen Thoren, also were present at the meeting.

DR. HARGRAVE pointed out the work of the public health nurses in the follow-up program which is carried on by the Ulster County Department of Health through the cooperation of the family physician of each individual who have some significant finding in their chest.

Dates and places for the chest X-ray in Wawarsing are: Ellenville, Hunt Memorial Square, Sept. 28 and Oct. 8; Napanoch, opposite Post Office, Sept. 29; Kerhonkson, at the fire house, Sept. 30.

A meeting of all workers including committees on location, publicity, transportation, canvassing, industries, businesses, hostesses and organizations will be held at the school Sept. 13 to complete arrangements for the survey.

Boy Scout News

With its theme, Rise With the Tide of Boys, 250 scout executives, assistant and field executives of Region Two, Boy Scouts of America, will attend their annual training conference this year at Colgate University, Hamilton, beginning September 7 and ending the 11th. The executives, their wives and children will total about 400 persons.

The region comprises 71 local councils in New York, New Jersey and Puerto Rico with 285 professional leaders administering the programs to 434, 802 Cub Scouts, Boy Scouts, Explorers and adult volunteer leaders in 10, 287 Cub Packs, Boy Scout troops and Explorer units.

REPRESENTING Rip Van Winkle Council, with headquarters here will be two men, Scout Executive George V. Dennis of Kingston and Field Executive Francis W. Teel of Saugerties.

The men will take a variety of training courses dealing with scouting administration. In addition there will be three special speakers.

Dr. Pliny H. Powers of New York, deputy chief scout executive, will make the keynote address Tuesday evening and present the challenge to the executives on the final evening, September 11.

HAROLD F. POTE of Scarsdale, national director of personnel of the Boy Scouts of America, will speak Wednesday evening on Our Favored Profession and Our Code. Dr. Kenneth McFarland of Topeka, Kan., educational consultant and lecturer for General Motors, will speak Friday evening, Sept. 10.

Assistant Dean William S. Griffin will welcome the executives to Colgate University and Lyndon J. Howlett of Morrisville, will welcome them in behalf of the Madison County Council, Boy Scouts of America, of which he is vice president.

WISE POTATO CHIPS

Traffic Officer Given No. 2 School

Traffic protection for children at Public School No. 2 will be instituted this year, it was announced today.

Mayor Frederick H. Stang informed the press today that a patrol officer would be stationed there through an arrangement worked out between him and Alderman Arthur Smith of the Eighth ward.

Smith said he and the mayor held several conferences about stationing an officer at the intersection of West Chestnut street and Montrepose avenue, after parents requested protection for children directly in front of the school.

Body Necessity

Salt is necessary to the body because it dissolves the protein in the blood, and protein can become the basis of living material only when it is in solution, according to the Encyclopedia Britannica.

Warning Shadow Shown at Rotary

The Warning Shadow, a movie produced by the American Cancer Society and the National Cancer Institute, was shown at the Rotary Club luncheon-meeting Wednesday. The film graphically illustrated that the best "insurance" against death from lung cancer is to have your chest X-rayed twice a year.

It also was brought out that a man over 45 is six times as likely to develop lung carcer as a man of that age 20 years ago. Doctors know that their chances of saving your life will be many times greater if they detect cancer when it is still only a "warning shadow" on an X-ray film, long before you notice any symptom in yourself.

Emil Boessneck was formally presented with a monument for his exhibition at the recent Rotary golf tournament. James P. Byrne made the presentation.

American farmers grow about 350 different crops.

SUICIDE ON THE HIGHWAYS

Nearly half a century ago, America was struck by one of history's greatest disasters—the San Francisco earthquake and fire. Generations have quailed at this night-marish tragedy and at the appalling loss of 452 persons.

In a few days the nation will suffer an equal disaster if the National Safety Council statisticians are right and their estimates usually are conservative. The Council says 450 persons will meet sudden death on America's highways during the three-day Labor Day weekend.

The American Automobile Association submits the following suggestions that you will do well to follow if you want to get back safely from your Labor Day drive!

Don't drive too far in one day (200 to 250 miles should be enough.)

Check your car for mechanical imperfections before you leave.

If you become sleepy on the road, pull off to a safe parking spot and take a nap.

Don't drink alcoholic beverages on the day you are going to drive.

If you want to admire the scenery, pull off the road and stop. If you merely slow down, this causes others to take chances in getting around you.

In bad weather and at night, decrease speed and increase distance between cars.

Many people will be picnicking over the holidays. Be especially alert around picnic areas for cars pulling onto or off the highway.

If enough of us drive like this, we can play havoc with the gloomy figures of the statisticians.

And the statisticians will be very happy to be wrong.

VAST CALAMITY

The East Pakistan flood has covered an area as large as Illinois, and washed 15,000,000 persons from their straw shacks and mud huts. Because of the density of its population Asia seems to surpass in great calamities, just as it leads all other continents in size.

China has had particularly bitter experiences with the floods of the Yellow River. "China's sorrow," as the Chinese call it, carries huge deposits of silt from the mountains. These elevate the embankments that the Chinese build to keep the river from swamping the plains on either side. In the rainy season the Yellow River presents a mile breadth of water, 70 feet deep; the whole retained within huge dykes. Let one give away, and as happened once, a stream 30 miles wide and 10 feet deep, traveling 20 miles an hour, rushed over the plains. No man could escape in a plain where it may take hours to reach a hillock three feet high. The flood of 1887 is thought to have destroyed 7,000,000 people.

When the flood is over, the Chinese return. The soil is too rich for any farmer to resist the temptation. The new embankments will last a while, and in the meantime the peasants will live in constant peril.

Something like this has been happening in East Pakistan, where high tides have just pushed the rivers back. No one has yet been able to find a remedy for calamities so vast.

The latest model automobiles outdo some humans, we fear. They shift for themselves.

THE DANCER RETIRES

Native Dancer, called by many racing experts the greatest race horse of our generation, perhaps of our time, has been retired from competition. His owner decided to retire the "Gray Ghost", as he came to be called by sportswriters, because of a hoof injury. In the course of a three year career he earned $785,240 in purses and won 21 out of 22 starts. His only loss was in the Kentucky Derby.

It is inevitable that Native Dancer should be compared to the great Man o' War, who dominated racing in 1919 and 1920. Man o' War started 21 races and he, too, was beaten only once. Comparison between the two is impossible, as it is between any competitors of different eras. Suffice it to say that both were great horses, both left marks for later rivals to shoot at.

'These Days'

By GEORGE SOKOLSKY

LEADER NO MORE ....

It is evident, from all that is happening in the world these days, that the United States is no longer the world leader. There will be Americans who will regret this change of position, but there is nothing that can be done about it. As a matter of fact, there is no world leader.

Beginning with the Marshall Plan, the American concept of world leadership was to export capital to any country that would take it, for the purpose of strengthening that country, and to win it to our foreign policies. The countries were strengthened and, as each one felt the sap of renewed vigor, it sensed the necessity for independence from the United States. It would be possible to withdraw all aid and then some of these countries would flop on their faces, but that is not American policy. We go on strengthening these countries with our aid despite their open antagonism to us.

Great Britain, for instance, is the real stumbling block to the European Defense Community. As Great Britain will not join it, why should France? Why should anybody? Sir Winston Churchill has for a decade spoken eloquently about a European Union, but there is not a scintilla of evidence that he has ever done anything about it and, in the recent show-down with Premier Mendes-France, he missed the chance of putting France into the E.D.C. If Churchill insists on Great Britain staying out, what arguments can the spell-binder produce for getting Mendes-France to put his country into it?

"Le Dauphine Libere" asks a very wise question:

"Will Churchill encourage the supporters of the treaty to put it rapidly into application? One must not forget the responsibility which Britain bears because of her abstention and hesitation. He might at any rate hold out the hope that she would ultimately rally to the EDC once the community had become a tangible reality. . . ."

Perhaps the answer lies in a speech delivered by Kuo Mo-jo, Vice Chairman of the National Committee of the Chinese People's Political Consultative Conference, at a reception in honor of Clement Attlee in Peking, when he said:

"Our distinguished guests here are well aware that since the end of the Second World War, as a result of the practice of the 'policy of strength,' of arms drives and war preparations, the world has been sharply divided into two groups—the East and the West—and the contacts between them have been artificially prevented, the cultural interchange and trade between them obstructed. This has caused the international situation to become tenser day by day and has constituted a great menace to world peace.

"Faced with the menace, an increasing number of people have in the last few years expressed a common desire. They demand that the different countries of the world resolve international disputes through negotiation so that the international tension may be gradually eased.

"This universal appeal found an initial fulfillment in the recent Geneva Conference. The achievements of the Geneva Conference testify that by means of negotiations any international dispute can be resolved reasonably and justly."

Geneva represented Red China's first and most diplomatic victory. At Geneva, it was Red China that eliminated the United States from world leadership. At Geneva, Great Britain and France joined with Soviet Russia and Red China against the United States.

This means a new day for the United States. We cannot become friends and associates of Soviet Russia or Red China even if public opinion in the United States would have it so, which it will not. The reason: It is the fixed policy of the Soviet Universal State to isolate the United States, to reduce its economic leadership in the world, to limit its political influence in Europe and Asia. To date, the Russian success in this direction is so outstanding that it would be stupid for the Russians to reverse their course.

By separating this country from Great Britain and France at Geneva, Soviet Russia has accomplished the first forward step in the isolation of the United States. The second can be the total failure of E.D.C. The third step would be a revival of the Little Entente which would indirectly make France an ally of the Soviet Universal State via Poland and Czechoslovakia.

As these steps develop, the United States will be forced to switch its focus from Europe to Asia.

That Body of Yours

By JAMES W. BARTON, M.D.

A TYPICAL SINUS DIET

A few years ago I wrote an article on sinus disease in which I pointed out that one of the most important parts of the treatment is the diet. Unfortunately one of the groups of foods which are most popular and enjoyable and yet are apt to cause head colds and running nose are the carbohydrates or starch foods, together with foods rich in salt.

In his book, Eat, Live and Be Merry, Carlton Fredericks of New York University, states that first and foremost starch (carbohydrate) foods must be cut down ruthlessly in the treatment of sinus. Bread intake (even whole wheat) should be cut in half as should starchy vegetables such as peas, beans and potatoes; jams and jellies, pastries, pies, cakes; and cut out candy altogether. Reduce milk to not more than two glasses daily and increase proteins (meat, eggs, fish, soybeans) and green salads.

Check with your doctor to be sure that you are not allergic to such substances as dusts because such an allergy can start or aggravate sinusitis. Your doctor can quickly tell by simple tests whether or not you are allergic and can help you build up an immunity. Cold vaccine injections help many cases, particularly a vaccine prepared from the bacteria found in your own nose and throat.

Next, raise your vitamin and mineral intake, particularly vitamin A. Unless your doctor orders them, stop taking oily drops and other preparations for the nose.

It has been found that diabetics who are kept on a consistent low-sugar, low-starch diet have fewer colds and less sinusitis than non-diabetics. A typical sinus diet would be as follows, containing 1800 calories which is an average diet for light physical work:

Breakfast: 1 serving fruit, 3 slices bacon, 1 egg, 1 thin slice bread or toast, 1 square butter, tea or coffee with ¼ cup 20% cream.

Luncheon: 1 egg or egg substitute, 1 serving 3 per cent vegetable (asparagus, cabbage, broccoli, sprouts, cauliflower, celery, cucumber, lettuce, marrow, spinach, tiny string beans, tomato, watercress, radishes, beet greens, (salad made with one of the above vegetables or more and 1 tablespoon salad dressing made with oil), bran soy muffin, 2 squares of butter, 1 serving fruit (melon, etc.), 1 glass milk.

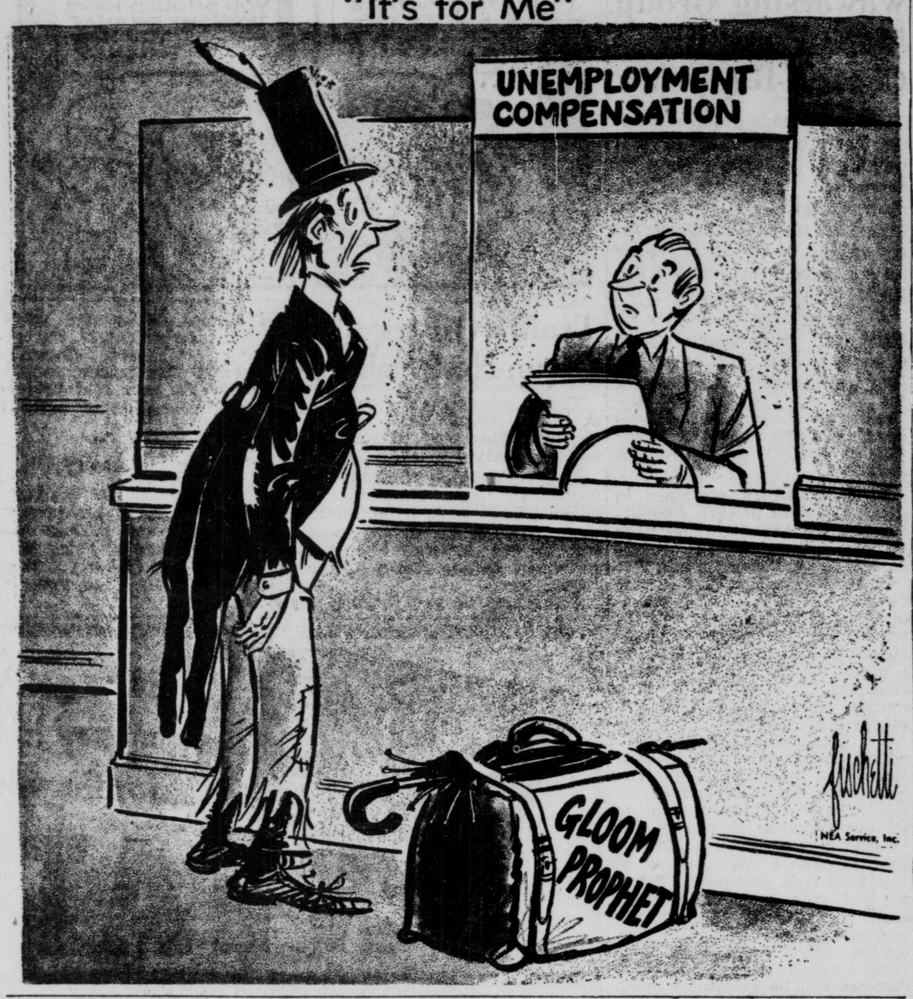

Dinner: 1 serving meat, 1 serving 6 per cent vegetable (beets, carrots, leeks, onions, kale, tiny peas, large string beans, squash, turnip; (salad as at lunch), 1 muffin, 2 squares butter, 1 serving fruit, 1 glass of milk.

Vitamin Chart

Do you know which foods are rich in the various vitamins and which foods are vitamin-poor? Send for Dr. Barton's handy leaflet entitled "Vitamin Chart," enclosing 10 cents, to cover cost of handling and mailing, to The Bell Syndicate, Inc., in care of The Kingston Daily Freeman, Post Office Box 99, Station G, New York 19, N. Y.

(Released by The Bell Syndicate, Inc.)

"It's for Me"

Edson's Washington News Notebook

By PETER EDSON
NEA Washington Correspondent

Washington (NEA)—It didn't take the cabinet very long to highball it out of town, once President Eisenhower had left for Denver. Some of them hit the vacation trail even before the head man.

The result is that if the Russians dropped a bomb on Washington now, the most they would hit would be an occasional under or assistant secretary, plus a lot of nonpolitical civil service holdovers from the Democratic administrations, who keep the wheels of government turning.

Vice President Nixon, groggy from almost a month of 10 a. m. to 10 p. m. and midnight Senate sessions, got away at about the same time as the President. But the V. P. headed for Maine, to be with his family for ten days. Then he'll go to Cincinnati for a GOP strategy session, before starting on a campaign tour that will take him into 23 states—every place a Republican is running for senator.

Secretary of State John Foster Dulles is the Number One official in Washington when Eisenhower and Nixon are gone. The most vacation he can look forward to is maybe a weekend at his Duck Island retreat on the St. Lawrence. But even this isn't "firm" as they say in Bureauland. Secretary Dulles left Washington yesterday for Manila, where he will try to whip up support for his southeast Asia defense pact. And that ain't play.

THE TRIO IN HIGH COMMAND at the Treasury cleared out as soon as the tax reform and $6 billion national debt increase were in the bag. Secretary George M. Humphrey went to his farm, Holiday Hill, just outside Cleveland, Ohio. His office staff said they had no idea when he'd be back.

Undersecretaries Marion D. Folson, the tax man, and W. Randolph Burgess, the debt man, were likewise missing. That left General Councel Elbert P. Tuttle in charge of the gray granite Treasury building, but he's leaving soon to become a federal judge in Alabama. Assistant Secretary Andrew N. Overby is the only other little cabinet man around to count the money.

Over at the Pentagon, Defense Secretary C. E. Wilson got out of town before the President. He and Mrs. Wilson went to their home in Bloomfield Hills, Mich., to stay there until after Labor Day. Deputy Secretary Robert B. Anderson is in charge in his absence.

Army Secretary Robert T. Stevens took his vacation right after running the McCarthy gauntlet in the Senate hearings. He was gone a month—July 14 to Aug. 11. While he got in some work inpsecting Army installations abroad, he has no plans for any other vacation now.

NAVY SECRETARY CHARLES S. THOMAS is fishing near Great Falls, Ida., and will also spend part of his vacation at his home in Los Angeles. While there, he'll also inspect the Navy's Missile Test Test Center in California.

Air Force Secretary Harold E. Talbott took a week's vacation at the end of July. He spent the entire time at his home in South Hampton, L. I., visiting with his family and playing golf.

Attorney General Herbert Brownell, Jr., got in a week's vacation with his family earlier in the summer. Yes, they spent most of the afternoons and evenings going to ball games.

Postmaster General Arthur Summerfield is another cabineteer tied to his desk by work, with no vacation plans announced as yet.

Secretary of Commerce Sinclair Weeks is spending a couple of other weeks at his Lancaster, N. H., farm.

SECRETARY OF AGRICULTURE EZRA TAFT BENSON knocked off regular work as soon as the farm bill was passed. He is trying to take a vacation at his Washington home without too many people knowing about it. He wants to build up strength for a major speaking tour through the midwest this fall.

After his business trip to Alaska, Secretary of Interior Douglas McKay stopped off at his Oregon summer home for a vacation with his family.

Secretary of Labor James P. Mitchell beat everyone to the punch by taking an early vacation with his family at their Spring Lake, N. J., home. Secretary Mitchell is back on the job now.

Last but not least, Secretary of Health, Education and Welfare Oveta Culp Hobby isn't planning any vacation and did not take one last year. She says her one-day outing with the cabinet at President Eisenhower's Camp David retreat is the only vacation she'll get this year. Which proves, if anything, that women's work is never done.

Bottled Research

Port Huron, Mich. (AP) — The Michigan Great Lakes Research Institute put 500 bottles in Lake Huron for a study of lake currents. In each bottle was a postcard with blank spaces for data as to where and when found. Finders were asked to mail the postcards to the institute.

Twenty and Ten Years Ago

Sept. 2, 1934—Motorcycle Officer Wesley Cramer suffered a leg injury when the police cycle he was riding was struck by an automobile.

Dr. J. DuBois Vanderlyn died at his New Paltz home.

Mrs. John Tadarajewski of Newkirk avenue, died.

Mrs. Gilbert S. La Du died in Albany.

* * *

Sept. 24, 1944—Coach "Pete" Hatch, new KHS football mentor, issued the season's first call for team candidates.

Joseph Fitzsimmons of Woodstock, was named to succeed the late Wallace H. Shultis as Justice of the Peace.

Three electrical storms caused scattered damage in the area but failed to cool off the prevalent 90-degree weather.

Albert Conklin, 47 of Chichester, was fatally injured when struck by a tree he was felling.

Today in Washington

Only Thing 'Judicial' in Present Hearing Is Way Evidence Is Taken

By DAVID LAWRENCE

Washington, Sept. 2—The public has been getting the wrong impression as to the nature of the hearing by the special Senate committee of six which is investigating the resolution proposing censure against Senator McCarthy. It is not by any means a "judicial" hearing such as takes place in a court of law.

For here the judges and the jury and the prosecutors are all the same people, and even if a "juror"—in this case a senator—has expressed an opinion beforehand, he isn't disqualified from sitting on the "jury."

The only thing that resembles a judicial inquiry in the committee of six is the manner of taking evidence. The procedure otherwise is pretty much in line with the flexibility senators have always exercised in their committee proceedings.

Thus, Senators Flanders of Vermont, Morse of Oregon and Fulbright of Arkansas filed the charges against Senator McCarthy, and yet they will sit on the senatorial "jury" and vote. The Vermont senator isn't to be called as a witness, because he says he has no firsthand knowledge of the charges but nevertheless he made public this week a letter designed to influence the so-called "court." This is, of course, within his senatorial prerogative. Yet no letters are usually sent by a prosecuting attorney demanding that the jury place emphasis on certain passages and data. These presentations are usually made in open court and not by complainants or by witnesses.

Not long ago, when the Stevens-Schine-Cohn charges were aired, the opponents of Senator McCarthy insisted that he must not sit on the committee, and he voluntarily withdrew. Also, when Samuel P. Sears, a Boston attorney, was appointed counsel, it was found he had expressed an opinion about Senator McCarthy in a newspaper interview, and his resignation was forced. But Senator Edwin Johnson of Colorado now has been reported in the press as having expressed beforehand, in a newspaper interview, some adverse opinions about the Wisconsin senator personally. The special Senate committee, however, now says this issue is irrelevant and not pertinent and that, besides, it couldn't disqualify the Colorado senator if it wanted to do so. He could, of course, voluntarily withdraw, but Senator Watkins says the committee members do not have to be impartial anyway, as all senators are guided by political platforms and political principles.

This tends to justify Senator McCarthy's attitude toward the Senate subcommittee on privileges and elections before which he declined to testify in 1952 on the ground that it was engaged in a political smear started by one of his political critics, Senator Benton of Connecticut. But, while the newspapers have been filled recently with charges that the Wisconsin senator "refused to testify" before that committee, the truth is he merely declined an "invitation" to testify, though he did answer several letters from the committee and explained his viewpoint and made a categorical denial of the principal charges.

Senator McCarthy, therefore, cannot be held in "contempt of the Senate" for refusing to accept an "invitation" to testify when the same committee had the power of subpoena to compel him to testify and never ordered him to do so. Had he failed to answer a subpoena, he would have been in contempt.

The same holds true for the oft-repeated charge that the Wisconsin senator cast espersions on General Zwicker when the latter was testifying. This is a right of free speech which is well established. The day that members of a congressional committee are deprived of their right to characterize any witness appearing before them or to make attacks on the floor of either house—as in the case of the criticism of General Marshall in a speech by Senator McCarthy—that day the Senate will cease to exist as a body of free men.

What is most depressing, however, is the formal declaration by three Democratic senators who take the view in their report on the Stevens-Schine-Cohn hearings that a senator has no right to receive confidential information from employees of the executive branch ofq the government or to encourage them to do so when they feel it is their patriotic duty to inform members of Congress of wrongdoing.

This is contrary to the position taken here by most members of the Senate in the past—namely, that the Congress has a right to receive information however secret in nature and that the only sin is in its further disclosure. In the controversy over the FBI document which Senator McCarthy was accused or wrongfully possessing during the hearings, the information itself was not divulged. There has been no showing, moreover, that anyone sought to injure the United States by furnishing the data to a senator. The law provides that such injury must be shown to have been deliberately intended by anyone who transmitted the data. Otherwise, it is not a violation of law.

Corruption under the Truman Administration was covered up until faithful employes did tell members of Congress privately about it because their superior officers were themselves involved in the scandals. Similarly, treason could be fostered if executive employes didn't tip off somebody on the outside—in Congress—as to what was going on.

Fortunately, Senator Mundt and his three Republican colleagues in their report deal with the question of an employe's duty in a far more realistic sense. It is an unsolved constitutional question and hardly furnishes the basis for a censure charge against a senator who merely brings into the open a concept that has long prevailed among members of Congress.

The charges against Senator McCarthy, if dealt with on a strictly legal basis, will not conform to the constitutional definition of "disorderly behavior," where the term is properly used in the precedents of censure cases. But if the Hitler approach is to be applied, Senator McCarthy can be censured. For it will be recalled that the Nazi leader ordered the judges on the bench to decide cases, not on the basis of the law or the constitution of Germany, but on the basis of "public sentiment" in their respective localities.

AS PEGLER SEES IT

By WESTBROOK PEGLER

New York, Sept. 1—Texas has repulsed the CIO and the "pressure groups" of New York which are trying to win control of the government of the whole nation and the several states by stealth. However, Allan Shivers, elected for a third term last Saturday, has not conquered the invaders. They will not gather themselves for further campaigns in the offing. The CIO is the known aggressor here, but, as in the insurrections in Michigan, Ohio, Pennsylvania and California in the mid-thirties, the Communists and the New York forces which oppose "narrow nationalism" with clandestine slush-funds and hate-campaigns, are mighty allies.

Texas and other southern states took a malicious delight in the news and newsreels of union terror in Michigan when their late patron and almoner in the White House was dragooning millions of workers into the original CIO under John L. Lewis. The southern Democrats, including the rich ones, simply could not imagine such a situation in their own country. They thought they were braver than the executives of the soulless Yankee corporations. They thought the wage earners of the land called Dixie would kill, if necessary, to maintain their freedom from the discipline of unions having aloof, impersonal executive centers in Washington in close alliance with the Democratic Party.

Meanwhile, however, Texas and the rest of Dixie were being corrupted by the very party which was operating the terror in the north. Mississippi was drawing more money out of the federal treasury than she was contributing as taxes. Congressman John Rankin, a ferocious Red-baiter who hated most New York Congressmen and gloried in their hatred, was nevertheless a diligent New Dealer because the New Deal was lavish to Mississippi. Tom Clark, now on the Supreme Court and invoking his immunity when Congress would question him about his conduct at attorney general; Tom Connally; Sam Rayburn and John Garner have been prominent figures in the revolution which now threatens their Texas with the bloodshed and loss of sovereignty which befell Michigan.

For example, early in the game, Roosevelt went to Galveston on a man-of-war and his son, Elliott, then in the Fort Worth phase of his impudent and profitable career, delivered him to two big social parties. This was a triumph not only for Elliott but for certain rich and thoroughly unscrupulous Texas millionaires who were relieved of prosecution in developments which unfolded gradually and almost imperceptibly. Of late some of these individuals have taken up philanthropy to the clamor of national publicity although a little research in the newspaper morgues would yield interesting background.

The propaganda depicting the typical Texan as a four-flushing patriotic braggart, inferior to the "international" intellectual New Yorker, is not just a spontaneous expression of popular opinion recently arrived at. It is hate-stuff designed and propagated to prepare Texas and the rest of the country for a drastic change.

But the conquest of the press, radio and political expression has gone so far that the Texans can't even identify their distant enemies. Texas is the victim of a hate-campaign but she helped to create her own ordeal by her selfish, thoughtless collaboration with the Roosevelt-Truman regime.

There has been a great deal of violence across the south as the new industrial era emerged from the agricultural past. It is carelessly assumed that practically all of this new "industry" fled from the north. Some of it did. Northern opportunists saw many advantages down south. There was a climate free of the cruelty of the northern winters. Factories could be spotted close to small farm cities and manned with workers rather hostile to unions and eager for wages which were to them very liberal and additional to their farm incomes.

Bu the "industry" of this new south is largely new and original. It never existed anywhere else. The oil, gas, sulphur and derivative activities did not run away from New England. The

(Continued on Page 18, Col. 2)

Questions—Answers

Q—Does the tiny pilot fish actually warn larger fish of danger and lead them to food?

A—This fish gets its name because it accompanies ships and sharks. Science has proved that the small fish accompanies the shark only to eat the food the shark leaves.

* * *

Q—During what century was photography developed?

A—The first sunlight picture of the human face was made in 1840. The first great photographic portraits were made in 1843 to 1848.

* * *

Q—What is a Rhodes scholar?

A—A student from the British Commonwealth or the United States who receives a scholarship to Oxford University from a fund established by the provisions of the will of Cecil Rhodes.

So They Say..

I haven't the slightest interest in the personal life of the senator from Wisconsin (Sen. Joseph McCarthy).
—Senator Fulbright (D., Ark.).

* * *

A farm program is not realistic—nor genuinely helpful to farmers—when it depends upon the building of huge surpluses for which there are neither foreseeable markets nor storage space.
—Senator Smathers (D., Fla.).

* * *

Today in the world we have two great striving ideologies. One . . . of free men freely doing their daily work. . . . The other is a regime of master and slave labor.
—Sec'y of Treasury Humphrey.

* * *

All men, all masses, do truly long for peace. It is only governments that are stupid.
—President Eisenhower.

Espionage Ring

conference opening here Monday of a four-point charter pledging the eight nations to:

1. Support the rights of all peoples in southeast Asia to freedom and independence.

2. Take steps insuring the progress of southeast Asian nations toward self rule and independence.

3. Work jointly for economic, social and cultural development of southeast Asian countries to raise standards of living and to strengthen their economies and social security programs.

4. Act jointly and individually against any force that would attempt to undermine or destroy the sovereignty, territorial integrity or freedom of southeast Asian governments.

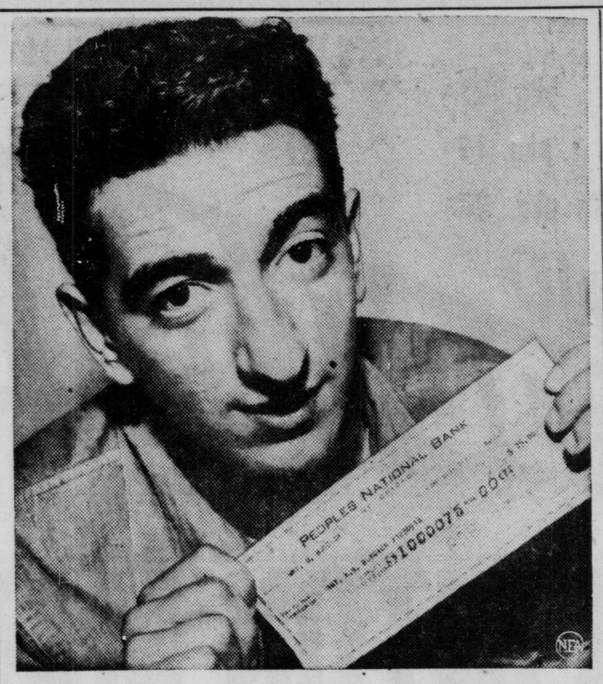

A Philippines spokesman said his government hopes to have these principles, closely resembling the Atlantic Charter, incorporated in the preamble or text of a nine-point treaty draft now before working committees.

If this is rejected, he said, the Philippines will ask the eight member nations to adopt the principles as a separate resolution when the foreign ministers convene Monday.

The Philippines also indicated it will carry to the foreign ministers its fight for a southeast Asian collective security pact calling for immediate retaliation if one member is attacked.

The United States is holding out for a military commitment similar to the Australia-New Zealand-U.S. mutual defense pact (ANZUS). If a member nation is attacked or invaded under this type of agreement, each would act according to its constitutional processes.

The working committees are seeking areas of agreement in a proposed draft submitted by the United States. Points on which they fail to agree will be referred to the foreign ministers.

SOME ERROR—Sgt Robert G Burdick, stationed with the 12th Marines, in Tokyo, Japan, was out of luck when he tried to cash this check It was erroneously made out for $1000075 and also $75, depending on how one looked at it. Because it was half right and half wrong, the check was worthless. Burdick got the check from his mother.

There are some 6000 bituminous coal producing companies in the United States.

Berlin became the capital of Germany in 1871.

Victory for Sharett

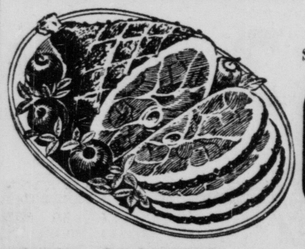

Jerusalem, Israeli Sector, Sept. 2 (AP)—Prime Minister Moshe Sharett won a sweeping parliamentary victory of confidence on his foreign policy yesterday after sharply denouncing British-American arming of Israel's Arab neighbors. The vote was 54-9 with 7 absententions.

THE RUMINATOR

By HUMPHREY B. NEILL

A Column of Contrary Opinion

There are two thoughts or discussions the Ruminator would like to take up this week: The first might be titled "The Value of useless knowledge," while the second we'll call "The Hoovers and Ike."

Frequently, to refresh my mind on contrary-thinking ideas I turn to my Nock books. Albert Jay Nock was a brilliant contrarian. It is not over-using the word to say he was a "penetrating" essayist. You cannot real Nock without having your mind jarred out of a rut—and moreover he is easy to read; his style attention-holding. Perhaps you would like the titles of Nock books I enjoy and find stimulating: Free Speech and Plain, Language, Memoirs of a Superfluous Man, Our Enemy, The State.

Your library should have one or more of these—and perhaps other of Nock's books.

Albert Jay Nock was particularly mind-pricking in his sociopolitical writings. He was an avowed "enemy" of The State's meddling in our personal business affairs. Likewise he was a severe critic of our educational system, asserting that our schools and colleges turned out trained graduates, but not educated citizens. He admitted the skills students acquired, but deplored the lack of knowledge gained.

Bearing on this latter thought, "The Value of Useless Knowledge" is one of Nock's diverting essays—one with an enticing contrary title.

Approaching the subject via "culture," Nock argues that real culture lies in having an extensive and comprehensive base (or general reserve fund) of knowledge that may be drawn upon (often unconsciously) when forming judgments. This as opposed to what he terms pedantry, or merely "remembered book learning." In the former no attempts is made to remember things (indeed, according to Nock, it is learned a great many things and then forgetting them that makes for culture). In the latter, the pedant "goes by the book" and therefore his mental elasticity is governed by the relatively small number of things one can remember—and worse still, his mind is restricted to parrotting rather than creating. But let me add a few of Nock's own words on this: "... It cannot be otherwise, because the essence of pedantry is to satisfy oneself wholly with a limited, partial and conventional account of things, then to assume that other people should and will satisfy themselves wholly with the same account, and then to become puzzled when it turns out they do not.."

IN AN EFFORT to illustrate the value of a vastly stored-up fund of (seemingly) useless knowledge, take the human trait we have often referred to in our contrary-opinion discussions; namely, that people tend only to recall the most recent similar event or trend (one that was sufficiently impressive to have left an "unbalanced" imprint on their minds). With a reserve supply of extensive knowledge they would call to mind events and trends which were *dissimilar*. (For instance, after World War 2, a postwar slump was generally expected, because of the slump of 1920-1921; people had forgotten, or overlooked, the fact that an inflationary boom occurred in 1919, ahead of the 1920 bust.)

In a larger sense, however, the value of useless knowledge renders possible broad-gauged judgments and balanced viewpoints—and calls into play contrary opinions!

So much for Nock and his contrariness.

Now let the Ruminator suggest that you take time to ruminate over the recent (a) unexpected appointment of Herbert Hoover, Jr., as Under-Secretary of State, and (b) the news that Herbert Hoover, Sr., is going fishing with Ike in Colorado.

CONTRARIANS, drawing on their fund of useless knowledge, might toy with this projected trip and see what meaning they might make of it. You don't go fishing with someone you don't "hanker after." Also, when two thoughtful fishermen get together they cast for more than just trout. Maybe there's something in the stream besides fish.

Our socio-political trends have been quite "liberal" as you know. The President has surrounded himself with associates and advisers that pretty well left out in the cold what is termed the "Taft-Hoover" wing of the Republican party. You can conjure up "changes" perhaps if the President and the ex-President become buddies!

With important elections just ahead there is a good deal to ruminate over, it seems to me, in this sudden emergence of Hoovers.

Some animals can survive temporary temperatures as low as 100 degrees below zero.

HANDS OFF — If you think the top man on the ladder is going to tap the tip of the Obelisk in Paris' Place de la Concorde, you are wrong. It's just an optical illusion caused by the perspective. He is just surveying the area before erecting a platform.

Pick of the Picnic Basket

FIRST PRIZE FRANKFURTS

Picnic Baskets over the Labor Day week-end may be filled to overflowing with toothsome delicacies, but none will delight the appetite more than First Prize Frankfurts. What a picnic meal they make, when taken sizzling hot from the grill. Eat them with confidence . : . FIRST PRIZE FRANKFURTS are made from only the choicest cuts of U. S. Government Inspected pork and beef.

Their flavor is as distinctive as the identifying words "FIRST PRIZE" found on the band on each and every First Prize Frankfurt.

Onteora School To Open Sept. 8

Onteora Central School will open Wednesday morning, Sept. 8, for the fall term, it has been announced by the board of education of the Town of Olive, which made public the various rules and regulations for pupils and parents, including safety precautions for traveling on buses.

The high school opening time is 8:40 a. m., elementary school at 9 a. m. Principal John H. Moehle said, and gave the starting hour of buses from various points.

7:50 — Glenford-West Hurley (second, elementary bus at 8:30); Lake Hill-Willow.

7:55—Ohayo Mountain run; Krumville-Samsonville.

8—Highwoods, Oliverea, Boiceville, Fox Hollow, Woodland Valley, Phoenicia (second bus, elementary pupils 8:30) Chichester, Bearsville (new run) and new run around Olive Bridge to Bushnellsville.

Feeder routes will start at the usual time observed last year.

It was stressed that the guidance office is open for conferences, and parents are urged to appear for discussions relative to entering their children in the school, and to find out about the educational program.

KINDERGARTEN children should be entered previous to the first day of school, it was pointed out, and it was emphasized that no exceptions will be made on the age regulation, which says that a child must reach the age of five no later than January 1, 1955.

Children entering school for the first time must present either a birth certificate, a baptismal certificate or a Bible record, which will be returned to the parents.

A TEACHERS' conference is scheduled September 7 from 9 a. m. to 4 p. m. for discussion of procedures, rules and responsibilities for educational efficiency in the ensuing year.

Four new members on the faculty are:

Mrs. Walter Susskind, West Hurley, Grade 2, formerly of the Long Beach, L. I., school system.

Edward C. Hearn, Shokan, former teacher at Bearsville.

John Devlin, formerly of Kingston High School, to teach English and languages.

Mrs. Mary Chatfield, school nurse and dental hygienist, formerly of the county health department.

Mrs. Renwick Dibbell, Phoenicia, is returning to kindergarten after a year's leave.

IN A SAFETY bulletin to bus drivers, the board said, "The first day of school brings many new and memorable experiences" and gave these instructions:

As a child nears home he is almost certain to be excited and anxious to tell mother all about school.

You must act to protect the youngster from possible results of thoughtlessness.

Never let an emotionally upset child rush off a school bus and dart across the street.

Have an older child assist the new pupil off the bus (not across the street) or wait until the mother or father can assist him.

A LITTLE ADDED time and care by the bus driver can pay dividends in the lives of our transported children.

These first days and weeks are the most important in establishing patterns of safe conduct on the school bus, the board said.

Principal Moehle encouraged parents to accompany their children to and from the bus stop during the first week of school, and advised them to call the school about transportation previous to the opening of school.

Triplets appear about once in every 9,600 confinements.

THEY'LL DO IT EVERY TIME (Registered U. S. Patent Office) By JIMMY HATLO

Casablanca is one of the fastest growing cities in North Africa.

The Mount Palomar telescope has penetrated space to a depth of 2,000,000,000 light years.

Oregon was admitted to statehood on Feb. 14, 1859; Arizona on Feb. 14, 1912.

School News

MARBLETOWN CENTRAL School reopens Tuesday morning, Sept. 7, with a half-day session for children. All children will plan to eat lunch at home the first day. Tuesday afternoon there will be a teachers' meeting. Beginning Wednesday, Sept. 8, school will resume all-day sessions and the cafeteria will be open to serve hot lunches as usual. Kindergarten children have been notified individually as to when school begins for them. Buses will run on approximately the same schedule as last year.

MEMBERS of the MCS faculty for the coming school year will be: Kindergarten, Helen Larsen; first grades, Anna Mae Emmerling and Gladys Muller; second grades, Fern Parish and Marion Hasbrouck; third grade, Josephine Lawrence; fourth grade, Ruth Roosa; fifth grade, Edna Davis; sixth grade, Natalie Jensen; seventh grade, Mabel Osterhoudt and Lawrence Savercool; eighth grade, Bernice Jansen. Supervising principal is Merton Blanchard. In addition there will be Charles Ayasse, physical education; James Sweeney, music; Albert Shultis, art; Mary Hansen, school nurse and Kathryn Schwarz, kindergarten monitor.

A lightweight titanium alloy is being developed to use in place of steel for U.S. heavy military weapons.

BACK TO SCHOOL

Mothers of children who attend No. 6 school. We will pick them up at your door and take them to the school door. Let them ride in the miniature bus.

Gardiner

Gardiner, Sept. 1—Myron J. Wells, chairman of the Gardiner March of Dimes, announces that this community is taking part in the emergency drive for funds in cooperation with the National Foundation of Infantile Paralysis. The national goal is $20,000,000 which was short of the goal last January.

Dr. and Mrs. Clifford Hoppenstedt are attending the veterinarian convention at Seattle, Wash.

Mr. and Mrs. Lewis M. Jayne and son, Lewis of Ballston Lake, spent a few days last week with Mr. Jayne's parents, Mr. and Mrs. Lewis M. Jayne, Sr.

Mrs. Laura Coon of Pleasant Valley and Mrs. Hilda Lundstedt of Poughkeepsie were guests last Wednesday of Mrs. Coon's father and sister, Hans Andersen and Miss Mary Andersen.

Mr. and Mrs. Joseph Lightcap and grandaughter, Sandra and Miss Anne Lightcap of Brooklyn and William Lightcap of Hollis, L. I., enjoyed a picnic at the home of Dr. and Mrs. James Lightcap Wednesday.

Mr. and Mrs. Fred Crispell of Parsons, Kan., were guests last week of Mr. Crispell's brother and sister-in-law, Mr. and Mrs. Elting Crispell and his brother-in-law and sister, Mr. and Mrs. Bernard Hoffman.

Mr. and Mrs. Milton Decker of Theills spent last weekend with her mother, Mrs. Fannie Pizzuto.

Arthur De Toro of Newburgh spent the weekend with his uncle and aunt, Mr. and Mrs. Isaac Williamson.

Mr. and Mrs. Edward Metzler of Newburgh were weekend guests of his mother, Mrs. Elizabeth Metzler.

Mr. and Mrs. Ivan Ostrander were Saturday guests of Mr. and Mrs. Morell Hendrickson of Milford, Conn.

Mr. and Mrs. John Wagner of Wallkill are receiving congratulations on the birth of a son Aug. 29 at Kingston Hospital. Mrs. Wagner is the former Joyce Upright of Gardiner.

Mr. and Mrs. Bert Gray and son, Allan of Forest Hills, are spending a vacation at their summer cottage.

Robert Muller has returned home from a trip to Los Angeles, Calif.

Mr. and Mrs. Robert Lasher attended a party for his great grandmother, Mrs. George Dietz, on her 95th birthday at the home of Mr. and Mrs. Lee Lasher of Binnewater Saturday.

The Rev. Arthur Davidson of Wallkill will be in charge of the worship service at the Reformed Church Sunday morning.

Art, Craft Show Slated at School

Gardiner, Sept. 1—The Gardiner Civic Association will present an arts and crafts show, The Creative Talent of Gardiner, at the Gardiner School Sept. 4, 5 and 6 from 10 a. m. until 10 p. m. daily, it was announced today.

The following paintings will be on display:

Still life, Anthony Bonagura; mural, Ben Epstein; design, Mardi Fjastad; portraits, Leonard George; landscapes, Eleanor Smith; mountain scenes, Danny Swerdleff.

Other media—Local sketches, pen and ink, Ben Epstein; watercolors and drawings, Mardi Fjastad; watercolor, Swiss Scene, Marga Schleuter.

Crafts:

Silversmithing, William Seitz; aprons, Mrs. Frank Agor; crochet rugs, Mrs. Edytha Dusinberre; lamps of desert driftwood, Mardi Fjastad; display of aluminum and copper trays, sea shells, painted ties, crochet pieces, bead jewelry, Jo Jansen; ceremics, Evelyn Nitsch; enamel on copper plates, Mrs. William Seitz; ceramics, Shirley Thompson; photo tinting, Florence Tosti.

Home Bureau displays will include basket, Mrs. J. Beatty; metal tray, Mrs. E. Branigan; hooked mat, Mrs. P. Donahue; stenciled chair, Mrs. D. DuBois; handbags, Miss Edna Dugan, Mrs. L. Jayne; bedspread, Mrs. G. Randall.

The public is invited to witness the various exhibits.

The first permanent settlement in the state of Washington was Ft. Vancouver, built in 1825.

You will find dozens of uses for

DAZZLE the double-duty BLEACH

✓ CLEANS

Gets your wash whiter, brighter, sunshine fresh! Removes spots and stains. Makes your kitchen and bathrooms sparkle.

✓ DISINFECTS

Makes wash really sanitary as well as clean-looking. Kills germs in general house cleaning, helps guard your family's health!

(Wool Bureau Photos)

MEN HAVE CHOICE of two-button or three-button coat styles, depending on their personal preference. At left is a two-button suit of clear-finished gray worsted with a broken pattern in black. The three-button suit is cashmere tweed in gray and dark red.

FORMAL TOPCOAT, made of lightweight cashmere, has small black and white herringbone design. Collar is black velvet.

Stores, Despite Customer Purchases, Are Not Buying

By SAM DAWSON

New York, Sept. 2 (AP)—The customers are buying—but the stores are not.

That's the plaint today of many manufacturers of soft good lines, whether it be shoes, clothing, furnishing or notions.

They quote government statistics to back them up. These show that consumer expenditures and store sales generally are running fairly close to last year's level. But in many cases factory output—based on retail ordering, say factory managements—is off considerably from 1953.

TIMIDITY CAN'T be charged to consumers then, but to merchants' fear that the recession might still have backlash.

So the manufacturers argue, adding that some merchants may run out of goods later on and find they've run into delays in deliveries on late orders.

Merchants take this talk pretty calmly. For one thing, they feel sure that—with production capacity being what it is—they can get quick enough delivery to stock their shelves. For another thing, they know that factories always complain that merchants don't order early enough and in sufficient volume. It would make it easier for the factories to plan production schedules, if merchants put in firm orders well ahead.

But retailers see no reason to carry stocks until demand justifies it. To do so would be expensive— and it could be risky.

THIS YEAR the argument is more urgent than ever, due to the uncertainty that still hovers over the pre-Labor Day market.

Developments in the soft goods line this week point up the debate and the fears.

Wool prices are slumping in the Australian auctions, and New York wool dealers fear that fabric makers will put off buying to see where prices settle. The wool being sold now in Australia probably wouldn't reach here much before December, and it would work its way through the mills and the garment factories and finally show up on the clothing store racks in the fall of 1955. But uncertainty about its price already worries the wool market here.

Shoe and leather people, here for the American Leather Show, complain that retail shelves are too sparsely stocked. The National Shoe Manufacturers Assn reports that output so far this year is running seven per cent behind 1953. But members report that orders from retailers have picked up in the last month or so, and the year may yet end close to the 1953 level. The Tanners' Council of America adds hopefully that orders at the show are greater than expected.

BUYING IS HEAVY at the New York Gift Show, too, exhibitors report. They are talking hopefully of a 900 million dollar retail year for the industry nationwide. This would be 100 million dollars more than last year, and they cite it as proof the consumer is still spending his dough. And, based on orders at the show they think the merchants are getting over their recession timidity.

The Federal Reserve Bank of New York, taking a general look at the problem, notes that in this district department store inventories are now holding about three per cent below last summer's level, indicating general caution on the part of merchants.

The bank finds stores hereabouts still careful about spending their money for goods for future delivery. But when sales prospects look promising, the stores will pick up goods for quick delivery.

In business, it's almost impossible for everyone to be happy.

Prediction Is Made

New York, Sept. 2 (AP)—The Christian Herald Magazine, an inter-denominational Protestant publication, predicts that total church membership in the United States will pass 100 million by 1956. In its current issue, published yesterday, the magazine said the figure is based on the present annual growth rate of 3 per cent. Church membership of all denominations last year, it said, totaled nearly 95 million, a 2½ million gain over 1952.

Highest Naval Rank

Highest rank ever created in the United States Navy was that of Admiral of the Navy, created in 1899 for George Dewey. The rank expired upon his death in 1917.

Puerto Rico's capitol is made of white marble from Georgia.

Slumber Watch

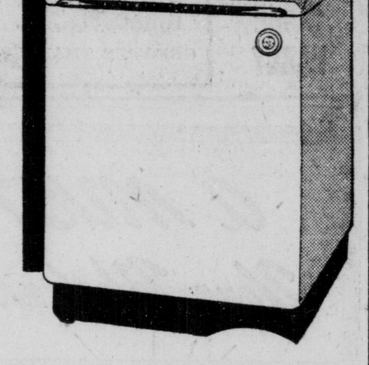

Elephants of a circus herd never lie down to sleep all at one time. Some instinct from former jungle life keeps one or more standing on guard against the possibility of attack.

Most thunderstorms occur on the island of Java.

To Fly From New York

Ithaca, Sept. 2 (AP)—Mohawk Airlines plans to operate its helicopter passenger service to the Liberty-Monticello area directly from New York, rather than from Newark, N. J., next summer. Robert Peach, Mohawk president, announced yesterday that the airline would build a mid-town Manhattan heliport next year to serve as the southern terminal of the two-way service. He did not disclose the proposed location. Peach announced also that the present helicopter service between Newark and the Liberty-Monticello resort area would be discontinued after Labor Day. The service was begun on June 7.

SAUGERTIES NEWS

No Contact Made For Cementon to Get Protection

Saugerties, Sept. 1—The board of fire commissioners of the Malden-West Camp Fire District met Monday night at the home of Harry L. Moose in West Camp.

Regarding the recent question raised by residents of Cementon whether or not the newly formed Malden-West Camp Fire Company would have the authority to give fire protection to the neighboring community, the board issued the following statement:

"A discussion was held concerning fire protection for Cementon and the commissioners have taken the matter under study. A spokesman for the commissioners pointed out however, that the board has not been officially approached by residents of Cementon."

Many of the residents of Cementon have responded generously to the building fund drive now being conducted by the new company.

CEMENTON IS presently in a protective district under the Catskill Fire Department and if the residents of that community so desire they will have to petition the Catskill town board for permission to become a protected area of the Malden-West Camp Fire District.

It was reported that Catskill Fire Department officials were in sympathy with the move in as much as they must travel a distance of six miles in order to cover a fire in the Cementon hamlet.

The members of the Board of Fire Commissioners of the Malden-West Camp Fire District include John Fiero, Raymond S. Quackenbush, Warren H. Knaust, Calvin C. Cody and Harry L. Moose. Bernard E. McCutcheon, unofficial member of the board is treasurer of the district.

Saugerties, Sept. 1—Philip A. Gatti, president of the Italian-American Club of Glasco announced that Friday, Sept. 3 is the deadline for contributors to the club house building fund who would like their names printed in the Columbus Day dinner-dance program.

The dinner-dance, slated for Oct. 12 at Sportsman's Park, Rosendale, will be the climax of the drive for funds and Gatti added that contributions will be accepted at any time after Sept. 3 but those contributors names will not be in the Columbus Day program.

The goal of the drive has been set at at $3,000.

$1,976 Is Collected For Scout Campaign

Saugerties, Sept. 1—The Boy Scout Finance Drive being conducted by the Saugerties District has reached $1,976.18 to date. The announcement came in a joint statement made by District Chairman John J. Wood Sr., and Daniel N. Lamb finance chairman. According to Wood the drive is $5.01 behind last year's figures at this date. However, he quickly added that there are many other areas to be heard from. Town areas that have reported are West Saugerties, $148; Glasco, $105; Malden $81; and West Camp, $88. Totals on the village were not given as only part of the business section has been completed.

Wins Cub Award

Saugerties, Sept. 1 — Mrs. James Mergendahl of Allen street was the winner of the Pack 130 Cubbing Award of the Month. The presentation of the award was announced in the second issue of the Pack 130 newspaper printed by the pack each month.

Mrs. Mergendahl won the award for her outstanding contribution to cub scouting. This active mother has three scout sons, James and William both den chiefs of the pack and Jack who is a cub in Den 3. The former two are members of Boy Scout Troop 32.

Mrs. Mergendahl, no longer a den mother, continues to serve the pack and helped with its many activities.

The Cub Scouting news bulletin also mentioned that the September pack meeting is slated for Tuesday, Sept. 28 at which time Pack 130 will play host to Cub Pack 19, VFW sponsored of Kingston.

Village Briefs

Saugerties, Sept. 1—The regular quarterly meeting of Ulster County Pomona Grange is slated for Friday in the Asbury Grange Hall beginning at 2:30 p. m. Supper will be served at 6 p. m. and the evening session will start at 8 o'clock. The highlight of the evening will be an illustrated talk on a trip to Europe by the worthy Pomona Lecturer Helen Mollenhauer.

Saugerties, Sept. 1—The Saugerties Society of Little Gardens has scheduled a meeting for Wednesday, Sept. 8 at the home of Mrs. Warren H. Knaust at 3 p. m. The topic for the meeting will be Shells and Flowers presented by Mrs. Herman Knaust. Mrs. Mandeville Diaz, Mrs. Percy Abeel and Mrs. Joseph Keenan will serve on the committee for arrangements.

Saugerties, Sept. 1—The Saugerties Power Boat Association Auxiliary is planning a food and bake sale to be held Friday and Saturday at O'Dea's Store on Partition street. A rummage sale will also be conducted at the same time and same place.

Trout to Go Into Lake

Toronto, Sept. 2 (AP)—Ontario Province and New York state, in a joint project this fall, will stock Lake Ontario with 40,000 yearling lake trout, the Ontario Lands Department said yesterday.

JACOBY ON BRIDGE

An Exception for Third Hand High

By OSWALD JACOBY
Written for NEA Service

The point of today's hand is very simple, but an experienced player missed it when the hand was actually played.

West opened the five of hearts, and East won the first trick with the ace. This looked like the standard play, on the principle of "third hand high." Actually, East should finesse the ten of hearts at the first trick instead of winning with the ace.

After winning the first trick with the ace of hearts, East returned a low heart. Declarer, reading the situation correctly, played the six of hearts at the second trick and won in dummy with the eight.

South next entered his hand with the ace of diamonds in order to lead a trump toward dummy's king. East won with the ace of spades and led a third heart, thus giving his partner a ruff. The defenders thus took the ace of hearts, the ace of spades and one ruff, but they couldn't win another trick. Declarer therefore easily made his contract.

Now let's go back to the first trick and examine the opening lead of the five of hearts. If West happens to be leading low from the king, it can do East no harm to play the ten of hearts at the first trick. South cannot have a singleton king of hearts, since West would not lead the five of hearts from such a holding as 6-5-3-2. It can therefore cost nothing to give up the first trick to South's king.

Opening lead—♥ 5

Note the difference in the outcome. If East plays the ten of hearts at the first trick, South wins with the king. He then leads a trump towards the dummy and East captures dummy's king with the ace of spades.

East continues by cashing the ace and queen of hearts, thus getting two natural heart tricks in addition to the ace of spades. When East finally leads his last heart, West is sure to win a trick with the ten of spades. If South ruffs low, West can overruff immediately; and if South ruffs high, the ten of spades will eventually be the high trump.

Lockton Appointed

Washington, Sept. 2 (AP)—Secretary of the Treasury Humphrey today announced appointment of John D. Lockton, treasurer of General Electric Co., as state chairman of the U. S. Savings Bond Advisory Committee for New York.

New Hurley

New Hurley, Sept. 1—During August the following rendered solos in the church: Mrs. Alfred Wager, Miss Ruth Cronk. Both were accompanied by the organist Mrs. George Boyce. Also, Charles Everett, accompanied by Charles I, Thompson and David Wilkin, who rendered a piano selection.

There will be regular preaching services in the church Sunday at 11 a. m. with Sunday school at 10 a. m. All are welcome.

The regular monthly meeting of the consistory will be held in the Memorial Chapel Tuesday, Sept. 7, at 8 p. m. All members are urged to be present.

Choir rehearsal will be held at the church Thursday, Sept. 2, at 7:30 p. m. It is requested that all choir members be present.

The Young Women's Club will meet at the home of Mrs. Crosby J. Wilkin Saturday, Sept, 11, at 2:30 p. m.

Ground has been broken for the new church hall. Newton Wright has been busy for the past week removing the soil for a foundation.

Mr. and Mrs. Roy Denniston and daughter, Susanna, attended a chicken barbecue at the Clintondale Grange Hall Thursday night. This was for the benefit of the Friends Church.

Mr. and Mrs. Matthew Heinz of Leptondale called at the home of Mr. and Mrs. Edward Powell Friday night.

The Rev. and Mrs. Frederick K. Shield of West Park were dinner guests Sunday at the home of their brother and sister-in-law, Mr. and Mrs. Wilbur J. Van Wyck. The Rev. Mr. Shield preached here Sunday.

Mr. and Mrs. John Semple of Old Greenwich, Conn., spent the weekend at the home of Mr. and Mrs. Edward Powell and Miss Bertha Sutton.

Mrs. Roy Denniston and daughter, Susanna, attended the Vail-Van Orden wedding at the New Paltz Reformed Church Saturday afternoon.

Expirations Are Near

Albany, Sept. 2 (AP)—Drivers, check the expiration date of your drivers' licenses, the commissioner of motor vehicles warned today. James R. Macduff reminded motorists that a million licenses would expire at midnight Sept. 30. Renewal applications are coming in slowly. The commissioner added that there was a chance drivers might have to wait in long lines later in the month.

Maybe the reason there are so many kids on the streets at night is they're afraid to stay home alone. ●NEA●

Blast Furnaces

Fifty-six counties in 17 states of the Union have blast furnaces. Eighty-seven per cent are located in six states: Alabama, Illinois, Indiana, New York, Ohio, and Pennsylvania.

Local Death Record

Maennerchor Services

Members of Kingston Maennerchor, Inc., will meet at 8 p. m. today at Maennerchor Hall and proceed to Jenson and Deegan Funeral Home to honor their late member, William Sucht who died yesterday.

William Sucht

The funeral of William Sucht of Union Center will be held Saturday at 9:30 a. m. from the Jenson and Deegan Funeral Home, 15 Downs street. Cremation will follow at the Gardner Earl Memorial Chapel, Troy. Friends may call at the funeral home Thursday and Friday from 2 to 5 and 7 to 9 p. m.

Mrs. Sarah Augusta Rymph

Mrs. Sarah Augusta Rymph of Bloomington died in Kingston early this morning. She was born in Rosendale, daughter of the late Martin and Mary McFadden McGinn. She was the wife of Dr. Leander G. Rymph. Mrs. Rymph was a member of the auxiliary of the Ulster County Medical Society, Rosendale Grange 1501, Ulster County Home Bureau and served as secretary to the auxiliary of the Bloomington Fire Company. She was a member of St. Peter's Church, Rosendale. Besides her husband she is survived by a sister, Mrs. Thomas Holian, and a brother, James J. McGinn, both of New York. The funeral will be held from the Henry J. Bruck Funeral Home, 27 Smith avenue, at 9 a. m. Monday, thence to St. Peter's Church, Rosendale, where at 10 a. m. a high Mass of requiem will be offered for the repose of her soul. Burial will be in St. Peter's Cemetery, Rosendale. Friends may call at the funeral home between 3 and 5 and 7 and 9 p. m. Saturday and Sunday.

Edward N. Barringer

Edward N. Barringer of Atwood road, Stone Ridge, died suddenly in Kingston late Tuesday night. He was born on Staten Island, son of the late Edward and Virginia Wilson Barringer. A retired farmer, he had resided in Stone Ridge for many years. Mr. Barringer was a communicant of St. Peter's Church, Rosendale, and a member of its Holy Name Society. Surviving are his widow, Elizabeth Shanaghan Barringer; three daughters, Mrs. Elting Sickler, Mrs. Helen Harris and Mrs. Evan Cox; two sisters, Mrs. Otto Burhans and Mrs. Jack McGuigan; a brother, Joseph Barringer and three grandchildren. The funeral will be held at the George J. Moylan Funeral Home, Main street, Rosendale, at 9:30 a. m. Saturday, thence to St. Peter's Church, Rosendale, where a high Mass of requiem will be offered at 10 a. m. for the repose of his soul. Burial will be in St. Peter's Cemetery, Rosendale. Friends may call at the funeral home from 10 a. m. to 10 p. m. today and tomorrow.

John C. Stewart, Sr.

John C. Stewart Sr., 69, of Saugerties, a native of Mt. Marion, who retired in September 1952 from the Alpha Cement Company plant at Cementon after 41 years of service, died at his home Wednesday afternoon following a brief illness. He was the husband of the former Ella Jane Stokes of Kingston. Funeral will be held Saturday at 2 p. m. from the Hartley and Lamouree Funeral Home, Saugerties, where friends may call. Burial will be in Wiltwyck Cemetery, Kingston. In addition to his wife, three sons survive, Harold and Albert of Kingston and John C. Stewart Jr. of Cementon; six daughters, Mrs. Henry Seyler of Saugerties, Mrs. Herbert Kassman of Kingston, Mrs. Herman Wynkoop of Pittsfield, Mass., Mrs. Joseph Pavlak of Catskill, Mrs. Frank Sloboda and Mrs. George Terpening Jr. of Saugerties; 17 grandchildren and one sister, Mrs. Minnie Brandow of Saugerties. Born at Mt. Marion on April 27, 1885, son of the late Thomas and Anne Blackburn Stewart, he was married on April 10, 1903, and for a short time resided in Kingston. He later took up residence in Evesport, and in West Camp. Coming back to Kingston, he resided here until March 30, 1920. He and Mrs. Stewart then moved to Cementon where they continued to reside until a year ago, following his retirement when he moved to Saugerties. Mr. Stewart started to work at the Alpha plant in 1911 and after a short time as brakeman on the plant's engines, he took over as engineer and continued in that position until his retirement. He had served as engineer on three steam engines and finally a diesel for approximately four decades. His familiar smile and ready handwave to those who passed were symbolic of his good nature and friendliness. He served under six superintendents at the Alpha plant and at the time of his retirement received a letter of congratulations on his excellent record. He was a member of Catskill Lodge 468 F & A M, and had always been an ardent supporter of community and civic organizations and movements.

Two Troopers Hurt

Glens Falls, Sept. 2 (AP)—Two state troopers participating in the manhunt for a gunman who shot a Lake Placid policeman fatally were injured Tuesday when their patrol car skidded on Route 9 and crashed north of Lake George into a power pole and tree. Trooper Herman R. Gallati, 24, and Trooper Francis X. Kenny, 26, were reported in good condition today at Glens Falls Hospital. Members of Troop K, Hawthorne, they had been moved upstate after Patrolman Richard Pelkey, 31, of Lake Placid was wounded fatally and two others were wounded seriously by a gun-wielding burglar in a summer home Aug. 5.

Card of Thanks

I wish to thank my friends and neighbors for the many flowers and expressions of sympathy extended to me in the recent loss of my husband.

Signed,
ORPHA HORTON.

(adv.)

DIED

BARRINGER — At Kingston, N. Y., Tuesday, Aug. 31, 1954, Edward N. Barringer of Stone Ridge, N. Y., beloved husband of Elizabeth Shanaghan Barringer; devoted father of Mrs. Elting Sickler, Mrs. Helen Harris and Mrs. Evan Cox; dear brother of Mrs. Otto Burhans, Mrs. Jack McGuigan and Joseph Barringer. Also surviving are three grandchildren.

Funeral will be held from the George J. Moylan Funeral Home, Main street, Rosendale, Saturday, Sept. 4, 1954, at 9:30 a. m., thence to St. Peter's Church, Rosendale, at 10 a. m., where a high Mass of requiem will be offered for the repose of his soul. Interment in St. Peter's Cemetery, Rosendale. Friends may call at the funeral home from 10 a. m. to 10 p. m.

HAGELE — Entered into rest Tuesday, Aug. 31, 1954, Mary Hagele (nee O'Neil), wife of the late Martin Hagele, and mother of Martin H. Hagele, and sister of Ellen O'Neil.

Relatives and friends are invited to attend the funeral from the late residence, 85 Abeel street, Satuday morning at 9:00 a. m. and from St. Mary's Church 9:30 a. m., where a high Mass of requiem will be offered for the repose of her soul. Burial will be in St. Mary's Cemetery. Friends may call at the residence Thursday and Friday from 2 to 5 and 7 to 9 p. m.

Attention Officers and Members of St. Mary's Rosary Society

Officers and members of St. Mary's Rosary Society, are requested to meet Friday evening, Sept. 3, at 7:30 p. m. at the home of our late member, Mrs. Mary Hagele, 85 Abeel street, Kingston, to recite the Rosary for the repose of her soul, and to attend the Mass Saturday morning at 9:30 o'clock.

MRS. VINCENT CARPUTO,
President.

Byrne Says Keys Aided Escape of 'Trigger' Burke

Boston, Sept. 2 (AP)—Dist. Atty. Garrett H. Byrne said last night that keys were used to open two of the four Suffolk County Jail doors through which masked gunmen reached and freed Elmer "Trigger" Burke last Saturday.

Byrne said two steel bars of a third door were filed away hours before the escape, and the fourth and last door, the jail yard door, had its lock sprung in advance to ease the work of Burke's accomplices.

Nine persons, including the master of the prison and four jail guards, were questioned before a grand jury investigating the daring escape of the New York gunman.

BYRNE SAID that thus far the special grand jury probe has resulted in these findings:

Burke and his accomplices planned the raid and escape for days.

They had to have inside information and inside help. They received this "inside" help over a week ago.

They had to have keys to get inside the wall and to enter the small brick building leading from the obsolete Charles street door to the jail yard door. They got these keys by duplicating the only set in the possession of jail authorities.

Burke's accomplices got into the brick structure, which is seldom inspected, probably last Friday, the day before the split-second escape. They cut away the lower bars—then replaced them—and pulled up a reel of fire hose to hide their work.

THEY REMOVED the screws from an old fashioned jail yard gate probably the same day, then barely replaced them, but just enough to hold. Then they sprung the lock tumblers.

When they came to deliver Burke Saturday the "break in" had already been accomplished, the district attorney said.

Man Resembling Killer Seen in New Jersey

New York, Sept. 2 (AP)—Bronx detectives said early today that a man who apparently resembles Elmer (Trigger) Burke the suspected killer who escaped from a Boston jail, had been seen yesterday in Rochelle Park, N. J.

The detectives made the announcement after questioning Clarence Stokes, of 1417 Needham avenue, the Bronx, in whose car the man was riding.

Stokes, operator of a business in Ridgefield Park, N. J., told the detectives he picked up a hitchhiker near Rochelle Park and took him to the New Jersey end of the George Washington Bridge.

THE DESCRIPTION of the hitchhiker Stokes gave the detectives appeared to tally with that of the fugitive longshoreman, who broke out of jail last week.

Detectives Albert Ditmar and Vincent Langan called on Stokes after tracing the license number given them in a message from the Rochelle Park police chief.

Stokes said the hitchhiker told him he was going to Alpine, N. J., less than 10 miles north of the bridge.

The detectives said the message from the Jersey community stated that the man resembling Burke had been seen in Stokes' car about 5 p. m. by Frank Golden, of Edgewater, N. J.

Brandon Fined As Disorderly

David Brandon, 31, of 37 Chambers street, charged with disorderly conduct early Wednesday after several downtown incidents drew police attention, was given the choice of paying a fine of $25 or spending 25 days in jail when he appeared today before City Judge Raymond J. Mino. He paid the fine.

Brandon had pleaded guilty when he faced the judge yesterday and imposition of sentence was postponed until today. Arrested with him was Mylus Williams, 31, of 15 West Strand, who had pleaded innocent to disorderly conduct and was found guilty after trial today. He was given a suspended sentence of 30 days pending his good behavior.

POLICE INDICATED the arrests were for use of indecent language some of which was directed at Patrolmen Harold Bowers and Hydrect Armstrong, and Peter Camp, who were checking on reported trouble in the downtown area.

Clinton O. Kemp, 39, of New York and William J. Wolfell, 34, of 13 Second avenue, had been arrested a few minutes earlier on public intoxication charges. Kemp paid $30 as restitution for a window broken at 9 East Union street, and Wolfell forfeited $10 bail.

Factory Building $10,000 Addition

Work started today on an extension of stock room facilities on the building of The Fuller Shirt Co., Inc., 45 Pine Grove avenue.

The addition is to be built on the rear and to the side of the building facing Broadway. The cost of the project as listed on an application for a building permit will be $10,000.

Jupiter is 87,000 miles in diameter.

Eluding Sheriff Costs $75, Brings 10-Day Jail Term

Benjamin Herrera, 39, of New York was fined a total of $75 and sentenced to 10 days in jail on several traffic charges resulting from his reported attempts to elude a deputy sheriff by speeding from Rifton to New Paltz on Tuesday night, Deputy Peter Peterson of Rifton reported.

Peterson said he was called to the Rifton Country Club about 11 p. m. Tuesday, where Herrera was reportedly causing a disturbance in the lobby.

Upon the deputy's approach Herrera got into his automobile and sped away on Route 213, Peterson charged.

REACHING SPEEDS of 65 to 70 miles an hour, they sped through Rifton to Route 32, through the village of New Paltz to Route 208, where Peterson finally forced him to stop about four miles beyond New Paltz, the deputy reported.

Arraigned before Justice of the Peace Allan Dargie of New Salem, Herrera was committed to jail in lieu of bail for a hearing Wednesday night, at which time he pleaded guilty to charges of driving without a license and speeding and reckless driving, Peterson said.

Herrera was fined $25 on the license charge, and $50 plus a 10-day jail sentence was given him on the speeding and reckless driving charge.

Orangeburg Pay Pair Sentenced

New York, Sept. 2 (AP)—Two New Jersey men who pleaded guilty last Aug. 17 to a $33,000 payroll robbery on April 16 in Orangeburg, were sentenced today by Federal Judge Alexander Bicks to terms totaling 21 years in prison.

Edward Ryan, 27, of 71 Palisale avenue, Emerson, received a 12 year term and Stanley Kowalski, 25, of 9 Green street, Hackensack, was sentenced to nine years. They could have received maximum terms of 20 years each.

The pair seized the payroll, destined for the Orangeburg Manufacturing Co., at gunpoint.

Federal agents recovered $9,600 of the money under floorboards in Kowalski's home and $12,600 in Ryan's home.

New York Boy Is Accidentally Shot

Richard Buccellato, 11, of 1434 Crosby street, New York, was accidentally shot in the lower chest when a .22 calibre riflle in the hands of a playmate accidentally discharged about 4 p. m. Wednesday at Marlborough, state police reported.

The boy was taken to St. Luke's Hospital in Newburgh, where his condition was not considered serious, according to the troopers.

State police said the playmate was Dominick Favata, 13, of Marlborough. Investigation satisfied authorities that the shooting was accidental, according to Trooper John Metzer of the BCI. Favata was not held.

Revival Is Barred

Phenix City, Ala., Sept. 2 (AP)—Evangelist Billy Graham was invited to conduct a revival in this once gaudy, bawdy river town, but the military commander in charge of law enforcement here said no. The Phenix City Ministerial Alliance asked the famed missionary to come here to campaign against sin after he finishes his month-long revival a Nashville, Tenn., and Gov. Gordon Persons added Alabama's official welcome to the invitation. But Maj. Gen. W. J. Hanna, in charge of national guardsmen maintaining martial law, said yesterday he feared his men would not be able to handle the crowds expected to attend such a revival.

Leaders Go to Tokyo

Tokyo, Sept. 2 (AP) — British Labor party leaders, just finished with a tour of Red China, landed in Tokyo tonight for a visit to Japan that does not include a call on Prime Minister Shigeru Yoshida. A large group of Japanese left and right Socialists met the British Socialist party of seven in a drizzling rain on their arrival from Hong Kong. The Japanese Socialists, bitter opponents of the Conservative Yoshida, have booked a heavy schedule of conferences for the Britons but did not arrange for a call on the prime minister.

Woman Eludes Man

New York, Sept. 2 (AP)—A man carrying a knife and wearing a black domino mask robbed and attempted to rape a blonde business woman last night in her Riverside Drive penthouse. Screaming and clawing at her attacker, Mrs. Tatjana Puhalla, 30, fought her way free.

Picketing Continues

New York, Sept. 2 (AP)—Picketing by AFL longshoremen continued today outside Pier 32, Hudson river at Canal street, as eight regular and six extra gangs worked two freighters of the Moore-McCormack Line which arrived during the night.

Would Balk Aggressors

Washington, Sept. 2 (AP)—The American Legion gave overwhelming backing today to a proposal calling on the United States to meet any further Communist aggression in southeast Asia by "immediate military retaliation."

Yachtsmen on Grand Lake, Colo., say theirs is the nation's highest anchorage — 8,369 feet above sea level.

To Stop McCarthy On Taking Secrets From Workers

Washington, Sept. 2 (AP)—Senators looking into the question of whether Sen. McCarthy should be censured today dug into the charge that the Wisconsin senator has encouraged government employes to slip him official secrets.

This meshed the new inquiry directly into the recent McCarthy-Army hearings, and the result was a round of polite sparring with McCarthy's attorney, Edward Bennett Williams.

Part of the transcript from the old hearings was read into the record by E. Wallace Chadwick, committee counsel, including McCarthy's own statement that he had instructed a vast number of federal employes "that they were duty-bound to give me information even though some little bureaucrat has stamped it secret to protect himself."

Also into the record went a quote from McCarthy that the oath every government employe takes to protect and defend his country "towers far above any presidential secrecy directive. And I will continue to receive information such as I received the other day."

WILLIAMS, took exception to this last passage as not presenting the full picture and being "almost out of context."

McCarthy himself wasn't in the room at the time. Outside the hearing, the Wisconsin senator was still seeking to make an issue of what personal views of him are held by Sen. Edwin C. Johnson (D-Colo.).

In an interview with reporters, which was filmed for later TV showing, McCarthy said Chairman Watkins (R-Utah) had ruled in effect that it was all right if members of the special committee investigating his conduct were not impartial.

"It's the most fantastic statement I ever heard of," McCarthy said.

"In a judicial proceeding prejudice always disqualifies the judge."

McCARTHY said he had watched TV last night and had seen Watkins "smilingly say that it was unimportant if some members of the committee were prejudiced."

The Wisconsin senator said it was "inconceivable" to him that the chairman of the committee would do this, particularly, McCarthy added, when "this is supposed to be a judicial proceeding."

On each of the first two days of the hearing, McCarthy unsuccessfully demanded that the committee direct that Sen. Johnson, its vice chairman, say whether he had been correctly quoted by the Denver Post last March as saying that all Senate Democratic leaders "loathe" McCarthy.

JOHNSON has said at the hearings that he did not say he personally loathed McCarthy, but beyond that he has declined comment on the Denver Post interview. He has said, however, that if he did not feel he could weigh the censure charges impartially he would not be participating in the hearing.

Watkins, in ruling that the committee would not consider the matter, said the constitution made the Senate the judge of its own members. In any disciplinary move against a member, he said, there was no way a Senator could be disqualified because of prejudice against, or prejudice for, the member who was in effect brought to trial.

McCarthy's lawyer wired the Denver Post last night asking it to confirm or deny the correctness of those quotes attributed to Johnson. McCarthy said a telegram had been received from Robert W. Lucas, editorial page editor of the Post saying simply "confirmed."

NATO . . .

pean nations, particularly France, to come up with new ideas for dealing with the aftermath of EDC's defeat. They are hoping that some line of action will develop clearly in Europe within the next two weeks.

4. The British government reportedly wants a meeting with leaders of the United States and the six EDC countries before the proposed NATO session. American officials indicated they would study the British suggestion, but they wondered whether such a meeting could be fitted in. The EDC countries are France, Italy, West Germany, The Netherlands, Belgium and Luxembourg.

5. There is no thought in Washington, and apparently none in London, of making any effort to revive EDC. Nor is there any real interest here in trying to put over some watered-down version such as Mendes-France might suggest.

The urgent problem of the moment is regarded here as being to bolster Adenauer's position by granting the Germans sovereign equality at the earliest possible time — within a few weeks at the latest. Officials here say a German contribution is essential to the successful defense of western Europe, and that every necessary step must be taken to prevent West Germany from reorienting its policies away from the western powers and toward Russia.

The Joiners

News of Interest to Fraternal Organizations

The regular meeting of Charles DeWitt Council, 91, JOUAM, will be held Friday at 8 p. m. at Mechanics' Hall, 14 Henry street. Refreshments will be served. A large attendance of members is requested.

Williams Is Held As Speeder, Has Accident Uptown

Le Roy Williams, 23, of 31 East Union street, was arrested by Officers Harold Bowers and Hydrect Armstrong shortly after midnight on a charge that he was speeding on North street, and at 2:48 a. m., he was reported involved in an accident on Washington avenue.

The information charged that Williams had been speeding at 50-miles an hour when they arrested him. He was paroled for court appearance later today, and at 2:48 a. m., Officers Joseph Kivlan and George Dohnken reported him involved in the mishap in front of 203 Washington avenue.

THE WILLIAMS car, the officers said, was headed south on Washington avenue when it was in collision with the car of H. J. Harrison, of 203 Washington avenue. The Harrison car, struck in the rear, was forced against a pole, the report said. The Williams car was towed from the scene.

Williams suffered a chest injury, the officers said. He was due to appear before City Judge Raymond J. Mino today, but apparently because of the injury, the case was put over until Friday.

Merritt Home Is Damaged by Fire

A fire of undetermined origin damaged a clothes closet and upper hallway in the home of Mrs. E. L. Merritt, 180 Albany avenue this morning.

Men and equipment from Central and Wiltwyck stations and Wicks Engine Co. answered a call at 10:35 a. m., today and confined the blaze to the closet and hallway.

Deputy Fire Chief Harold Sanford said the fire, which started in the closet containing bed clothing, was so hot that it charred the tops of four bedroom doors and blistered other doors along the hallway toward the rear of the building.

The closet was under a stairway leading to the attic. The blaze was checked with two inch-and-a-half lines with fog nozzles. Firemen covered furnishings downstairs to prevent water damage and damage to the rest of the house by smoke and water was not extensive.

$100 Fine Given In Exposure Case

John Francis Brady, 45, of 35 Garden street was arrested by state police Wednesday night on a charge of indecent exposure. Arraigned before Justice Wilfred Doolittle of the village of Rosendale, Brady pleaded guilty and was fine $100 plus a six-month suspended sentence, the troopers said.

The arrest was made by Troopers Raymond Kowalski and M. J. Valliant following investigation of a complaint at 3:25 p. m. Wednesday that a man stopped his automobile in the village of Rosendale near a group of eight girls, aged 14 and 15, and blew the horn, attracting several of the girls to the car. The girls claimed the man then exposed himself, state police charged.

New York City Produce Market

New York, Sept. 2 (AP) (USDA) — Wholesale eggs barely steady to weak. Receipts 15,787. (Wholesale selling prices based on exchange and other volume sales.) New York quotations follow: Includes nearby: Whites: Top quality (48-50 lbs) 47-47½; mediums 29-29½; smalls 21-21½; peewees 15-17. All are invited to these services. Regular Hebrew School classes will start Sept. 13 at 3:45 p. m.

The nutritive value of heather is highest in spring, lowest in mid-winter.

Financial and Commercial

New York, Sept. 2 (AP)—The stock market continued to make good progress in the early afternoon today in the second session of its recovery.

Some gains went to around 2 points, and there were quite a few around the 1-point level. Losses were small.

The rise lacked vigor, however, and trading was at a pace in the neighborhood of yesterday's low 1,790,000 shares.

Stocks making the best showing were in the steels, railroads, motors, non-ferrous metals, oils, aircrafts, chemicals, and issues affected by corporate developments.

Quotations by Morgan Davis & Co., members of the New York Stock Exchange, 63 Wall street, New York city; branch office 41 John street. R. B. Osterhoudt, manager.

Strike Hits Sao Paulo

Sao Paulo, Brazil, Sept. 2 (AP)—The first of a threatened series of strikes since the suicide of President Getulo Vargas Aug. 24 hit Sao Paulo, South America's greatest industrial center, today. But union leaders failed in attempts—reported backed by Communists—to make the work stoppage complete. About 30 per cent of the buses and half the street cars in the city were operating. Stores opened their doors under police protection. Street markets also were open for business. In the nearby industrial town of Sorocaba, 40 per cent of the factories were operating, but city transportation facilities were closed down. Many union members had indicated they would refuse to join the strike, called to press demands for higher pay and frozen prices.

Castillo Runs Country Alone

Guatemala, Sept 2 (AP)—Col. Carlos Castillo Armas headed Guatemala's government alone today following dissolution of the three-man Junta he had led for two months. He said he had the National Army behind him in his new status.

The cabinet appointed the leader of last June's anti-Communist revolt as president yesterday shortly after the other two Junta members, Col. Elfego Monzon and Maj. Enrique Oliva, resigned.

Castillo declared after the cabinet session that the two had not quit under pressure and praised them for a "patriotic attitude."

THE PRESIDENT said the change to one-man rule was necessary to consolidate the "National Liberation movement and guarantee the tranquility and wellbeing of the country."

Monzon, the army representative on the old Junta, also told reporters it was "absolutely indispensable to place power in the hands of a single person."

There has been growing agitation for Castillo to take over full power ever since his "Liberation Army" marched into the country from Honduras in June and forced the ouster of ex-President Jacobo Arbenz Guzman's pro-Communist regime.

September Set For Sight Saving

Mayor Frederick H. Stang today issued a proclamation designating this month of September as "Sight-Saving Month," and he urged all to engage in a program of prevention of blindness on the ground that "an ounce of prevention is worth a pound of cure."

The proclamation stressed that "Eyes are one of the precious possessions of mankind," and without them "the shutter of the human camera is permanently blacked out."

Sometimes, he said, this is forgotten and sight is lost through carelessness. He asked cooperation with science and medicine toward the prevention of blindness, and proposed eye examinations at least once a year.

200,000 Out of Jobs

Providence, R. I., Sept. 2 (AP)—Rhode Island's hurricane's losses multiplied today as state officials counted 200,000 unemployed because of lack of electric power. Hundreds of broken power lines forced a shutdown of manufacturing plants in all parts of the state, and some owners said it will be at least two weeks before they can resume operations. There were 17 known dead, and two others unaccounted for. Unofficial estimates were that the total loss in the state will be far more than the record 100 million dollar loss in the 1938 hurricane disaster.

Headwaters of the Amazon River lie high in the Andes Mountains, west of Lake Titicaca.

Think It Through

By EDWARD F. HUTTON

Are you interested in money? Let's take a squint at the staggering and momentous debt we owe, and the billions spent.

From 1789 through 1953, the total spent was $888 billion dollars. In 13 years since 1940, we have spent $730 billions, or $572 billions more than the previous 151 years.

Mr. Hutton

What have these billions of dollars gotten us? Are we and the world better off? Has international security been promoted? Where's the end?

Recall the promises our leaders made as they pushed our boys into wars since 1940? The UN was to be marvelous. "Peace in our time."

Maybe it was all inevitable—though turned to dust and ashes. But before we fall for more pots of gold at the end of political or Pentagon rainbows—"think it through"—before we are swept into another war.

Suppose we had drawn a line down the middle of the Atlantic and Pacific; stayed on our side of the line and spent hundreds of billions building a naval and air defense of the Northern Hemisphere — stronger by three or four times the combined air and sea forces of all the rest of the world.

Meantime, suppose we had let Hitler, Stalin and the Japs — the dictators — destroy each other until weary.

It's an interesting thought, neighbor!

Women's Work

Belleville, N. J. (AP)—The "only men apply" occupations are shrinking. Pretty Miss Lucille Constantino has been licensed to service the equipment of radio stations and aircraft equipment. Not many women are licensed for this type of work. A Federal Communications Commission licensing officer called Miss Constantino, an air force veteran, a rarity.

Smallest

Smallest Democratic representation in the U. S. Senate occurred in the 39th Congress, 1865-67, when there were only 10 Democratic members; smallest Republican representation, was in the 34th Congress, 1855-57, when there were only 15 Republicans seated.

Alaskan Coastline

Alaska, with an area of about 586,000 square miles, has a 26,000-mile coastline, which is longer than the coast of the continental United States.

LEGAL NOTICES

STATE OF NEW YORK COUNTY COURT, ULSTER COUNTY—HENRY CAMERON and ETHEL C. CAMERON, Plaintiffs, against JESSIE T. MARTIN, if living and if deceased, his distributees, heirs at law, devisees or purchasers, and JANE DOE, such name being fictitious, the person intended being the wife, if any, and if living of Jessie T. Martin, defendants.

In pursuance of a judgment of partition and sale made and entered in the above entitled action bearing date the 4th day of August, 1954, and entered in the Ulster County Clerk's office on the 4th day of August, 1954, I the undersigned referee in said judgment named, will sell at public auction AT THE FRONT door of the Ulster County Court House, in the City of Kingston, Ulster County, New York, on the 18th day of September, 1954, at 10:00 o'clock in the forenoon of that day, the premises directed by said judgment to be sold and therein described as follows:

ALL that tract or parcel of land, with the buildings and improvements thereon situate in the Town of Lloyd, County of Ulster and State of New York being bounded and described as follows:

BEGINNING at a corner near the northeast corner of a spring house and about 285 feet east of the Town Road; and running thence N. 55° W. along an old wall and along lands of Elting Martin for 352 feet to an angle in the wall on the south side of the old cemetery; thence continuing along Martin and partly along a wall N. 24° 40' W. for 3225 feet to a stone in Bear Fly Swamp; thence S. 55° E. partly along a wall and a wire fence and along lands of Abbadessa for 3600 feet to stones on a low ridge on the southeast side of a swamp; thence S. 47° W. along lands of Elting Martin and crossing a swamp for 758 feet to an angle point about 50 feet east of an old cellar hole on a ridge; and thence S. 55° W. still across the swamp and along Martin for 828 feet to the point or place of beginning, containing 69.5 acres more or less.

ALL BEARINGS refer to magnetic north as in May, 1951.

Proposal blanks and envelopes will be furnished without charge.

Dated: 8/26/54

LEGAL NOTICES

Completion of Assessment Roll

The Assessment Roll for the City of Kingston for the year 1954 has been finally completed and filed in the office of the City Clerk, at the City Hall in the City of Kingston, N. Y., where the same will remain open to inspection for FIFTEEN DAYS.

Dated at Kingston, N. Y., August 31st, 1954.

WINFIELD SWART
Assessor

NOTICE

I will collect taxes at my home on Flatbush Road, R.D. #1, Box 361½, beginning Wednesday, Sept. 15 and every day thereafter except Friday from 8 a. m. to 1 p. m. and Sunday from 9 a. m. to 1 p. m.

ANNE A. HAMILTON
Collector, Treasurer
Flatbush School
Sch. Dist. #16
Town of Saugerties

THE PEOPLE OF THE STATE OF NEW YORK—To the Sheriff of the County of Ulster:

GREETING:

Whereas, a Term of the County Court of the County of Ulster is to be held at the Court House, in the City of Kingston, N. Y., on the 7th day of September 1954.

You are hereby commanded to summon the several persons who shall have been drawn in said County of Ulster pursuant to law to serve as Trial Jurors at said County Court, to appear thereat.

You are commanded to bring before the said Court all prisoners then being in the Jail of said County, together with all process and proceedings in any way concerning them in your hands as such Sheriff.

You are commanded to make Proclamation, in the manner prescribed by Section 222-c of the Code of Criminal Procedure, notifying all persons bound to appear at the said Court by recognizance or otherwise, to appear thereat, and requiring all Justices of the Peace, Coroners, and other officers who have taken any recognizance for the appearance of any person at such Court, or who shall have taken any inquisition, or the examination of any prisoner or witness, to return such recognizances, inquisitions and examinations to the said Court at the opening thereof, on the first day of its sitting.

WITNESS, Hon. John M. Cashin, County Judge of Ulster County, at the Court House in the City of Kingston, this ninth day of August, in the year one thousand nine hundred and fifty-four.

HOWARD C. ST. JOHN
District Attorney
of the County of Ulster

In pursuance to the above precept, I hereby make Proclamation that a term of the County Court of Ulster County and Jail delivery will be held at the Court House in Kingston, in and for the County of Ulster on the 7th day of September, 1954 at 2:00 o'clock in the afternoon of that day: and all persons who will prosecute against persons confined in the jail of said County are required to be then and there present, to proceed as may be just; and all persons bound to appear at the said Court by recognizance or otherwise, are required to appear thereat; and all Justices of the Peace, Coroners or other Officers who may have taken any recognizance for the appearance of any person at the said court. Or who may have taken any inquisition or the examination of any prisoner or witness, are required to return such recognizance, inquisition and examination to the said Court, at the opening thereof on the first day of the sitting thereof and to be then and there present, with their rolls and records, indictments and remembrances to do those things which to their offices pertain.

Dated, City of Kingston, August 9, 1954.

CLUETT SCHANTZ
Sheriff of Ulster County

NEW YORK SUPREME COURT, THIRD JUDICIAL DISTRICT—IN THE MATTER of the Application and Petition of IRVING V. A. HUIE, RUFUS E. McGAHEN and EDWARD C. MAGUIRE, constituting the Board of Water Supply of the City of New York, to acquire real estate for and on behalf of the City of New York, under Title K of the Administrative Code of the City of New York, in the County of Delaware, for the purpose of providing an additional supply of pure and wholesame water for the use of the City of New York.

CONSOLIDATED DELAWARE SECTION NOS. 12, 12A and 13 and RONDOUT RIPARIAN SECTION NOS. 3, 4, 5 and 6, SULLIVAN and ULSTER COUNTIES

PLEASE TAKE NOTICE, pursuant to Section K41-15.0 of the Administrative Code of the City of New York, that the Seventh Separate Report dated July 28, 1954, of GEORGE P. LANE, FRANCIS J. O'NEILL and ROBERT INTEMANN, Commissioners of Appraisal, was duly filed in the office of the Clerk of the County of Ulster on August 3, 1954, and that a certified copy of said report was filed in the Sullivan County Clerk's office on the same date.

PLEASE TAKE FURTHER NOTICE that the aforesaid report will be presented to the Supreme Court, at a Special Term, PART I thereof, to be held in and for the Third Judicial District, at the Albany County Court House, in the City of Albany, New York, on the 24th day of September, at ten o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard, and at that time and place, the Corporation Counsel of the City of New York will move for the confirmation of the aforesaid report, and the objections, if any, to the confirmation of said report, or any part thereof, shall be heard at such Special Term.

Dated, August 20, 1954.

Yours, etc.,

ADRIAN P. BURKE
Corporation Counsel
of the City of New York
41 John Street
Kingston, New York

'Pachuco,' . . .

Chances are many haven't the slightest idea what 'Pachuco' means.

"We know what it means but it's impossible to translate accurately. We heard it as long ago as 1941 and it came into usage in 1943 in the riot-fights between zoot-suiters and servicemen in Los Angeles.

"The term Pachuco came to the coast from the El Paso, Tex., border country during the war. It's a Mexican slang expression originally applied in derogatory meaning to the 'zooties'—the smart-alecks, tought, hoodlums or whatever you wish to call them of Mexican descent who wore long coats, peg-top, ankle-tight pants, duck-tail haircuts and thick-soled shoes.

"BUT NOW IT has lost that significance. It has been adopted by, or applied to, youngsters who are, or think they are, toughs of all grades. But we find it no longer applies only to Mexican-Americans. The kids recently involved show no pattern of nationality or race. It's simply become a symbol associated with the very widespread youthful gang problem.

"In fact, the viciousness today—the knives, beer can openers used as slashing weapons, saps, billies, switch-knives, palm saps and guns, the wanton cutting, beating or shooting of victims without reason—go far beyond the original zoot-suit or Pachucho troubles where just plain fists frequently were the only weapon."

WHITLEY SAID one Caucasian youth at Chanute had a "code of Pachuco," rules including no "rat'ing" on fellow members, no cooperation with authorities, helping each other. He said that was the only instance he had ever encountered of such a "code" and he is convinced it was "just one kid's bright idea."

In San Diego, Calif., where there have been as many as 150 tattooed Pachucos at one time at the Marine Corps Recruit Depot, Col. Thomas Williams, chief intelligence officer, commented:

"After more than a year's investigation, we can definitely say here that these Pachuco boys have turned out to be just as good marines as any."

Storm Toll . . .

still under water at Napeague, with passengers being transported by bus from Amagansett to the end of the island.

The New Haven Railroad said it had been operating according to timetable schedules since early yesterday, but with some trains subject to delay because of ballast washed out of tracks at several shore points.

The New York Central Railroad reported normal operations since early yesterday.

IN WESTCHESTER county, which escaped the full fury of the hurricane along with the rest of the metropolitan area, county and municipal authorities closed all beaches on Long Island Sound for several hours yesterday because sewage plants had been flooded by the gales. All beaches but one were reopened after the flood tide had swept the pollution back to sea.

The closed beach is at Glen Island, the county park on the sound at New Rochelle. The tide had carried away floats, safety ropes and other equipment.

Resort areas on Long Island reported damage was rapidly being repaired so that all facilities would be ready for Labor Day weekend.

Strange Seed Pods

Potato growers sometimes are puzzled by the seed pods, looking like tomatoes, which grow on the plants, but experts say that if the seeds are planted, each separate seed will develop a different kind of potato, almost never the same kind found on the plant that produced the seed.

West Germany Asks Sovereignty

Bonn, Germany, Sept. 2 (AP) — Chancellor Konrad Adenauer's government called today for "full and undiminished" sovereignty for West Germany, and indicated it expects that freedom before—not after—new talks are held on a German contribution to western defense.

Federal Press Chief Felix Van Eckhardt told a news conference:

"There is no such thing as 90 per cent sovereignty. We want full and undiminished sovereignty."

Attlee Says . . .

he was an expert on eyewash and would not be fooled by conducted tours, false statistics and unsubstantiated claims.

He said the touring Laborites were permitted to go where they wanted in China, although they had Communist companions with them constantly.

"We found China run by the Communist party on principles on which we do not agree," he said. "We tried to understand their point of view and we drew certain conclusions. One was that the Communists are making great reforms in China and this is a new departure in a government in that nation.

"We found the government incorruptible," he added. "We were impressed with the remarkable work in public health and especially with their anti-fly campaign."

HE SAID CHINA was the one Asian country where he saw no flies in the market place.

Attlee said China's Red leaders face an immense task and, in contrast to the Russians, they make no pretense about it.

"They admit they have a great deal to do yet and that there are many shortcomings," he said. "In Russia they tell you the whole world is inferior to Russia and things Russian are the best. I heard no such boasting in China."

He said he saw some representations of the church movement in Red China but had formed no opinion beyond the opinion that antipathy to foreign missionaries was more nationalistic than communistic.

COMMUNIST FEELING about the Nationalist Chinese bastion of Formosa is strong, Attlee said. He added he had found nobody in Red China who advocated a peaceful settlement of the Formosa question—unless it be a peaceful surrender by Chiang Kai-Shek's forces.

Attlee said he personally felt Formosa should somehow be neutralized.

He said he did not specifically take up the question of American prisoners in China, but that in a general discussion he had argued that it was a mistake to hold people against their will.

He said since his group was not a trade mission, it did not discuss trade matters in detail. But he said he gathered that the Reds want to trade with the west.

ATTLEE SAID he saw evidence that:

1. Peiping still leans heavily on Moscow for supplies — although he saw "no overt examples of Russian influence inside China."
2. Freedom of thought and speech are restricted.
3. The trade union movement is an instrument of the Communist government.

Attlee said his talks with the Chinese were frank and pleasant.

"I believe we should get as close a contact as possible between East and West," he said. "I found a desire for more friendship."

Attlee said it was "anybody's guess" why Peiping authorities had invited his group to China. "Probably to try to improve relations," he added.

Nixon Says . . .

horse race. I think it is extremely close in the House, extremely close in the Senate.

"You could make a pretty good case for a statement that the Republicans are slightly behind in the House, slightly ahead in the Senate. Analyzing it in another way, it can be argued that they are slightly ahead in the House as well as the Senate. It could go either way."

However, he insisted the election could be won if the candidates pegged their campaigns on President Eisenhower's record of "peace, progress and prosperity."

REPUBLICANS WON in 1952 because Eisenhower symbolized a demand for a change, Nixon said. The issues then were Korea, communism, controls and corruption, he said.

He said he thought the party had given the voters "the change they wanted," adding:

"We have brought dignity and respect to the highest office in this land."

Nixon told the party leaders he held neither a "wildly optimistic outlook" nor a pessimistic one.

The Cincinnati Enquirer quoted Nixon as saying every Republican candidate was not all one might like. He even mentioned a name or two, the Enquirer said without specifying what the names were. But, the newspaper reported, Nixon insisted those Senate candidates were better than their opponents. And he said every Senate seat at stake might mean the control of Congress.

AT ANOTHER point in his talk to party leaders, Nixon said the President would support the election of all Republican candidates.

Nixon, himself, denounced as "inexcusable," such defections as that in New Jersey where some Republicans are openly opposing their senatorial candidate, Clifford Case.

A reporter later tried to reach Nixon to question him about the reported statement that all Republican candidates were not all that one might like. But the vice president had checked out of his hotel.

"THE DEMOCRATS have no great and compelling issue," the vice president said at a press conference. "The one big issue on which they relied has been pulled out from under them—and that was an economic depression or recession."

In private he said that what he called power-hungry big city and left wing Democrats would capture the government if the Republicans failed to conduct a winning drive.

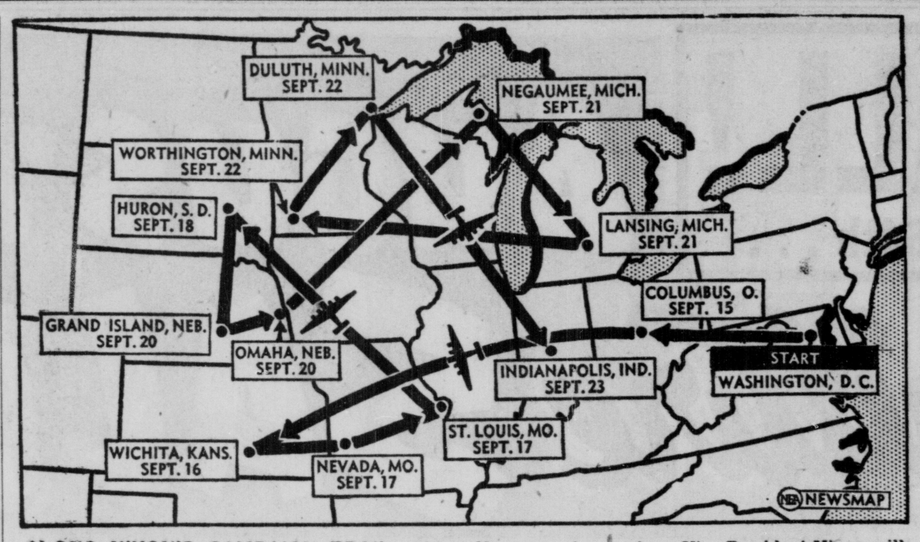

This, he said, would be a disaster to the party and to the country.

Statue Goes to Capital

New York, Sept. 2 (AP)—A giant statue of the historic Iwo Jima flag-raising — the biggest such monument ever cast in bronze—started for Washington, D. C., today in 108 pieces on three big trucks. The 100-ton, 78-foot high statue will be erected on the northern edge of the Arlington National Cemetery in honor of marines who have fallen in battle. Trucks carrying the monument are expected to reach Washington late today or tonight. They will be unloaded Sept. 6 and the statue erected by Sept. 20.

Legion Is Opposed

Washington, Sept. 2 (AP)—The American Legion voted today to fight vigorously against any move to bar the use of atomic weapons or to come to any agreement with the Russians on atomic matters at this time. At the same time, Legionnaires winding up their 36th annual convention called on the nation to build up its strength—particularly its air arm—and get going at once on an effective and expanded civil defense program.

ALONG NIXON'S CAMPAIGN TRAIL—Above Newsmap shows where Vice President Nixon will campaign in behalf of Republican candidates in the November elections. He has pledged an all-out effort to assure a GOP-controlled Congress next year. Mr. Nixon will do all his traveling by airplane.

Eisenhower's Plea

he did not want another term. Gov. Dewey said several months ago he would announce his decision 'before the end of spring ....'

"Mr. Nixon reportedly has confided that he is doing all he can to persuade Gov. Dewey to make the race. The vice president and other national Republican leaders have expressed concern over reports that their party faces a real battle in New York if they are to retain control of the state government and return a strong Republican delegation to Congress...."

Dewey was an early leader in the drive to get Eisenhower to run for President.

Moose Bake Sunday

The annual clambake will be held by Kingston Lodge 970, Loyal Order of Moose, Sunday on the grounds of the temple, West Chestnut street, in the garden where tables will be set up for the occasion. There will be refreshments from 11 a. m. until the bake is served in the afternoon. Some tickets are available at the club and may be reserved by phone.

200 Dead Are Given to UN

Panmunjom, Sept. 2 (AP)—The mournful notes of taps echoed across a green valley near here for the second day today as the Communists returned from North Korean battlefield and prison camp graves the bodies of another 200 allied soldiers.

The bodies of 151 Americans, 3 Britons, 33 Koreans and 13 unidentified as to nationality were delivered.

The bodies were brought to the neutral zone exchange site in eight dark green Russian-built trucks.

The UN Command turned over to the Communists bodies of 600 North Koreans who died and were buried in allied territory.

Stang Urges Gifts TO AME Church

Mayor Frederick H. Stang today proclaimed Friday and Saturday Sept. 3 and 4 as Franklin Street AME Zion Church Tag Days."

Religious institutions have been uppermost in the minds of the city's citizens, and this congregation, "in order to carry out its work in the religious field, has come to the citizens with its annual tag days."

"I urge our people to support these days wholeheartedly," he said.

SITE OF ANNUAL PILGRIMAGE—Columbia county's House of History at Kinderhook, which will be visited by members of the Ulster County Historical Society Saturday, Sept. 18.

Pilgrimage Is Planned by Ulster Historical Society

Members of the Ulster County Historical Society will make their annual pilgrimage to Columbia county's House of History at Kinderhook on Saturday, Sept. 18, it was announced today by Mrs. William F. Hasbrouck, president.

Included in the day's program will be a luncheon at the Dutch Church after which James E. Leath, president of the Columbia County Historical Society, will speak.

THE HISTORIC Columbia county landmark was built in 1810 for Judge James Vanderpoel and although 144 years old the stately early American era home stands almost in its original state. Much of the work to restore the home was done by the Columbia Historical Society which now uses the home as its headquarters, museum and historical library.

Built of pink brick made in Columbia county, the House of History is of spacious proportions with delicate carving and paneling and it is regarded as an outstanding example of the Federal period of American architecture, a period noted for the classical simplicity of design and perfection of detail.

A COMBINATION of New England and Hudson river influence in the design of the Kinderhook landmark is noted. A former Hudson man, Barnabus Waterman, who was the architect, was of old England stock and a pupil of Bullfinch, the famous Boston architect.

The Columbia County Historical Society has furnished the House of History with fine examples of Chippendale and Duncan Phyfe furniture, portraits and porcelains, an unusual heart-shaped spinet and the accounting or rent table from the Old Livingston Manor. Another outstanding feature of the house is the delicate flying staircase in the entrance hall and the large leaded glass windows and doors.

ALSO OF interest are the beautiful brocade curtains especially woven by Franco Scalamandre in designs and colors typical of the period, as well as the Federal design wallpapers given by Nancy McClelland, New York decorator. Also included are costumes of exquisite workmanship and an interesting collection of costumed dolls.

President Leath, during his talk following the luncheon, will speak briefly on special points of interest in the house and of the people who for so many years lived in it and made it a gracious center of the social life of the county and state. Following the talk, members will make their pilgrimage.

Grange News

Pomona Grange

The Ulster County Pomona Grange will hold its quarterly meeting in Asbury Grange Hall, Asbury, beginning at 2:30 p. m. Friday. Supper will be served at 6 p. m. The evening session will open at 8 p. m. The program is planned around a trip to Europe with illustrated slides. Mrs. Helene Mollenhauer is the lecturer in charge.

Carlson Assails Adlai Stevenson

Washington, Sept. 2 (AP)—Sen. Carlson (R.-Kas.) said today Adlai E. Stevenson was "either incredibly misinformed or politically vicious" in attributing to the Eisenhower administration failure to revise the Taft-Hartley Act this year.

Carlson said the 1952 Democratic presidential candidate "should have read the record on Taft-Hartley," and he continued in an interview:

"If he had, he would learn that every single Democrat in the Senate on May 7 voted to send the revision bill back to Labor Committee, where they knew it would die on the vine."

Stevenson said in a Chicago speech last Monday that "politics dropped to a low plane, indeed, in connection with this matter of revising the Taft-Hartley Act." He declared the White House had "produced some reasonable proposals" for changing the basic labor-management law but "then withdrew them under . . . obvious pressure."

Carlson said it was true that "politics dropped to a low plane," but he blamed the Democrats for putting it there.

Ford Family May Sell

Detroit, Sept. 2 (AP)—A spokesman for the Ford Motor Co. last night said speculation by Fortune magazine that Ford soon would offer its family-owned stock for public sale was "a pretty reliable story." The Fortune story said the multi-billion-dollar auto firm will sell the stock to the public in an attempt to gain financial strength and nose out General Motors Corp. for leadership in production and sales in the industry. The spokesmen, who declined identification, said he had been told neither to deny or confirm that the company was planning the move. "The Fortune article is just speculation," he said, "and not too bad, at that." Ford's gross sales have been estimated at 4 billion dollars a year. Its profits—after taxes—are said to run about $15,000,000 a month.

Marcano Indicted

Riverhead, Sept. 2 (AP)—Ralph Marcano, the husky necktie painter accused of beating his 19-month-old daughter to death with a belt, yesterday was indicted for first degree manslaughter. Marcano's common law wife, Janet Sharkey, 23, was indicted by the Suffolk county grand jury for endangering the life of the child, Thrabrit. Marcano, 30, was arrested July 9. He said he beat the girl with a belt because she cried. Marcano is free in $25,000 bail and his wife is free in $10,000 bail.

Phone Co. Asks Another Hearing To Increase Rates

Stressing its need for added revenues to offset the effects of mounting costs, the New York Telephone Company today asked the Public Service Commission to re-hear its application for an increase in rates.

President Keith S. McHugh, in announcing the action, said the company took sharp exception to both the economic and legal grounds for the Commission's August 5 order which denied the application.

"IT IS IRONICAL," he said, that in one of the best years of the post-war boom, our earnings should be sliding steadily downward. So far this year, we failed to earn the regular dividend by $1,574,000. For the full year 1954—a year in which other successful businesses will show substantial earnings beyond dividends—our prospects are that the regular dividend will not even be earned."

He pointed out the commission's order admits that telephone rates on the average are only 16 per cent higher than before World War 2. "In contrast," he said, "the cost of living generally has risen 92 per cent.

"The commission agrees," he pointed out, "that our earning power under present rates shrinks with every piece of equipment we install at today's high costs."

THE COMPANY'S PETITION criticizes the commissioner's refusal to consider the current value of telephone plant as a base for earnings. It points out that the language of the law is so clear that "no other conclusion can be reached than that a value standard was intended," and alleges that the commission errs in holding to an original cost standard far below current costs.

The telephone company seeks an increase of 72 cents a month for most home phones and $2 a month for most business phones, higher toll charges and higher rates for some other services. It estimates the changes would increase its overall income by approximately 10 per cent according to the Associated Press.

The petition further declares that the commission is acting contrary to the long established policy of the State of New York to foster and promote the growth of business enterprise.

"IN JUST OVER 10 years" the petition states, the number of telephones in service has doubled, and both the plant on the books and the capital investment have more than doubled in the last seven years. Nearly $700,000 of new plant and equipment to improve and expand telephone service has, on the average, been built every working day since the war.

"This has required $850,000,000 of new capital—more than had been needed in the entire previous history of the company and more than has been invested in New York state by any other company since the war. All of this has been accomplished with an increase in rates of only 16 per cent on the average.

THIS INCREASE is the smallest overall postwar increase in rates in any state and, together with the proposed increase of 10 per cent, would still have been well below the average increase in telephone rates for the country as a whole....

"The effect of the Commission's opinion is to ignore these accomplishments and to penalize the company for efficient management."

The company's construction program this year will total $185,000,000 and should continue at the same high level for the next several years.

A Favorite

Add half a cup of grated cheddar cheese to a package of pie mix; use sliced fresh apples or canned apple slices for the filling. This combination is usually a favorite with men.

WESTERN STEAK FOR LUNCH—President Eisenhower and former President Herbert Hoover get set to sample broiled steaks prepared by Ike at Nielson, Colo., ranch, Sept. 1. The Eisenhowers are vacationing in Colorado. (AP Wirephoto).

FANCY PANTS—Actress Gloria Swanson, left, and her daughter, Michele Farmer, are right in style wearing their slacks at the 15th International Film Festival in Venice, Italy. Dress designer Emilio said that slacks are not only idea for lounging, but are here to stay as formal dinner attire.

Tavern Theft Is Told to Police

Wine and liquors valued at $55, contents of a juke box and a coin telephone were taken in a recent theft from the Delaware Avenue Tavern, 583 Delaware avenue, it was learned today.

Police were notified of the theft yesterday, and it was reported that the person or persons who entered, forced a rear lower-floor window and a door leading into the tavern on the floor above.

The coin telephone, ripped from the wall, was taken from the tavern by the person or persons who entered the building.

Detectives Clarence Brophy and Frank Sammons are investigating.

Clem Shaver Dies

Fairmont, W. Va., Sept. 2 (AP)—Clem L. Shaver, 87, former Democratic party national chairman, died in a Fairmont Hospital yesterday. He was named chairman during the Democratic convention at Madison Square Garden in New York in 1924. He directed the unsuccessful presidential campaign of John W. Davis and his running mate, Charles W. Bryan. Shaver was an attorney but quit the practice of law about 1930 to engage in buying and selling coal lands.

With only slight interruption, a yacht has been provided for the President of the United States since 1873.

Do You Remember

By SOPHIE MILLER

Donald C. Ringwald, author historian of Kingston, who recently had one of his articles on the Mary Powell published in the American Neptune and another on the Hendrick Hudson in Ships and the Sea magazine, told me that the local Senate House Museum will have an extensive Mary Powell exhibit from Sept. 18 to Oct. 15. He said, that they are anxious to have those who have any items on the Mary Powell to contact Mrs. Terwilliger at the Museum, as perhaps those items could be included in the exhibit. I think such a show should bring out a lot of interesting items and pictures as folks in this part of the Hudson Valley are always interested in the history of the Powell. She was a boat without parallel when it came to speed, beauty and grace and owned by a father and son team. The Powell was always headline news up and down the Hudson and in the New York city newspapers. The stories about the Powell are endless and no doubt this exhibit will bring out even new angles.

It is always a pleasure to look through magazines like Ships and the Sea for each article is well illustrated and written by men who know and are interested in their particular subject. There are no make-believe or modern horror stories but all fact items written with vigor. One article called Sombrero or Island With a Past by W. J. Redgrave and photos by author on which he takes you the rounds with George Herelle, inspector of lights and telephones for past 18 years is like going into another strange world. This island of Sombrero lighthouse is "suspended in the strategic Anegada Passage which separates the Virgin Island from the Leeward group in the West Indies." Mr. Herelle makes these trips annually so the author ragged along this time.

For those who are like me, and never heard of Sombrero's history, it was known as Spanish Hat to British seamen, when first visited by them in 1814. They returned in 1825 and reported to the British government that the island had valuable phosphate deposits but the report was shelved. Some 30 years later, enterprising Americans took possession, according to author, and soon were shipping out 100,000 tons of fertilizer. Such large scale operations excited local comment, which in turn attracted a British survey party already at work in the West Indies. They reported to the Royal Agricultural Society that it was the richest phosphate deposit then known. Consequently Britain protested a violation of territorial rights and the American company ceased operations although Britain kept on till the close of the century.

The author's first glance over the lip of Sombrero was like peering at another planet. While his friend the lighthouse inspector was taking a needed rest for the afternoon the author explored this strange island. He wrote: "Not a speck of soil clings anywhere. There is nothing to see but limestone, coral and a few fossils. Heavy seas surge over the rock and swill away any soil placed there by man from time to time. Lighthouse-keepers have tried many times to grow things without much luck. One did actually grow a palm tree but one night the sea took it clean away. But there are now thousands of various birds and many sloops come there to cart away eggs for kitchen use." Perhaps some of the readers have heard of this island as at one time Americans were in possession of it.

Bert Acosta, 59, Dies in Denver

BERT ACOSTA, 1933

Denver, Sept. 2 (AP)—Bert Acosta, whose teenage flights in home-made planes heralded later ventures to aerial fame, died yesterday, ravaged by cancer and tuberculosis. He was 59.

Death came to the sad-eyed birdman at Jewish Consumptives' Relief Society sanatorium here two years after he collapsed on a New York sidewalk with what was diagnosed as an advanced case of tuberculosis.

During his fabulous lifetime, Acosta was in turn a World War 1 flight instructor, pathfinder for the U. S. Air Mail Service, holder of the 1921 world speed record and co-holder of a flight endurance mark.

HE LATER BECAME a test pilot and aviation consultant, and made his last flight as a pilot in 1946.

Relatives said Acosta's body will be cremated and the ashes scattered over the Pacific Ocean near Los Angeles by Cmdr. George Noville.

Acosta, a native of San Diego, Calif., was the son of a southern California mining engineer.

Twice married, Acosta was the father of two sons and two daughters.

As Pegler Sees It

great ports of New Orleans and Houston and the tremendous manufacturing centers around them are legitimate southern phenomena.

The unions have seen their opportunity and hopped to it. A little killing and non-fatal shooting and bombing are trivial incidents in the conquest of such a new field. Like the Yankee, however, the actual wage-earner in this new south is not shrewd enough to discern the hidden hand and the ultimate purpose of those who fan hatred in his heart, post him on picket lines under professional gauleiters imported from New York, and present him with raises which he would have received anyway as natural development, if perhaps a little later.

The invasion of other states by New York letterhead fronts which use slush funds to destroy congressmen, senators and governors who are opposed to almost unrestricted immigration, to federal "education," to communism and the United Nations is a new development. The scheme is clever and the machines are small, agile and efficient. If successful, the plot would place the power of government, national and state, in the hands of puppets beholden to unseen, unknown individuals operating from New York offices and deluxe apartments.

(Copyright, 1954, King Features Syndicate, Inc.)

Tree toads belonging to the class of amphibia are sometimes called "peepers."

25th Precinct Is Unusually Slow

New York, Sept. 2 (AP)—"Unusually slow" is the report from the first day of mass-policing a rough and tough East Harlem precinct in a four-month experiment.

Capt. John McKeon, deputy commander of the 25th Precinct, told a newsman early today:

"It was unusually slow yesterday. It may have been because of the extra policemen on the street, but it's too soon to tell."

McKeon took note of the department order banning release of crime statistics for the precinct until the experiment is completed. The department has said spot news will not be censored.

The precinct's strength was increased from 220 to 670 officers, uniformed men and detectives as "Operation 25" began yesterday morning on orders of Police Commissioner Francis W. H. Adams. Among the reinforcements were 250 probationary patrolmen, the entire graduating class of the Police Academy.

ADAMS, CONCERNED with mounting crime in the city, conceived "Operation 25" as an experiment to determine how well crime can be controlled by a sufficient police force operated efficiently.

The police department roster rose to an all-time high of 20,207 yesterday as 389 probationary patrolmen and 5 policewoman were sworn in.

Adams has been calling for 7,000 more policemen, and for higher salaries to bolster morale and to make the job more attractive to recruits.

The 25th Precinct is the third most crime-ridden in the city. It covers only a square mile, but is jammed with 120,000 people of a dozen different nationalities and races.

Delicate Strand

A silkworm cocoon may yield 400 to 1000 yards of filament. This strand is so delicate that some 2000 to 3000 cocoons are required to produce one pound of silk.

Uptown Business Meets Tonight

The general fall kick-off meeting of the Uptown Businessmen's Association, Inc., will be held at 8 o'clock tonight at the Hotel Stuyvesant.

Louis Kantrowitz, president, said the meeting is for all members, friends and prospective new members.

Among the items to be discussed is a proposal to sponsor a block party in October.

Hungry Dream

Rockford, Ill. (AP) — Edwin Kenna, 45, was arrested for walking into an unlocked supermarket, helping himself to two frozen chickens, a loaf of bread, a beef meat pie, a carton of cigarettes and a can of frozen strawberries. Store manager Victor Pozzi who reported the theft said the cash in the till was untouched. Kenna told police it was "all like a dream."

CLOSING THE RING—These kittens seem a trifle apprehensive as they close in on this tiny skunk, as it was fully equipped. However, moments later, the kittens proved hospitable and welcomed their new friend to the Fletcher Tigner Ranch, northwest of Deming, N. M.

Railroad Relics

Effner, Ill. (AP) — Railroadiana of all kinds is being collected here by R. H. Egbert, chief engineer of the Toledo, Peoria and Western Railroad, who also has charge of the road's new historical museum called the Tee Pee. Besides the collection of photos of old steam engines, there are such divergent relics of the past as a drive wheel from an old steam engine, an ancient coupler, old caboose lights and a myriad of other items.

Farmer Gets Help

Petoskey, Mich. (AP)—Harvey Brubaker imported 600,000 farm workers from Phoenix, Ariz., to help him with his 1954 potato crop. The farm hands were ladybugs and came by plane. Brubaker figured each ladybug would eat 45 insects a day and multiply at the rate of 15-to-1 in the first 15 days. They eat aphids, lygus, flea hoppers, small worms and their eggs.

North Carolina was the first state to vote for independence.

Light to Change

Norfolk, Va. (AP) — Middleground light in Hampton Roads will have a new wink for seafarers after October when it becomes a completely automatic operation. Lighthouse Tender Harvey Mayer and two enlisted Coast Guard men will be shifted from the 62-year-old light station to other assignments. The sun, rising and setting, will take over the duties of turning the light on and off. The present signal of 18 seconds light followed by a two second flash will be supplanted by a wink of light every two seconds. The light will cost $2,000 a year to operate instead of $20,000.

Baking Hint

If you use aluminum foil during baking, use a section only slightly larger than the baking utensil. If the entire bottom of the oven is covered with foil, it will cut off circulation of heat and prevent correct cooking.

AMERICAN MENU

Pineapple Crown Cheese Cake Is a De Luxe Dessert

PINEAPPLE CHEESE CROWN CAKE, made from a San Francisco recipe, is a de luxe party dessert.

By GAYNOR MADDOX
NEA Food and Markets Editor

In her apartment on one of the hills of San Francisco, Esther Hall served us a remarkable cake. We lunched near a window that looked out toward the Pacific Ocean in the general direction of Hawaii—home of the pineapple.

Pineapple Crown Cheese Cake

One and one quarter cups fine graham cracker crumbs, 2 tablespoons melted butter or margarine, 2 tablespoons sugar, 2 8-ounce packages cream cheese, 1 cup sugar, 3 eggs, 1 teaspoon vanilla, 1 pint commercial sour cream, chilled pineapple tidbits red currant jelly.

Sprinkle sides of a 9-inch, buttered spring form pan with 2 tablespoons of the crumbs. Mix together remaining crumbs, butter and sugar. Pack into bottom of pan. Let cream cheese soften at room temperature. Beat until fluffy. Gradually beat in sugar. Add eggs, one at a time, beating after each.

Fold in vanilla and room temperature sour cream. Pour over crumbs in pan. Bake in moderately hot oven, 375 degrees, 30 minutes. Turn off heat and allow cake to cool in oven, about 1 hour. Chill.

At serving time, top with a crown of drained canned pineapple and dots of currant jelly. This is very, very rich so small wedges are in order, perhaps with additional chilled pineapple.

While fresh cultivated blueberries are still in the market, have a good time with this New Jersey waffle recipe.

Blueberry Bacon Waffles
(Yield: 8 medium waffles)

Two eggs, 1¾ cups all-purpose flour, 2 teaspoons baking powder, ½ teaspoon salt, 1 tablespoon sugar, 1 1/3 cups milk, ½ cup (1 print) butter or margarine, melted, 1 cup blueberries, 6 slices crisp bacon, crumbled.

Beat eggs until foamy with rotary egg beater. Sift flour, baking powder, salt and sugar together into eggs. Add milk and beat smooth. Add melted butter or margarine and beat until batter is smooth. Fold in blueberries and bacon. Bake on a hot waffle iron according to manufacturer's directions. Serve with butter or margarine and syrup.

* * *

TOMORROW'S DINNER:

Scalloped frozen fillets with shredded green pepper and grated Parmesan cheese, parsley potato balls, buttered beets, hard rolls, butter or margarine, romaine and sweet onion and tomato salad, French dressing, pineapple crown cheese cake, coffee, tea or milk.

29 More Sail

Ancona, Italy, Sept. 2 (AP)—Twenty-nine more Yugoslavs have sailed across the Adriatic to seek political asylum in Italy, raising to 53 the number who have fled the Communist nation by sea in 10 days. Josip Punos, 33, landed his small boat here yesterday with 24 refugees aboard. They included 8 men, 7 women and 9 children. Five other Yugoslav men came by boat to Benedetto Del Tronto.

Moran School Predicts Progress In Mid-Hudson

City and state officials should be given wholehearted support and encouragement in their efforts to keep pace with the march of progress here in the Mid-Hudson area. The opinion was expressed today by Joseph J. Morgan, principal of the Moran-Spencerian School of Business.

A resurgence of business activity in this area is well under way, said Morgan, adding that foresight will be needed to meet the increased demands that the immediate future will surely bring. People in all the affected communities must recognize the urgency of speeding the completion of projects that will make adequate provision for the social and economic needs of the new era now taking tangible form.

In making wise provision for definite future needs, our communities will doubtless increase greatly the expenditure of public funds, but such expenditures must be regarded as sound investments that will pay tremendous dividends in the very near future.

IN DISCUSSING employment possibilities in this area for secretaries, accountants, and other skilled office personnel, Morgan is most optimistic in his prediction of the fine future that the entire Hudson Valley region holds for the young people who this fall will enter upon courses of specialized training in preparation for careers in business.

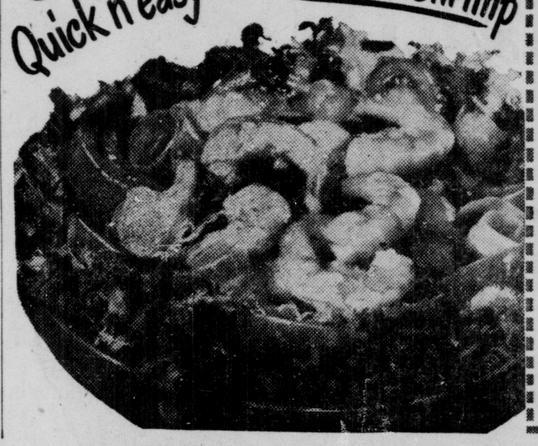

Nowhere, he declared, is the outlook more promising than here in the Mid-Hudson area. He recalled that in the past many young people went elsewhere to seek their fortunes; they could envision no future possibilities here. But times have changed! Giant projects, now under way, will soon bolster the economy of this entire region. Today's graduates can look forward confidently to achieving success here at home.

A CASUAL SURVEY of the environs of Newburgh, Poughkeepsie, and Kingston discloses vast community growth and expansion—convincing evidence of the change that is taking place over a wide area. A progressive program of improvement in transportation facilities, making quickly accessible the world's greatest markets, would seem to point to a constantly increasing flow of new business into the Hudson Valley region.

Express highways play an important part in the far-flung distribution of the benefits resulting from increased industrial activity. Communities within a radius of 50 miles or more derive benefits in varying degree from the expansion of industry in a given area.

Current developments, Morgan believes, are merely the early manifestations of a new era of progress which will encompass the entire Hudson Valley and will, in his opinion, within a few years, result in the virtual transformation of this region.

Summer Salads Quick'n'easy with Canned Shrimp

RECIPE

They're already cooked, ready to eat—economical. No shells or waste — 100% shrimp meat. Insist on Blue Plate Canned Shrimp.

SHRIMP SALAD BOWL

Crumbled crisp bacon
Blue Plate Brand Canned Shrimp
Boiled white onions Sliced celery
Carrot curls Tomato wedges Salad greens
Use French Dressing, made with Wesson Oil

The flavor secret is in these plump, tender shrimp. They're light and tempting to the taste, yet rich in nourishing vitamins, minerals, protein, iodine.

Scented Bait

Lansing, Mich. (AP)—Michigan has set 5,000 traps to determine whether a $150,000 campaign to wipe out a gypsy moth invasion was successful. They are baited with the scent of female moths. The Michigan gypsy moth infestation was the first located west of Pennsylvania although the foilage-devouring pests have been common in New England and some other eastern states for years.

THE BIG TWO FOR YOU...
Flavor-Wise!

ALL MEAT-Yes!
FLAVOR-FULL-Of course!

What ever your choice in franks, FORST FORMOST has it. In the familiar red and yellow package you can buy the famous Forst Skinless Frank. In the new Blue and White package, the tender all-beef frank. Both are made under rigid U. S. Government inspection.

A PLUS FEATURE— Forst Formost franks are *all* meat. No filler or artificial coloring are used. You can depend on FORST. They're delicious. Get both kinds today!

FORST PACKING CO., INC., KINGSTON, N. Y.

Weekly Food Review

By The Associated Press

Those favorite holiday items, smoked hams and turkeys, will take top billing in food stores of the nation on the upcoming Labor Day weekend. If either of those don't take your fancy, however, you'll find features in a good number of other meats.

Stores will be offering turkeys in all sizes. Reductions on turkeys and on the smoked hams will range up to 10 cents a pound from week-ago prices.

LEGS OF LAMB will be another popular special, with prices down a couple of cents a pound. Fryers also will be featured in many markets.

And you'll probably find lower pork prices in your store, reflecting sharp declines in hog prices. The popular pork loin roast will be offered at lower prices in many areas, and pork chops, long on the expensive side, will be off rather sharply. One large chain plans these reductions in pork chop price tags from a week ago: 4 cents a pound in Jacksonville and Pittsburgh, 6 cents in Philadelphia, 8 cents in Washington, 10 cents in New York, Boston, Chicago and Detroit and 14 cents in Los Angeles.

WHAT'S MORE, meat specialists report that you can look for still lower pork prices after Labor Day. The latest drop in the wholesale market has not yet been reflected at retail.

Wholesale beef prices were higher this week, and at retail prices held unchanged or advanced a couple of cents a pound. That old standby, chuck roast, still is considered a bargain by food men, however. Veal also offers good value, they say.

The U. S. Department of Agriculture picked broilers and fryers as the "food headliners" of the week. It suggests taking chicken along on Labor Day picnics. And for something different, says the USDA, how about oven barbecued chicken?

YOU'LL HAVE no trouble finding fresh vegetables to go with your holiday dinner. Especially worthwhile, say produce men, are egg plant, peppers, cabbage, onions, potatoes, corn, and squash. And on the list of "good buys" are sweet potatoes, cauliflower, celery, lettuce, and beans.

The hurricane that swept up the eastern seaboard this week interrupted supplies of produce at midweek, but demand also was light because of the storm. Some prices advanced a bit.

Watermelons are considered a good buy these days. And grapes and peaches also are recommended. Blue-skin grapes have begun to appear in some eastern markets.

IN SOME AREAS, plums and prunes are moderately priced. Oranges and grapefruit from California declined slightly at wholesale during the week. Florida supplies are light.

Coffee is getting cheaper all the time. Last week, leading chains dropped prices a dime a pound, and now further cuts are being made on a sectional basis. Some chains in Ohio have cut prices on their brands by another 10 cents, and a similar move is underway in the New York area.

Why We Say--

When children go to the "Land of Nod," they go to sleep. The original "Land of Nod" was a curse imposed upon Cain in the Bible after he slew his brother. Cain was condemned to a life of wandering because his punishment stated that his land—"The Land of Nod"—would yield no return.

Aged Teacher

Mt. Pleasant, Mich. (AP) — At 70, Mrs. Anna Schofield is both a student and teacher. She attends summer school at Central Michigan college each summer and teaches during the winter. A widow, she is 27 times a grandmother.

Apartment Defined

Hartford, Conn. (AP) — An apartment is an apartment only if it has private toilet facilities, says an official ruling here. Otherwise it's a rooming house or a hotel. The opinion was sought by the fire department as a guide to enforcement of the fire laws. The requirements for rooming houses and hotels are more stringent than for apartment houses.

Chefs use GULDEN'S Mustard in cooking HAMBURGER
AND HAVE FOR YEARS AND YEARS

Try hamburger this rich, chef's way. Spread with Gulden's or mix 1 tablespoon to each pound *before* cooking. Gulden's gives FLAVOR *like nothing else can.*

NEW FOR HOUSEHOLD USE...
SYLVANIA CELLOPHANE
for wrapping everything from food to furs!

AT LAST— the perfect answer to all your home wrapping problems! Sylvania Cellophane is moisture-proof — protects foods. It protects clothing against moths and mildew. It's dust-proof—keeps things sanitary. It's just what you've been waiting for!

Here's why 3 out of 4 housewives in city-wide surveys prefer Sylvania Cellophane wrap:

Keeps all foods fresh and moist longer! Cakes, sandwiches, refrigerated and frozen foods retain their flavor—won't dry out.
Transparent! Eliminates need for marking or unwrapping.
Non-Sticky! Won't stick to frozen foods or freezer.
Extra-Strong! Won't tear apart when wet.
15" Wide! More adaptable, more economical!
Easy-to-Seal! Use hot iron or cellophane tape.
Stores wools, clothing safely! Protects from moths, mildew, dust. Can be sealed air-tight.
Wraps gifts attractively! Handy for all of those special occasions.
. . . and many more time-and-money-saving uses. Try it—and see. Ask for Sylvania Cellophane at your local chain or grocery store today.

THE MARQUEE

T.V. — STAGE — RADIO — RECORDS — PEOPLE

By DICK KLEINER

THE RECORD SHOP: Nat "King" Cole, the Capitol big gun, has made off-beat songs pay off for him. He'll record numbers other singers wouldn't touch with a ten-foot microphone, and make hits out of them.

"The public," Nat says, "have come to look for me to do off-beat, arty songs like 'Nature Boy' and 'Too Young.' Not all the time, but every so often, **Artie Shaw** and I were talking about that a while ago—and he said I was lucky and could sing whatever I pleased and the public would still like it."

* * *

Ever alert to pass on helpful tips, I now present you with a brief course entitled "How to Get Along with **Eileen Barton.**" Miss Barton, you know, is the cute chick who rode to fame on a record called "If I Knew You Were Coming, I'd Have Baked a Cake."

Since that item appeared and made her a fortune, she can't go anywhere without somebody giving her a cake. Sponge, devil's food or angel. All kinds. And here's the big secret—she doesn't like cake. So, if you know Eileen Barton's coming, don't bake her a cake—bake her a potato.

"I'm a meat and potato gal," says Eileen. "Actually, I rarely eat anything sweet."

Eileen believes that her dislike of cake has saved her from a fate worse than death—becoming fat. She's had so many cakes presented to her that a sweet tooth would have led to a sour figure. And her figure is worth preserving. She has an 18-inch waistline.

"It goes to 21 inches when I go on a binge," she says. "A potato binge, or a Hungarian spaghetti binge."

(Aside to housewives: Hungarian spaghetti is something her grandmother makes. It's spaghetti with cream cheese and butter and fried onions. If you want the exact recipe, don't ask me. Ask Eileen.)

When she's not eating Hungarian spaghetti or potatoes, Eileen still makes fine records for Coral. Currently, she's trying to get away somewhat from the novelties that first made her famous. Her present record for Carol, "Sway", and the next one, "And Then," are both ballads. She likes to sing ballads.

"It's going to be a busy year for her. Besides dodging gift cakes, she's going to do a show at the Copacabana, and she's booked to appear on Max Liebman's "spectaculars" over NBC-TV.

"I'd heard Mr. Liebman wanted me for the leading girl vocalist," she says, "but I didn't believe it—until I saw the contract."

Nothing like a contract to make a gal believe.

* * *

The Four Tunes, on Jubilee, first recorded "That Old Feeling." Their biggest hit was "I Understand Just How You Feel." Now they have one out called "The Greatest Feeling in the World."

They seem to have a feel for the record business.

(All rights reserved, NEA Service, Inc.)

(Wool Bureau Photos)

COLOR CONTRAST is used to enliven this tweed suit. Its chocolate brown background is brightened by yellow, blue and red flecks.

TOWN TWEEDS combine the casual look with the tailoring qualities of fine worsteds. This suit has small gray and black checks.

Guards Are Rebuked

Berlin, Sept. 2 (AP)—Communist police guarding the Russian zone's 858-mile border with West Germany have been rebuked sharply for "lack of watchfulness," the anti-Communist fighting group against inhumanity reported today. The West Berlin group said Gen. Hermann Garthmann, commander of the 30,000-man East German border police, complained chiefly about the "great number of uncontrolled border crossings" and threatened officers and men with "harsh measures."

Of the 60,000,000 acres of land in England, northern Ireland, Scotland, and Wales, 48,000,000 are used in agriculture.

Wedding Is Canceled

New York, Sept. 2 (AP)—The wedding of shipping heiress Laura M. Franklin and socialite Clifford Vail Brokaw 3rd, set for next Tuesday, has been canceled. The young woman's father, John M. Franklin, president of the United States Lines, announced yesterday that the engagement "has been terminated by mutual consent." The announcement added that all invitations for the wedding at fashionable St. Bartholomew's Church were "withdrawn." No reason was given for the abrupt cancellation. Miss Franklin is 25. Brokaw, 28, is a graduate of Yale University and served with the U. S. Marines in Korea.

Ready for the weekend?

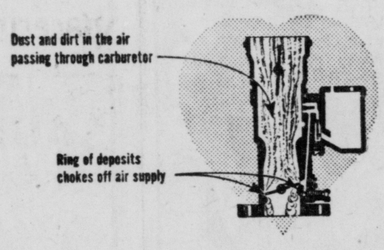

The World's first "Detergent-Action" gasolines

Don't let this happen to you!

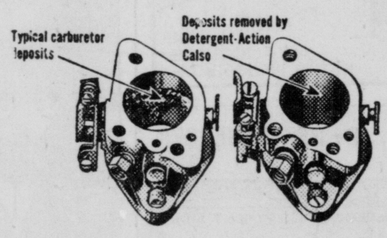

The traffic in front of your car begins to move. You put your foot on the gas, and nothing happens. Your engine has stalled. Not the most pleasant thing to do in holiday traffic! What's the trouble? Your car has the symptoms of carburetor deposits caused by oil-laden vapors, dirt, soot and exhaust from other cars.

This is your car's carburetor, the "heart" of the engine. Carburetor deposits choke off its air supply, making the engine idle roughly, die in stop-and-go traffic.

"Detergent-Action" Calso Gasolines clean out these deposits while you drive. Up to now, the only cure was to have the carburetor adjusted or a "boil-out" job done by a repair man. But "Detergent-Action" Calso Gasolines clean out these deposits and keep them out.

As long as you use "Detergent-Action" Calso Gasolines, you'll be safe from carburetor deposits and their symptoms, "traffic" stalling and rough idling. You'll get money-saving gasoline mileage . . . enjoy all-around new-car performance. Pack up your carburetor troubles this weekend . . . tank up with "Detergent-Action" Calso—you'll never go back to old-fashioned gasolines!

"Detergent-Action" Calso Gasolines available at the big red Calso sign from Maine to Virginia

Mayor—I never saw the park littered so with paper as it is this morning. How do you account for it?

Superintendent — The Park Commissioner had leaflets distributed yesterday asking people not to throw paper about.

* * *

I have used the same sewing machine for the last 54 years and never broke as much as a needle on it. — Mrs. Erma M. Dexter, South Royalton, Vt.

* * *

A flashy character barged into a Detroit saloon, demanded a double jigger of Scotch, downed it in one gulp, planked a five-dollar bill on the counter, and walked out without another word. The bartender folded the fiver carefully, pocketed it, and remarked to the bar flies,

Bartender — Can you beat a phony like that? Laps up a double Scotch, leaves a five-dollar tip, and beats it without paying!

* * *

A small boy on an outing fell into a little stream.

Grown Up—Now how in the world did you manage to do that? (as he was being fished out).

Boy—Well, I was looking at the water. Then I heard a ker-plunk—and it was me.

BARBS

Relax! The only Friday, the 13th of 1954 has just passed and if you're reading this, you got by okay.

* * *

It's always good weather when good fellows get together

—but the storm breaks when they get home.

* * *

Hang on to U. S. bonds and bonds of matrimony. Both pay mighty nice dividends.

* * *

If it weren't for pet dogs, what would a henpecked husband have to criticize?

Personal Job

Hamden, Conn. (AP)—Detective Sgt. Hugh Mulhern took personal charge of the hunt for the hit and run driver who injured an 11-year-old boy riding a bicycle. Within an hour, Mulhern tracked down the driver and arrested him. The injured boy was Mulhern's son.

Migrated to U. S. A.

The cattle egret, a member of the heron family native to Spain, Africa and warmer regions of Asia, has recently migrated to the United States.

North Carolina's total 1954 peanut acreage has been estimated at 175,00 acres. The 1953 total was 184,000.

FUNNY BUSINESS

By HERSCHBERGER

"I lost my husband and she found him! Now what do I do?"

That's No Worm

Charleston, S. C. (AP) — Children digging for fishing worms behind a downtown residence here turned up a human skeleton and brought police running. They discovered that the skeleton was wired together — and that the residence had once been used by college medical students.

Sherman, Conn., is named for Roger Sherman, a shoemaker, and one of the authors of the Declaration of Independence.

Doctor at Work

Cresson, Pa. (AP)—The newest appointee to the staff of resident physicians at Cresson State Sanitarium has the shortest name of any doctor to serve the institution. Dr. S. H. Ma and his attractive wife are Chinese. His wife is a nurse The physician and his wife, a childhood sweetheart, came to the U. S. in 1951 separately to escape increased Chinese Red oppression. They were married in New York.

Local Junior League To Be Co-Hostess At Region Meeting

Mrs. Raymond Garraghan, president of the Junior League of Kingston, announced today the meeting of Region 2 of the Association of Junior Leagues of America is to be held November 16 to 18 at the Vassar Alumni House, Poughkeepsie.

Kingston and Poughkeepsie Junior Leagues will be co-hostesses to the 22 leagues comprising this region including two Canadian leagues, Hamilton and Toronto.

Presidents Mrs. Raymond Garraghan of Kingston and Mrs. Philip Potter, Jr. of Poughkeepsie are in charge of arranging the program and welcoming the delegates to this three day session. They will be assisted by Mrs. Richard Lumb and Mrs. John Teasdale of Poughkeepsie and Mrs. Gifford Beal and Mrs. Herbert Shults of Kingston.

The agenda includes workshops in welfare and children's theatre, a visit to Hyde Park with Mrs. Roosevelt presiding and a tea given by the joint board of directors of Kingston and Poughkeepsie leagues.

Rev., Mrs. Guice, Formerly of Area, Mark Anniversary

The Rev. and Mrs. Robert B. Guice of Monroe were honored at a surprise silver anniversary dinner at Hidden House, Carmel, Sunday. The couple had traveled to Carmel intending to surprise Elmer J. Lee, brother of Mrs. Guice, on his birthday.

The Rev. Mr. Guice served the West Hurley, Ashokan and Glenford Methodist Churches from 1941 to 1944.

The couple were married at Mt. Carmel Baptist Church, Carmel, Sept. 1, 1929, with the late Rev. A. I. Ehle, pastor, officiating. Mrs. Guice is the former Dorotha Lee, daughter of the late Sherwood B. and Eva B. Lee of Holmes. The Rev. Mr. Guice was then pastor at Five Points Mission, New York city.

The Guices were attended by Miss Ethel Ferguson, the late Mrs. Merle Greene, Mrs. Guice's cousin, who was her maid of honor. Miss Geraldine Overbaugh, now Mrs. Ernest Bartholomew of Coxsackie; Miss Evelyn Betts, now Mrs. Evelyn Schlaile, Carmel, served as bridesmaids.

Fraternal twins were born to the couple during the pastorate at Modena. The children are Richard Robert, now at Drew University Seminary, Madison, N. J.; and Ruth Janet, now married to the Rev. Kenneth L. Miner, student at Hartford Seminary Foundation, Hartford, Conn.

Following the dinner Sunday, the family and close friends were entertained at the Elmer Lee home, and were served with a wedding cake as part of the refreshments.

Guests included Mr. and Mrs. Richard Guice, the Rev. and Mrs. Miner, Mrs. Evelyn Schlaile, Mr. and Mrs. Ernest Bartholomew, Ramona and George; and Roger J. Lee.

Annual K of C Picnic To Be 2-Day Event

The annual Knights of Columbus picnic will be held at the Council Home Sunday and Monday beginning at 2 p. m., it has been announced by Charles Trice, general chairman.

There will be refreshments, booths, and social parties planned by the chairman and his committee. Special attractions for both adults and children will be featured during the two-day event.

MRS. DONOVAN BUEHRING of 165 Highland avenue who has been named new president of Ulster County Girl Scout Council, Inc. (Freeman Photo)

New President Has Many Plans For Scout Year

Doing many things and doing them well is a habit with Mrs. Donovan Buehring, of 165 Highland avenue, newly named president of Ulster County Girl Scout Council, Inc. A resident of Kingston for only four years, busy Mrs. Buehring moved up from the vice-presidency to head the organization just recently.

When interviewed this week, Mrs. Buehring said of her new position, "I personally feel that prematurely accepting the presidency is a wonderful opportunity to serve in the administration and further development of an adequate scouting program for girls in Ulster county." She added, "It presents a challenge which could be likened to taking over the helm of a ship already at sea."

THE NEW PRESIDENT has been active in scout work for many years, starting in her hometown of Hornell as an assistant guardian in the allied group, Campfire Girls. Advancing to assistant director of the Campfire summer camps, she was the first director of Camp Rathbun in Steuben county.

"At Rathbun I really learned about adult leadership when our camp dedication was postponed because of rain for three days. And the youngsters in the entire camp were weeping and wailing," she said. "A marshmallow toast in the main hall that evening with all girls in their pajamas, singing and laughing, was our solution. The dedication was held next day!"

Her first experience as a girl scout leader was in day camp in Bolivar in 1945. The war had taken her and daughter Sandy traveling around the country with her husband, a general contractor, who was in defense work. Her first summer back in New York state spent at the day camp with Sandy as mascot, was her last to date in the out of doors. Since then she's been attending summer schools in New York city.

HERE IN KINGSTON, she served on the program committee and wrote the script for the Scouts Own which was given at KHS in October, '53. This spring, she spent odd moments visiting local residents to search for new bits of Dutch folklore on the Rip Van Winkle legend. Miss Agnes Scott Smith of the KHS faculty and a member of the Historical Association, helped in the research.

Result of brushing the dust from old facts was a dramatization by Mrs. Buehring of Rip Van Winkle, as performed by the Girl Scouts, at the council meeting at Old Dutch Church.

Helping in publicity for the Kit Hammett Caravan and the visit of Oleda Schrottky, dramatic advisor, and Miss Frances Morse, were other duties of Mrs. Buehring during the year.

"I talked to Miss Morse at National Headquarters this summer, and she reminded me that Camp Wendy at Wallkill was among the first to set up a farm aid program during the war, that was copied all over the country," Mrs. Buehring said.

The Council's plans for Camp Wendy this year are ambitious. "We hope to encourage camping by troops during the entire year," she said, "and we are looking forward to putting the camp into such physical shape that it will be adequate for year-round camping." The suggestion by Miss Morse that the cookie sale receipts be used for the camping fund is acceptable to the new president.

THE CAMP SITUATION as well as the entire program for the year will be discussed at the first council meeting to be held Monday, Sept. 13 in Kerhonkson. "Following which the formal launching of the scout program in Ulster county will take place," Mrs. Buehring added.

Her initiation of a section entitled, Slow Learner, in 1950, to "Instructor," national teachers' magazine, started a series on the subject.

In Hornell, she was active also in starting a Triangle chapter, served as matron of Ivanhoe Chapter No. 160, Order of the Eastern Star, as a member of the board of directors of the Community Concerts there, and as president of Steuben Alumnae Association of Geneseo alumnae.

Here in Kingston, as a member of Coach House Players, she held a series of makeup classes for the neophyte thespians at her home. "They became so proficient they could do their own in a few weeks, and did it very well at the Hobby Show of the YWCA this year," the instructor said proudly.

Mrs. Buehring had organized many teen-age dramatic groups in Hornell, as well as staging many pageants and civic projects involving casts of 100's, for the Shriners and the P-TA.

A BUSY HOUSEWIFE and mother, with a daughter to enter MJM this fall, Mrs. Buehring is a full-time special education teacher at George Washington High School. Specializing in this field at Geneseo State Teachers College, because she wanted something a little different, she now teaches both academic and vocational subjects to four different classes of girls.

Cited for her work in this field in May, 1947, at Geneseo class day, she received an award from Dr. Herbert G. Espy, now commissioner of education in Maine. The award in the statewide competition pointed out her contribution to the understanding of the handicapped child and her unusual record as a community leader.

She became interested in Kingston in the fall of '49 when she represented the Western Association of Special Education Teachers here as a main speaker. When she returned to Hornell where she had been teaching, she heard of an opening in this city and promptly applied.

A member of Delta Kappa Gamma, teachers honorary society, she instituted the Mu Chapter in Steuben county, then transferred to the Alpha Chapter here. Members are chosen on the basis of leadership and their outstanding contribution to their profession, with a minimum of five years experience in the field.

She is a member of the Adult Education Group here, and directed the publicity throughout the various programs this year. Active in St. James Church choir, she also helps in the education committee to train Sunday school teachers, and was on the board for the formation of the UN chapter here.

THE CHAIRMANSHIP of the Arts and Crafts Committee of Kingston Chapter, American Association of University Women is another office for the Girl Scout executive, and she is also a member of Ulster County Democratic Women's Club.

Her golf score is not too good, but she enjoys the game as a member of Twaalfskill Golf Club, because "I love the out of doors."

Now at home after spending the summer in Greenwich Village attending New York University, and many plays, Mrs. Buehring is studying scout primers, and wishing for a good day to "tear the house apart from top to bottom." She has an eye on a busy year to come.

JCC May Open Nursery School

All persons interested in a nursery school conducted by the Jewish Community Center, 265 Wall street, Wednesday, Sept. 8, at 2 p. m. are invited to a meeting, it was announced by Attorney Abraham Streifer, president of the center board of directors. The meeting will be held in the board room of the center.

Mr. Streifer said that inquiries made at the center concerning the school showed possible support for the project. He added that interested persons could make the nursery school possible by attending the meeting.

Newcomers Invited To Attend Meeting

The Newcomers Club of the YWCA held its annual summer picnic, Wednesday, at Hasbrouck Park. It was announced that the first fall meeting will be Tuesday, Sept. 21 at the YWCA at 1:30 p. m.

All Newcomers to the area are extended an invitation by the committee.

Attending the picnic were 17 members and the youngest newcomer, only five weeks old.

ENGAGEMENT GIFTS

A girl writes: A friend of mine is going to announce her engagement next month and I am told there will be an engagement party to which I am invited. Several other friends and I have discussed what kind of present it is proper to give on this occasion. I think something for her own personal use is proper, but they seem to think engagement presents should be something for the bride's future home. Will you please tell me who is right? I would like to know if it is ever proper to give costume jewelry for an engagement present."

There is no rule about engagement presents because it is very unusual to give them at all and almost never taken to engagement parties.

Clothes of the Mothers

Dear Mrs. Post: My son is going to be married next month and I have just bought a very pretty blue dress to wear for the occasion. I have just learned that the bride-to-be's mother has also bought a blue dress the same shade as mine. I understand she is very much upset over this and thinks that I should have consulted her as to the color she was going to wear before buying my dress. Was I wrong not to consult her, and would it be improper for both mothers to wear the same color? I certainly don't feel like going out and buying another dress, but will do so if you think I should.

Answer: It would have been nicer for you to have consulted the bride-to-be's mother but now that you have bought your dress, I think that you can wear it. It shouldn't make any difference as you rarely sit or stand together.

Candle Tips

Dear Mrs. Post: Somewhere in the back of my mind I seem to have the idea that candle tips should be blackened—the wick, that is—before they are put on display in the house. Am I correct in my assumption?

Answer: No, they are much nicer left white.

* * *

Young people write Mrs. Post about manners in their groups. She is sorry she cannot answer personal mail. Leaflet E-11 is a question and answer list for boys and girls of high-school age. To obtain a copy, send 10 cents in coin to Dept. EP, in care of The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

Australian bushmen enjoy a diet which includes ants, cicadas caterpillars and other insects, as well as snake meat.

Heat Damage

Hartford, Conn. (AP) — It was a hot day. Lois G. Puida complained to the common council that her heels became embedded in tar as she waited for a traffic light to change. She walked right out of her $21.95 shoes, damaging them. She said she thought she ought to be "reasonably compensated" by the city.

CHAPEAU? — Shapely Sandy Pendlhey shows her latest hat fashion while soaking up the sun at Miami Beach, Fla. A few deft strokes of a razor blade turns the hat into one that can be talked through.

MRS. GUY VALEO, president of Benedictine Auxiliary, presents Sister Berenice with a check for $1,500, Wednesday afternoon at the Benedictine Hospital. With them are Mrs. Edwin Wetterhahn and Mrs. Andrew Cook, Jr. (Freeman Photo)

Sales Cart Helps In Fund Raising For Nurses' Home

The Ladies' Auxiliary of the Benedictine Hospital presented a check for $1,500 to Sister Berenice, administrator of the hospital, Wednesday afternoon. This amount represents the first payment of a $10,000 pledge towards the building of the proposed nurses school and residence.

One of the auxiliary's fund raising activities is the Sales Cart which is being operated voluntarily by members of the auxiliary. Two volunteers, Mrs. Edwin Wetterhahn and Mrs. Andrew Cook, Jr., were present when the check was presented.

The Sales Cart provides the patients at the hospital with the opportunity to make small purchases in their rooms. Such articles as cigarettes, candy, and magazines are available for their convenience.

Other activities to help raise funds for this project include the annual spring dance and card parties throughout the year.

Mrs. Guy Valeo, president of the auxiliary, issues a cordial invitation to new members and sales cart volunteers.

Tastes Good!

Even people who don't like liver usually admit it tastes good this way! Cut the liver in 1-inch cubes and marinate in French dressing for an hour or so; drain the liver, roll in flour and deep-fry in hot fat until well browned.

Hurt in Collision

Richard Mayr, 17, of 5 Wurts street, suffered contusions of the left ankle and abrasions of the right arm in an automobile-bicycle collision at Wurts and Hunter streets early yesterday afternoon. Officers Harold DeGraff and Clarence Bilyou reported that the car of John Flaton, of Springfield Gardens, was headed east on Wurts street and turning right into East Union street at the time of the mishap. The front of the car and windshield were reported damaged and the bicycle was "wrecked" the report said.

Brotherhood Chairman

New York, Sept. 2 (AP)—President Eisenhower will serve again as honorary chairman of Brotherhood Week next Feb. 20-27 under sponsorship of the National Conference of Christians and Jews. In a letter yesterday to Ben Duffy, general brotherhood chairman, Eisenhower accepted the honorary post.

Baking Pork Chops?

Pork chops cut about ¾-inch thick, will need about 1¼ hours in a moderate (350 degrees) oven. Bake some apples with the chops and serve them along with the meat course or for dessert.

Invitations Out Now for Cotillion At Twaalfskill Club

A committee met Wednesday evening at the home of Mrs. John Cordts, 63 West Chestnut street, to plan their first dance, the Ulster Cotillion. This event, for teenage and college age youth in Ulster county, will be a back to school dance.

Invitations are being sent out this week for the dance, which will be held Saturday, Sept. 11 at Twaalfskill Golf Club. Dancing will begin at 9 p. m.

The young people on the committee are very enthusiastic about this dance, which they hope will be the first of several similar events. Karl Meyers, chairman, reports that the music will be supplied by Artie Suggs, who is playing at Peg Leg Bates Country Club.

Other committee members are Miss Matilda Cordts, Miss Joanne Lee, Miss Barbara Davenport, Miss Judy Parker, and Miss Nancy Herzog, and William Davenport, Frank Reis, and Dickie Shea.

THE QUEEN—Lovely Henriette Lambart, left, beams after being named "Queen of the Riviera," in Nice, France. Congratulating her is Dominque Germain of Juan-Les-Pins.

TWICE AS NICE—The double exposure of lovely Carol Anne Abney is accomplished by putting a mirror in the sands at Miami Beach, Fla. It was twice the treat for viewers at the southern resort.

Bridal Shower Held For Miss Scofield, Hospital Alumna

A surprise bridal shower was held Monday in honor of Miss Mary Scofield of Walden at the home of Mrs. Jerry Yaple, 20 Joys Lane. Hostesses for the evening were Miss Esther Meredith of Wallkill and Miss Julietta Yaple.

Miss Scofield will become the bride of Dr. John Patrickson Shutt, Sunday, Sept. 19 at 2 p. m. in Goodwill Presbyterian Church, Goodwill.

Among those attending the shower were classmates of the bride from Kingston Hospital, class of 1952. The guests included: Miss Marilyn Albrecht and Mrs. William Slover of this city; Mrs. Gerald Murphy and Miss Marlene Guffen of Newburgh; Miss Rita Flink of Spring Valley; Mrs. Rolf Bergenn, Ashokan; and Miss Patricia Scofield, Mmes. Robert Scofield, George Scofield, Donald Fries of Walden.

They Named It

The tornado, which literally means "twister" in Spanish, was named by the early conquistadores, who encountered such storms in their exploration of North America.

The most familiar means of storing electricity is by the storage battery.

Work, Sleep, Play In Comfort
Without Nagging Backache
Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.
Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Tasty Tidbits

These tidbits taste extra-special along with tomato juice for a first course. Make up a package of pie mix and roll into a square about ⅛-inch thick. Cut into 2-inch squares, fill with deviled ham or grated cheddar cheese, pinch together and bake in a hot oven until golden-brown. Serve hot to an admiring audience!

A little oatmeal adds richness and flavor when used as a soup thickener.

American League

	Won	Lost
Perry's Rest	2	0
American Legion	2	0
Skyline*	0	2
Rapp's Express*	0	2

*Eliminated in first round.

Thanks to an over-throw at first base which led to an unearned run for Lincoln Park Inn, Subway Grill and the Inn squad will do it all over again tonight starting at 6 o'clock at Hasbrouck Park.

Darkness halted any further action last night with the scoreboard reading 6-all at the end of seven innings of play.

Andy Murphy, superintendent of the Department of Recreation, announced this morning that the two clubs will meet again tonight in an effort to decide the final contest of the City Softball League divisional Shaughnessy semi-finals.

The winner of tonight's Subway Grill-Lincoln Park outing will met the Destroyer A.C. at 9:30 p. m. Monday under the arclights at Dietz Memorial Stadium. Perry's Rest and the American Legion will collide at 8 p. m. in the other final game.

After a scoreless first inning, Subway Grill was the first to hit pay dirt last night with three runs in the top half of the second. A two-run homer by Ed. Dasher put Lincoln Park Inn back in the ball game in the bottom half of that stanza.

THE SUBWAYS added another in the third to make it 4-2 and might have added more except for Jack Ruzzo's sensational diving catch to end any further scoring.

Again the Lincolns barged back and rapped home three runs to take a 5-4 lead.

Following a scoreless fourth frame, Frank Fede unleashed a long triple to drive in two runs to put the Subways ahead by 6-5.

With darkness setting in, Lincoln Park again bounced back in the bottom half of the seventh inning with the tying run and still had a man on second with the possible winning run. Tom Spada, who relieved Joe Amato for the Subways, closed the door on any further damage and retired the last batter.

AMATO AND SPADA allowed a combined total of five hits. Joe Ruzzo had a single, Ken Hornbeck a double, Ed Dasher a homer and Bob Schlanger two singles to complete the offensive for Lincoln Park.

Veteran Walt Bigler also pitched himself a neat ball game, giving up nine blows. Bill Haber and Al Hunt led the attack with two hits apiece, one of Haber's going for a double. Tommy Maines and Bob Schatzel also socked doubles while Frank Fede chipped in with his triple. The other Subway hits were singles by Frank Spada and Joe Scholar.

Walter Hagen, many times golf champ, now lives on Long Lake, Michigan. Mostly he is hunting and fishing, but spends some afternoons driving golf balls into the lake.

PERENNIAL POWERHOUSE of the City Softball League, the Chez Emile squad won the regular season title in the National Division of the league. The team personnel included, front row, left to right: J. Austin McDonald, official scorekeeper; Ronnie Scheffel, Nick Carl, Bill Glaser, Ben Freer, Joe Enright and William Timothy Mahoney, manager. Rear row—Bob Gill, Bill Tierney, Fred Schryver, Bosco Tomaseskie, James Gallagher, Bud Scheffel, Nippy Jones and George Magley. Absent when photo was taken were Bill Olen, George Glaser, Art Hansen and Boo Schaffer. (Freeman Photo)

VFW Tops Kiwanis by 16-4 Score

A big 10-run second inning sent the VFW to an easy 16 to 4 clobbering of the Kiwanis Fraternal Youth League team at Dietz Stadium Wednesday night.

Before the Vets erupted, Kiwanis held a 3-0 lead with a single run in the first and two in the top half of the second. Then the storm broke loose.

After piling up their 10 runs in the second, the Vets came back with a single run in the third and five more in the fourth to complete the rout.

The oly reported extra base blow of the game was by Joe Hoffman who cracked a double. He also added two singles for a perfect night at the plate.

Charlie Bishop, Mel Williams and Jerry McDonough each contributed two hits apiece for the winners.

Bob Coughlin hurled for the Vets and limited the losers to three scattered singles by Bob Dudek, Tom Hallinan and Jay Van Loan.

The boxscore:

Buckman Leads Pioneer Women

Shirley Buckman topped the Pioneer Women's League at the Bowlodrome with a string of 142-179-133 for 454.

Runnerup was Helen Schneider who cracked 440.

Joan Krueger slammed 418; Delores Bailey 416; Betty Macholdt 412; Gerry Reed 403; Pat Zaccheo 402; Nancy Hussey 402; Regina Zeeh 207-400 and Helen McDougall 410.

Davis Caudle Cops

Westbury, Sept. 2 (AP)—Davis Caudle was driven to victory by Bill Haughton in the $3,000 Delaware Class BB Pace last night at Roosevelt Raceway. The 5-year-old Volstadt gelding, owned by the Harris Stables of Massapequa, rushed up the stretch to pass Patty Vee, driven by Harry Miller, to score by a half-length in 2:03. Gene Jester, piloted by John Simpson, finished third. David Caudle returned $5, $3.70 and $2.90 as favorite.

Atkinson Boots Home His 3,000th

New York, Sept. 2 (AP)—A little 38-year-old man, who paid $1.50 to ride his first horse, today was in the three thousand winner class along with such turf greats as Eddie Arcaro, Johnny Longden and England's Sir Gordon Richards.

Ted Atkinson, a native of Canada, rode his 3,000th winner when he booted the Greentree Stable's Devastation to victory in the third race at Aqueduct yesterday.

Sir Gordon's world record of 4,870 probably is beyond his reach as is Longden's American standard of about 4,400 but Ted is within striking distance of Arcaro, who has passed the 3,300 mark.

TED RECALLED that in 1936, after he got a job as a stableboy with Greentree for $20 a month and keep, he went to a riding academy in the Bronx and paid $1.50 a ride for three or four outings.

"Just wanted to see how it felt to ride a horse," he said.

Since then he has been up on 18,114, not counting the many he exercised in the morning hours. In addition to his 3,000 winners, he has been second 2,546 times and third 2,263 times.

His mounts have won close to 13 million dollars and he has been paid more than a million dollars for his riding. He has been in the $100,000 class since 1946.

The crowd of 18,539 was in a happy mood as Ted weighed in—all except one who yelled as Ted returned to the jockey room:

"Three thousand winners and I didn't bet on one of them."

Recruiting plug for the U. S. Navy: Chick Donaldson, now center for West Virginia's grid team, couldn't play high school football because he weighed only 118 pounds. Now, after a Navy hitch, he weighs 217.

Stengel Elated After 'Must' Win Over Tribe

Forsees Pressure On Loop Leaders In Victory Today

By JOE REICHLER

New York, Sept. 2 (AP)—"Yesterday we were out of business; today we're back in it."

Manager Casel Stengel was in an expansive mood following the New York Yankees' 4-1 "must" victory over Cleveland yesterday that sliced the Indians first place margin over the defending champions to 4½ games.

"It was a game we had to win," said Stengel, "and just as we've been doing for six years, we won it. That's why you can't count us out yet. Never sell the Yankees short until they are mathematically eliminated.

"The other guys don't have it wrapped up yet. They just think they have. Don't forget they haven't had a slump all season. But if we can beat them again tomorrow and keep the pressure on them, we might scare them into one.

"I'M NOT saying they'll choke. They never have. But they could slow up a little. I know one thing, we better not choke. We can't afford to lose any more."

As expected, the Cleveland clubhouse was quiet but no one appeared dejected. Manager Al Lopez accepted the defeat philosophically.

"I feel the same way about it now as I did Tuesday night," he said. "I still think that was the big one for us. No matter what happens tomorrow, we'll still leave here with a pretty comfortable lead. After all, it's too much to expect us to sweep all three games here. This is still a pretty good club we're playing."

The Yankee battery of southpaw Ed Lopat and catcher Yogi Berra was the "whole" club yesterday. Lopat spaced nine hits for his 12th victory of the year and his 40th lifetime win over the Indians. Berra laced three of the Yanks hits, including his 18th home run, scored twice and drove in two runs.

STENGEL DISCLOSED that Lopat was only one pitch away from being derricked in the fifth inning. That was the inning in which Cleveland had the bases loaded with nobody out and Larry Doby, Al Rosen and Vic Wertz, the "heart" of the Indians' batting order, coming up.

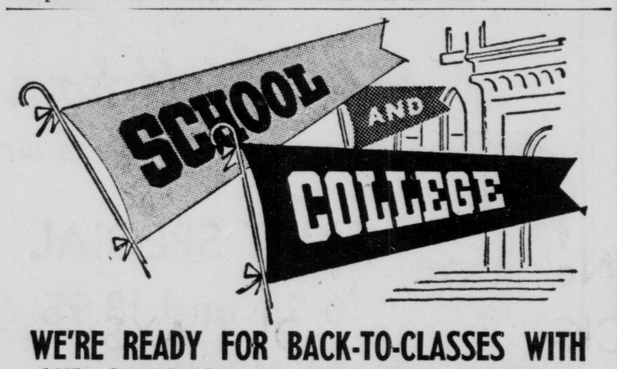

The canny 36-year-old Lopat had a 3-2 count on Doby before he fanned the league's leading home run and runs batted in slugger. He then elated the crowd of 43,367 by disposing of Rosen on an infield popup and Wertz on a routine grounder.

"I talked to Lopat when he came in after that inning, Stengel said, "because I was afraid that might have taken too much out of him. I wanted to take him out before he got too tired. I had Allie Reynolds in the bullpen ready to go in. Lopat told me he'd let me know. Well, he never let me know so I left him in there."

KBA Meets Tonight

The regular monthly meeting of the executive board of the Kingston Bowling Association will be held tonight at 8 o'clock at 277 Fair street. President Edward Norton requests a full attendance.

Giants' Sixth Crosley Field Loss Could Be Costly Defeat

NEW YORK YANKEES catcher Yogi Berra stretches wide of the plate to nab a popup bunt attempt by Cleveland shorstop Sam Dente in the second inning of the game in New York Sept. 1. Dente, watching Yogi's gmynastic catch, tried to catch the Yankee infield napping with teammate Dave Philley on first and two out. (AP Wirephoto)

Leaders Finish Contest Under Leo's Protest

Cincinnati, Sept. 2 (AP)—If the New York Giants lose the National League pennant, they may have dropped it at Crosley field.

They played their last contest of the season in the Cincinnati Redleg Park last night. The Reds cuffed seven giant pitchers —one off a league record—for 13 hits and 10 walks in gaining a 9-7 triumph.

The Giants have lost six of 11 games to the Reds in Crosley Field while the second place Dodgers, still 3½ games behind, have copped nine of the 11 played here. A Giant victory would have provided a needed extra-game cushion.

LAST NIGHT'S encounter was a wierd one. Manager Leo (The Lip) Durocher officially protested the contest in the third inning after what he thought was the third out.

Second baseman Johnny Temple, whose 17 stolen bases top the whole Cincinnati production of 1953, tried to steal home while the ball was on the ground between the pitcher and the first baseman. He was called out by plate umpire Lon Warneke. But the official on third, Frank Secory, said he had previously called "time" and thus Temple was still on third.

Durocher bellowed: "Who asked you to call time? A Cincinnati player?"

Secory replied, "I called time."

The decision did no damage to the Giant cause as the next batter grounded out to retire the side.

THERE WAS another misunderstanding in the seventh. With a rally in progress, pinch-hitter Bill Taylor socked the ball past the pitcher to Roy McMillan, who tagged Dusty Rhodes on Dusty's way to second. Rhodes claimed vigorously he was safe but he was out—and out. Frank Dascoli, the second base ump, thumbed him out of the park.

The National League record for number of pitchers in a nine-inning game is eight. Durocher used (1) Jim Hearn, the starter, (2) Allen Worthington, a rookie up from Minneapolis, who was charged for the loss, (3) Al Corwin, (4) Marv Grissom, (5) Hoyt Wilhelm, (6) Ruben Gomez and (7) Don Liddle.

Mays' Three Hits Puts Him at .342

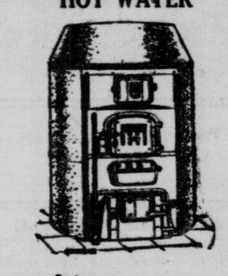

New York, Sept. 2 (AP) — The National League batting lead was up for grabs today with only three points separating pace-setter Duke Snider and Willie Mays, in third place.

Snider, Brooklyn's hard-hitting outfielder, produced one hit in three trips yesterday and maintained his .346 average.

Runnerup Stan Musial of the St. Louis Cardinals held his ground at .343 with one safety in four at bats. The Giants' Mays closed in with three-for-four for a four point gain to .342.

Kevan Gosper, the Australian who won the British Empire Games 440-yard championship at Vancouver this summer, is a student at Michigan State.

But Braves Need More

Sphan Seems Good Bet For 20-Win Year Again

By BEN PHLEGAR
(Associated Press Sports Writer)

Warren Spahn, whose return to form in midseason made the National League pennant race a three-team affair, still is firing away with amazing precision although time probably has run out for his Milwaukee Braves.

After a mediocre spring and early summer during which he lost 10 games. Spahn hit his winning stride on July 18. He won his ninth game that day, beating Pittsburgh. Last night again against Pittsburgh, he won his 17th. In between he's gone unbeaten.

With 25 games left, a minimum of five more starts for the 32-year-old lefthander, Spahn stands a good chance of winning at least 20 games for the sith time.

When Spahn started to win regularly so did the Braves. They jumped from 15 games behind in late July into the thick of the race by mid-August.

Spahn's 3-1 victory over the Pirates moved the Braves within 6½ lengths of the first place New York Giants and within 3 of second place Brooklyn, both losers yesterday.

CINCINNATI BEAT the Giants 9-7 in a game played under protest from the third inning on by the New Yorkers. Chicago defeated Brooklyn 9-5 for its seventh straight triumph.

Philadelphia replaced St. Louis in fifth place with a 5-2 victory over the Cardinals.

The New York Yankees kept their pennant hopes alive with a 4-1 conquest of Cleveland, cutting the Indians' first place margin to 4½ games. The Chicago White Sox split at Boston, losing the day game 7-2 and winning the night game 6-3. Washington defeated Detroit 4-0. Baltimore and Philadelphia weren't scheduled.

The Braves scored one run on three hits and two runs on one hit in beating Pittsburgh. Three first-inning singles produced the first run. The other two came on Andy Pafko's single, a two-base error by Curt Roberts, a sacrifice and a wild pitch.

Neither the Giants nor the Dodgers looked good in losing. The Dodgers committed four errors, three in one inning and two on one play and their pitching was shaky.

THE GIANTS used seven pitchers in a vain effort to halt the Redlegs. Ted Kluszewski led the 13-hit Cincinnati assault with four singles and drove in three runs.

Third base umpire Frank Secory nullified a play in the Cincinnati third when Johnny Temple of the Redlegs was called out at the plate. Secory said he had called time before the play. Manager Leo Durocher immediately declared he would finish the game under protest. It's doubtful the protest will stand up.

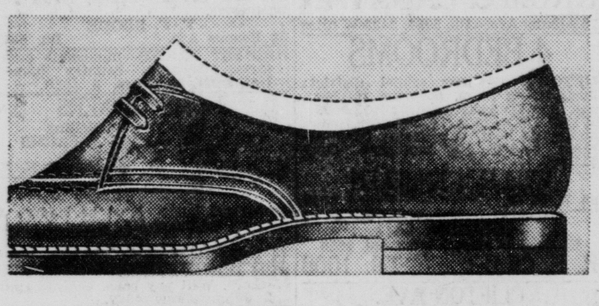

A grand slam home run by Del Ennis in the first inning paved the way for the Phillies' victory in St. Louis.

YOGI BERRA and Eddie Lopat combined their hitting and pitching talents in the Yankees' defeat of Cleveland. Berra scored one run, then drove in two more with his 18th homer. Lopat rarely has been more impressive with his assortment of "junk." He gave up nine hits but only one—Jim Hegan's triple in the third—figured in the scoring. The lefthander has beaten the Indians 40 times since entering the league in 1944.

Johnny Schmitz won his ninth game and pitched his second shutout in blanking Detroit on seven hits.

Reserve outfielder Karl Olson and rookie pitcher Tom Hurd were the standouts in Boston's daylight victory over Chicago. Olson drove in two runs and scored a third. Hurd, who pitched the last 4 1/3 innings and allowed only two men to reach base, received credit for his first major league victory.

Brooklyn Drives Against Bingo

New York, Sept. 2 (AP) — Brooklyn police morals squad detectives were reported today to be carrying on a drive against bingo and other charity games of chance operated by churches, synagogues and veteran groups.

Newspapers reported that pastors of several churches said yesterday they had been warned by officers to discontinue such games, which are illegal.

At least two Roman Catholic parishes and a synagogue school were said to have called off scheduled bingo sessions.

A spokesman for Police Commissioner Francis W. H. Adams said there was no truth to reports that a special crackdown on charity games is under way.

The usual policy of the department, one newspaper noted, is to allow borough commanders considerable discretion in dealing with situations in their bailiwicks.

The reported Brooklyn crackdown was said unofficially to have resulted from complaints to police that professional operators were running games at some churches.

The first British coffee house opened in 1652.

SWEETY PIE By NADINE SELTZER

"Don't worry—he doesn't bite!"

Long Island Is Safe From Dolly

New York, Sept. 2 (AP) — Long Island today escaped the wrath of fast-traveling hurricane Dolly, and New England appeared to be safe too.

The New York weather bureau said the center of the new hurricane, off North Carolina only last night, had moved to a point 400 miles off the eastern tip of Long Island.

It said this was too far out to pose any threat to Long Island, and that indications were it also would by-pass New England.

Both areas still are digging out from wreckage inflicted Tuesday by hurricane Carol.

Dolly, fourth hurricane of the season and named after the fourth letter of the alphabet, still was producing strong winds 100 miles to the west of the center and 200 miles to the east.

Woodstock

By RICHARD E. THIBAUT, Jr.

Playhouse Invites Ideas for Future, Season a Success

Woodstock, Sept. 2 — As the Woodstock Playhouse season draws to a close this week, plans are under way for another outstanding series of plays next summer, according to A. L. Sainer, co-owner of the Playhouse. Congratulations on this year's achievements and suggestions for the 1955 season have been pouring in, Sainer said.

"We welcome all the ideas we can get for the Playhouse next year," he said. "The schedule is planned to include another top musical and some of the best recent hits from Broadway. We'd like suggestions on the choice of plays and any other factors affecting the quality of entertainment."

The current season ends Sunday with the new F. Scott Fitzgerald play, The Last Tycoon, with a special matinee in the afternoon.

"I've talked informally to several artists about re-decorating the lobby, and would welcome any ideas on that subject," Sainer said.

This summer's innovation of making specially-priced tickets available to teen-agers on Friday nights proved "highly successful," according to Sainer, and will be continued next season.

The Playhouse building and backstage facilities were improved during the summer, he pointed out.

In choosing the 1955 attractions, Sainer said, the comparative popularity of the nine plays presented this year will be a guide. The musical, Finian's Rainbow, which opened the season, was the most popular and next were Mister Roberts, Gigi and My Three Angels.

Artists to Meet

Woodstock, Sept. 2 — The fall general membership meeting of the Woodstock Artists Association will be held at the Art Gallery, today at 8:30 p. m.

Rangers Get Bathgate

Cleveland, Sept. 2 (AP) — The Cleveland hockey Barons today traded forward Andy Bathgate to the New York Rangers for Jack McLeod, a 24-year-old right wing and center. McLeod played last year for Saskatoon, Sask., and is a former member of the Cincinnati Mohawks. He is a native of Regina, Sask.

Rosendale League Seeks Two Squads

According to Tom Orr, the Rosendale News Bowling League still needs two more teams to fill out the roster for the 1954-55 season. One team is needed for Wednesday and another for the Thursday night shift.

The Rosendale tenpin loop, which opens its schedule Wednesday, Sept. 8, operates with an 80 per cent handicap. Bowling will start each night at 7:30 o'clock.

Interested teams may contact Orr at Elston's Sport Shop, Fair street.

Window on Digestion

Beemerville, N. J. (AP)—Rutgers University researchers are looking through plastic-lidded windows in the side of a bull and a cow as part of a study of digestive processes. The observation windows open into largest of four stomachs possessed by cattle and other cud chewing animals. They were installed when the animals were calves.

TOTEM ADDRESS—A totem-pole marker tells visitors to this air force base in Korea that several units are stationed nearby. Cpl. Jack E. Walker, of Tama, Ia., inspects the address marker.

Prelim Boxers Take Over TV Title Bout Time

Philadelphia, Sept. 2 (AP)—Boxing history was made last night with the first "studio home audience" nationally televised fight show, but the only happy faces were those of four unheralded preliminary fighters.

It took a case of mumps to fulfill a prediction by the late Mike Jacobs, renowned New York promoter, that the day would come when prize fights would be held before unpaying audiences.

Kid Gavilan came down with the mumps Tuesday, 24 hours before he was scheduled to make his eighth title defense against Johnny Saxton. The promoters—Herman Taylor and the International Boxing Club of New York—were faced with the prospect of no show at all.

Rather than break the uninterrupted four year Wednesday TV fight show series, Taylor and the IBC put together a double windup program of six rounders. No admission was charged for the shot at the Met, a smal club with a seating capacity of about 5,000.

SOME 2,000 fans—about the size of a large studio audience—turned out, most of them from the neighborhood surrounding the Met. The fighters, George Justine and Ellwood Davis, Philadelphia welterweights, and Bobby Bell, Youngstown, O., and Ike Chestnut of New York, each received $1,500 for their appearance, just like a guest on a TV comedy, dramatic or quiz show might get.

About the fight. Justine, 140, suffered cuts over both eyes and a bruise under his left eye, but emerged a surprising winner on the votes of the two judges, Jimmy Mina and Nate Lapinson. Referee Pete Pantaleo and the AP thought Davis won.

Chestnut, 127, a former Golden Gloves champion, and Bell, a 25-year-old Ohioan recently out of the army fought to a draw. Mina and Lapinson carded three rounds for each fighter. Referee Clark named Chestnut the winner. Under Pennsylvania rules when the two judges agree their decision prevails. The AP liked the more experienced Bell as the winner.

The planet Uranus is 31,000 miles in diameter.

County LL Stars Trip Esopus, 3-2

A three-run homer by Dom DiCapua in the fourth inning paced the Ulster county Little League All Stars to a 3-2 win over the Esopus All Stars Wednesday night at Ross Park in Port Ewen.

Last night's tilt was a warm-up for the county "dream team's participation in the Moose Lodge-sponsored tournament this weekend, in Johnson City. The county stars are scheduled to meet Johnstown at 4 p. m. on Saturday.

The Ulster All Stars feature an array of talent from Kingston, Saugerties, Esopus and Highland leagues.

SPORTSMAN'S DIGEST By hal sharp

CALLING UP DEER

A DEER CALL THAT SOUNDS SOMETHING LIKE THE BLEAT OF A EWE SHEEP IS NOW AVAILABLE TO HUNTERS. ALL DEER SPECIES ARE LURED BY ITS SOUND IF IT IS USED ACCORDING TO ITS INSTRUCTIONS, BUT YOU MUST USE DEER LORE AND CRAFTINESS.

TRY TO ESTIMATE WHICH WAY DEER MAY APPROACH YOUR LOCATION, WHERE YOU CAN SEE ALL AROUND (DEER MAY SNEAK UP IN BACK). STAY DOWNWIND IF POSSIBLE. BLOW 3 FULL-BREATH CALLS AT MODERATE PRESSURE. WAIT 10 MINUTES, THEN REPEAT, ETC. DEER MAY BE AN HOUR OR MORE COMING. HARD, SCREAMING CALL PUTS HIDDEN DEER TO FLIGHT FOR A POSSIBLE SHOT.

BYA Keglers Meet

A meeting of the BYA Bowling League will be held Wednesday, Sept. 8, at Ferraro's Bowlodrome at 1 p. m. Bowling is scheduled to start Monday, Sept. 13, at 1 p. m. All new bowlers are invited to attend. Mrs. Fred Port, president, announced.

Seixas Puts Aim On Singles Title

Forest Hills, Sept. 2 (AP)—Vic Seixas, runner-up to Tony Trabert for the national tennis championship last year, one-half the 1953 Davis Cup team, and current forgotten man of the tennis circuit, may never see Australia again.

"Nope," he said today, "I may not go to Australia if they want me to play doubles only."

The handsome Philadelphian has had a poor season, but he pooh-poohs the idea that he's not serious any more.

"My only ambitions were to win at Wimbledon, win our national singles title and perform on a winning Davis Cup team," he said. I've fulfilled one of them, winning Wimbledon. Now I have the singles on my mind. I think I can come through."

SEIXAS, WHO stopped England's Roger Becker, 6-4, 6-4, 6-4, in the third round, will have to await the outcome of the Bernard Bartzen-Neale Fraser match before swinging into the fourth round. Fraser, an Australian was leading the national clay courts champion, from San Angelo, Tex., 7-9, 6-2, 9-7, 10-10 when darkness halted the match yesterday.

Otherwise, the only crack in the seeded ranks is the demise of Straight Clark of Pasadena, Calif., No. 6 who bowed to 19-year-old Jack Frost in the third round yesterday, 9-7, 10-12, 5-7, 6-4, 10-8. In other fourth round matches today Tom Brown, Jr., of San Francisco, went against Sweden's Sven Davidson, and Richardson met Owen Williams of South Africa.

Defending champion Tony Trabert is the only player in the upper half of the draw in the fourth round. He turned back Canada's Lorne Main, 11-9, 8-6, 6-2.

Phil Cavarretta, veteran Chicago White Sox first baseman, is the father of four girls—no boys.

All New York fight referees are required to take two official physical examinations a year.

your suit keeps no secrets

It's a constant example of a man's personality, his aims and ambitions . . . it can show a man off to his best or worst advantage. We don't know any one suit manufacturer who takes more pains with tailoring details than the House of WORSTED-TEX. Because every Worsted-Tex Suit makes a big feature out of making a man look his very best . . . each one is styled and tailored according to an exclusive principle which tends to give the illusion of greater height, slimness, broader shoulders. A Worsted-Tex Suit can do that for YOU . . . come in and let us prove it!

A REMINDER TO MOTORISTS to be extra cautious in driving when schools open, September 7, is given by signs being posted by civic authorities and educational representatives through the courtesy of the American Automobile Association. From left are Edward J. Capillo, assistant director of safety for the AAA; Alderman Benjamin Storms of the Second Ward, chairman of the traffic control committee of the Common Council; Arthur J. Laidlaw, superintendent of schools; little Ann and Eileen Reid; Police Chief Raymond Van Buren, fixing poster on pole; Mayor Frederick H. Stang and Alderman Abram D. Relyea, 11th ward, another member of the traffic control committee. (Freeman Photo).

Regional Forecast

Western New York, northern Finger Lakes to Lake Ontario—Mostly fair, warmer today, tonight. Cloudy intervals, possibly a few scattered thundershowers late afternoon, tonight. Mostly fair, little cooler tomorrow.

East of Lake Ontario, Black river basin—Mostly fair, warmer today, tonight. Some cloudy intervals, possibly few scattered thundershowers late afternoon, tonight. Mostly fair, little cooler tomorrow.

Northern New York and western Mohawk area—Mostly sunny and warmer today. Increasing cloudiness, not so cool overnight. Friday considerable cloudiness, moderate temperatures. Outlook for Saturday: Generally fair, moderately warm.

South-central New York and southeastern New York—A few scattered areas of dense fog early this morning, becoming sunny and warmer today. Highest temperature 78-84. Partly cloudy and not so cool overnight with some risk of widely scattered showers. Lowest in the 50s. Friday partly cloudy and moderate temperatures. Light winds becoming west to southwest 10-20 today, and shifting west to northwest 10-15 early tomorrow morning. Outlook for Saturday: Generally fair and moderately warm.

30-DAY WEATHER FORECAST—These maps based on information from the U. S. Department of Commerce weather bureau indicate predicted temperature and precipitation for September. (AP Wirephoto Map).

Claims Proof

was to be what he called 'armed struggle.'

"The world has since seen in Indochina and Korea that the instructions to use 'armed struggle' were carried out to the last bloody letter."

In addition to acting on a flock of policy statements, Legion delegates choose today a new national commander before adjourning their convention sometime this afternoon.

THEY WORKED overtime yesterday, passing a flock of resolutions reaffirming their stand for preferential treatment of veterans in government employment and for other benefits, but the business logjam built up into a heavy carryover.

The convention yesterday defeated attempts to place curbs on the Legion's fun-loving subsidiary, the 40 and 8 Society, after a heated floor fight with overtones of the racial segregation issue.

The convention upheld the action of its committee on constitutional amendments in rejecting a resolution that would have deprived the 40 and 8 of Legion sanction until it eliminates from its constitution a restriction on membership to "white males" only.

THE SOCIETY IS independently incorporated in Indiana and has its own constitution.

The convention also reaffirmed the organization's stand in opposition to that of the American Medical Assn. over government medical and hospital care for veterans.

Resolutions awaiting action today include a proposal to investigate fund-raising activities of Communist front organizations, with a special look at tax-free foundations allegedly supporting communism. Others call upon the Justice Department to use wiretapping in treason and disloyalty cases, propose the deportation of criminal aliens and provide security for agents who escape from the Communists.

ALL OF THESE proposals semed likely to win approval, as did an anticipated resolution strengthening the Legion's support for Universal Military Training (UMT). The convention yesterday approved a proposal to question candidates, before next November, on their UMT position among other issues.

In a speech prepared for the convention, CIO President Walter Reuther said "there is no bargain basement answer to adequate defense" and said the CIO is "greatly disturbed by the apparent tendency of placing budgetary considerations ahead of security needs."

Reuther urged "sound governmental policies" to solve "unemployment and under-employment in America" and called again for a top-level national economic conference to study the problem.

He said President Eisenhower has not acted on a previous CIO suggestion for such a conference but added "we still hope that sound common sense will prevail over what we consider obviously erroneous political advice to the President."

Designations Made

Fraser, Colo., Sept. 2 (AP)—President Eisenhower today designated hurricane-hit regions of Massachusetts and Rhode Island as major disaster areas eligible for federal aid.

Says He's Out of Race

Binghamton, Sept. 2 (AP)—Mayor Donald W. Kramer, who has been mentioned as a possible candidate for lieutenant governor, says he is "out of the state political picture" this year. Kramer told the Binghamton Sun yesterday that one of his law partners was withdrawing from the concern. He added: "I never wish to be full-time politician, if it meant dropping my law practice. I am definitely out of the state political picture this year." Kramer said "this does not mean that I am not going to do my utmost to help the Democratic party in the forthcoming election."

Ship Is Sinking

Rio de Janeiro, Brazil, Sept. 2 (AP)—Lloyd Brasileiro reported its 4,955-ton passenger ship Commandante Pessoa was sinking in the Atlantic today 10 miles off Cabo de Sao Roque, north of Natal. Several ships were en route to the stricken vessel. There was no information on the number of passengers or crew aboard the vessel, built in 1919 by the International Ship Building Corp. at Hog Island, Pa. Natal is on the easternmost tip of Brazil, the South American area closest to Africa.
